Revelation And The Fall Of Judea:

Revelation Maurice A Williams, 2008-04 The Book of Revelation has been interpreted many different ways throughout history Revelation Fall of Judea Rise of the Church focuses on three concepts from Scripture John the Baptist announced who the Messiah is those who try to destroy the Messiah s mission will themselves be destroyed Judea ceased to exist as a nation from A D 135 until recent times and Satan will be released after one thousand years to deceive the nations Unlike many popular interpretations of Revelation that predict a future rapture and tribulation the author proposes that many of the predictions happened during the early Church age as unbelievers tried to destroy Christ s Church Satan as predicted was released to deceive the nations one thousand years after the Church was firmly established As a result the world today is filled with thousands of conflicting Christian sects and with non Christian occult even anti Christian movements that have propelled humans to as dangerous a rebellion against God as the one before the flood *The Decline and Fall of the Kingdom of Judah* Thomas Kelly Cheyne, 1908 *Egypt My People... and Israel My Inheritance* Daniel C. Timmer, 2025-07-01 Few parts of the OT are more challenging to read than the prophets Not only are so called messianic passages relatively rare but apart from Jonah these books seem to present a message that is particularly negative if not xenophobic when it comes to the nations Daniel Timmer contends that this impression is not only mistaken but diametrically opposed to the books message Following the direction established by God s foundational promise to Abram in Genesis 12 Timmer examines the presentation of the nations in the Latter Prophets in their original contexts through the NT and into the church s contemporary mission He explains how the prophets negative presentations of the nations fit into God s purpose to redeem people from every tribe and nation and explores the radical significance of the prophets frequent predictions that non Israelites will become integral members of God s chosen people The volume also deals with practical issues including the place of ethnicity and nationality in Christian identity and the church s fraught relationships with secular and political power structures *Judah, Tell Ephraim It's Time* Thomas H. Perdue, 2013-01-18 *Judah Tell Ephraim Its Time* is a book that looks toward the glorious time of Yeshuas second advent to the Sabbath Kingdom Israels Golden Age to eternity **Biblical Eschatology, Second Edition** Jonathan Menn, 2018-03-07 *Biblical Eschatology* provides what is not found in any other single volume on eschatology it analyzes all the major eschatological passages including the Olivet Discourse and the book of Revelation issues including the second coming of Christ the millennium the rapture and Antichrist and positions including all the major views of the millennium in a clear but not superficial way The book concludes with a chapter showing how eschatology is relevant for our lives *Biblical Eschatology* makes understanding eschatology easier by including chapters on how to interpret prophecy and apocalyptic literature by showing the history of eschatological thought and by placing eschatology in the context of the Bible s overall story line and structure Clarity and understanding are enhanced by the use of comparative tables and appendices Subject and Scripture indexes are included The book interacts with the best of

Evangelical and Reformed scholarship and the extensive bibliography which includes the web addresses of many online resources provides an excellent source for the reader's further study. This is a perfect resource for intelligent Christians including pastors, students, and teachers who desire to understand eschatology and to see how it fits together with the rest of the Bible.

One Layman's Contemporary Theology Michael S. K. Toh, 2014-07-17. The credential of the author is based upon the fact that he is a trained psychologist, a biologist, and a scientist and has been in management/business fields for many years, having been exposed in all aspects of commerce and finance. He has a Master's degree in Industrial Psychology from the University of Sydney, a Bachelor of Science degree with a double major in psychology from Australian National University, and a major in Biology from RMIT. Was awarded the Elizabeth and Martin Summit Prize in Psychology, an annual award given to the most outstanding student in Psychology at Sydney University. He has been teaching in a university for several years and was involved in politics for some time but voluntarily chose to pursue a different path because of the incompatible sets of values that are required against what he believed in. He has a background of Buddhist and Confucian upbringing and was converted to being a follower of Jesus as a Catholic. However, he had been battling with what the churches taught and his knowledge and understanding in the fields of biology and psychology, new discoveries of physical sciences in which he was trained against the background of his upbringing in a culture that was homogenous and has survived for more than 5000 years of history and his life experiences in the modern commercial/materialistic world/culture. He believes in doing God's work in whatever circumstances he was placed to be guided by the principles of what he believed Jesus has taught in establishing a consistent logical framework that is universal and more holistic, the result of which is the writing of this book. One of his greatest gifts is his ability to analyze things logically, and he has been a good debater when he was at school. He has thus put all his thoughts down, gathered from his training, life experiences, and his wide exposure in the modern world environment to establish an overall consistent logical framework in understanding the meaning of life, the order of things, and the role religion plays in assisting each individual to achieve the universal objective of a salvation and the conflicts that are generated as a result of different derivatives of history and culture.

