Bhangoo Randhawa, 2012-07-25 Civil Society in Malerkotla Punjab Fostering Resilience through Religion by Karenjot Bhangoo Randhawa explores the direct role that religion plays in conflict and peace that has often been difficult to isolate This study extends previous work on peace and conflict resolution by looking at a town which has witnessed many outbreaks of violence in the past but still holds peace as the norm The former princely state of Malerkotla Punjab is a place where riots did not occur during Partition In this unique Muslim majority town there are four distinct religious groups that live in close proximity to each other Yet the overall pattern of peaceful plurality in the town has resulted in the transcendence of violence

even when the threat looms close by The unique case of Malerkotla Punjab provides an opportunity to look more closely and critically at Sikhs and their relationship with Muslims in India As a case study this work captures the overall pattern of Sikh Muslim interaction in a town that can transcend conflict and make peace the norm Randhawa uncovers how religious associations expressions and activities have helped to build social capital and stabilize peace This book also emphasizes interreligious understanding cross cultural awareness and conflict transformation and discusses how interfaith communities can work together to bridge understanding in order to prevent violence

The Routledge Handbook of Religion and Security Chris Seiple, Dennis Hoover, Pauletta Otis, 2013 This Handbook offers analyses of how nine different world religions have related to issues of war and peace theologically and practically overviews of how scholars and practitioners in nine different topical areas of security studies have or have not dealt with the relationship between religion and security and five case studies of particular countries in which the religion security nexus is vividly illustrated Nigeria India Israel the former Yugoslavia and Iraq

India and Pakistan Stanley Wolpert, 2010-09-13 Stanley Wolpert's new book India and Pakistan represents another major contribution to his analysis of the subcontinent In this work he provides a hopeful yet realistic solution to the tensions between these two neighbors

Religion and Peacebuilding Harold Coward, Gordon S. Smith, 2012-02-01 In the wake of September 11 2001 religion is often seen as the motivating force behind terrorism and other acts of violence Religion and Peacebuilding looks beyond headlines concerning violence perpetrated in the name of religion to examine how world religions have also inspired social welfare and peacemaking activism Leading scholars from the Aboriginal Hindu Buddhist Confucian Jewish Muslim and Christian traditions provide detailed analyses of the spiritual resources for fostering peace within their respective religions The contributors discuss the formidable obstacles to nonviolent conflict transformation found within sacred texts and living traditions Case studies of Northern Ireland Bosnia Cambodia and South Africa are also examined as practical applications of spiritual resources for peace

A Tale of Two Revolts Rajmohan Gandhi, 2009-11-06 Two wars the 1857 Revolt in PBI India and the American Civil War seemingly fought for very different reasons occurred at opposite ends of the globe in the middle of the nineteenth century But they were both fought in a PBI World still dominated by Great Britain and the battle cry in both conflicts was freedom Rajmohan Gandhi brings the drama of both wars to one stage in A Tale of Two Revolts He deftly reconstructs events from the point of view of William Howard Russell an Irishman who was also perhaps the PBI World's first war correspondent and uncovers significant connections between the histories of the United States Britain and PBI India The result is a tale of two revolts three countries and one century Into this fascinating story Rajmohan Gandhi weaves the choices of five extraordinary inhabitants of PBI India Sayyid Ahmed Khan Ishwarchandra Vidyasagar Jotiba Phule Allan Octavian Hume and Bankimchandra Chatterjee and of three towering figures of PBI World history Karl Marx Leo Tolstoy and Abraham Lincoln to show the continuities between the nineteenth century and the PBI

World we live in today Scholarly insightful and gripping A Tale of Two Revolts raises new questions about these wars that changed the PBI World

Cultural Heritage and Human Rights Helaine Silverman,D. Fairchild Ruggles,2008-10-14 Is there a universal right to the free expression and preservation of cultural heritage and if so where is that right articulated and how can it be protected No corner of today s world has escaped the effects of globalization for better or worse This volume

addresses a deeply political aspect of heritage preservation and management as it relates to human rights Archaeology and The Politics of Vision in a Post-Modern Context Vítor Oliveira Jorge, Julian Tomas, 2009-01-14 Archaeology is intimately connected to the modern regime of vision A concern with optics