of the world **King of Israel** Glen P. Carlin,2024-08-08 In King of Israel Glen Carlin delves deeply into biblical eschatology focusing on the ultimate survival of a fragment of Jewish people known as the remnant of Israel who will be redeemed by their Messiah at the end of the Great Tribulation period Mr Carlin walks readers through the chronology of the persecution of the Jewish people by Satanic world powers Led by the Antichrist ten kingdoms invade the Holy Land during the Great Tribulation The Israelites are forced to escape Jerusalem and Judea and their brethren Jews endure a worldwide expulsion from their adopted countries Under the LORD s protection they are gathered at Mount Nebo in the Middle East There they will recover the Ark of the Covenant and the Temple vessels removed by the prophet Jeremiah from Solomon s Temple At Mt Nebo they also recover the body of Moses and are then led by the prophet Elijah into the wilderness where they are reconciled with the LORD Here they are given grace and the veil covering their eyes is lifted to recognize their Messiah Jesus At the battle of Armageddon the remnant of Israel is victorious returning to possess the Promised Land Built on scripture and historical research King of Israel pulls together prophecy from the Old and New Testament demonstrating the Grand Narrative of Redemption written by God and revealed through His Word It s a fascinating storyline and a message of hope and promise to His people today and in the future **Israel, Or The Ten Tribes, Identified with the**

Mature Look Maurice Williams,2018-09-14 This is a rewrite of a book I wrote in 1988 in which I presented my conviction that Revelation was first of all a warning to the Judean people that if they did not accept the prophesized Jewish Messiah when he arrived in A D 27 God would reject them A secondary message is that at the end times if the gentile world also does not accept the Messiah God will then bring this present world to an end and commence his eternal heavenly kingdom where

God will judge every person he created according to their works My first book picked up on an argument proposed by J Massyngherde Ford in her introduction to revelation in the Anchor Bible Series that most of Revelation came from the preaching of John the Baptist who preached directly to the Judeans The disciples of the Baptist John the Evangelist was one of them continued preaching the Baptist s warnings right up into the ministry of Jesus Christ Finally near the end of his life the Evangelist put what he preached into writing It included what he learned from John the Baptist and became the concluding book of the New Testament After the crucifixion the unbelieving Judeans and their descendants tried to defeat the Church and could have wiped out the Church if the revolt under Bar Kochba was successful in liberating Judea from Roman control But Bar Kochba was totally defeated by Severus in A D 135 causing an immense slaughter of Jews The surviving Judeans were deported elsewhere in the Roman Empire and foreign people were introduced into Palestine Not many people are aware that for hundreds of years thereafter only a very small population of Jewish people living in the ancestral homeland of the Jews No other interpretation that I have reads has pinpointed the historical event that coincided with the fall of Judea like I did I identify the historical fulfillment of Rev 15 17 when the seventh angel pours out his vial saying It is done as the final defeat of Judea by General Severus in A D 135 Most interpretations never discuss the fall of Judea in A D 135 Instead they try to predict a future event future even to us that will cause the final conflict when all gentile nations will fall I also discuss how I think the scenes in Revelation apply to the end of times I think God has been warning the modern world all along through apparitions by the mother of Christ I try to show the relevance of the Devil Lucifer as the cause of the wickedness of humans Lucifer is identified in Scripture as the instigator of evil I think God cannot correct the evils of man until he finally punishes Lucifer in eternal damnation In my new book I also point out that the rebellion of the angel Lucifer the Devil is the cause of the rejection of the Messiah by the human race I trace the influence of Lucifer misleading the human race from the very beginning in the Garden of Eden I point out how his influence misguided the human race all through history with false ideologies and human conquest by human utopias to try to conduct ourselves outside of Gods embrace I was unsure how readers would view my book when I first launched publication of my book but now I have seen many favorable reviews by readers of many different religious convictions that do not take exception to what I have written This encouraged me to continue I hope you read my book and find it interesting At the very least it should at least give you food for thought **The Banner of Israel** ,1925 **The Branch Exposition of the Bible, Volume 2** Michael A.

Eaton,2024-09-30 A great deal of biblical scholarship is written for academics and fails to edify readers or strengthen their Christian ministry Yet Christians need to be nourished by the word of God so they can mature in faith and righteousness Filling this gap The Branch Exposition of the Bible is a resource for preachers scholars and ordinary Christians alike to help open God s word and shed its light into life ministry and teaching Inspired by the words of the great reformer Martin Luther about shaking every branch of Scripture and with experience in ministering across Africa India and the West Michael A
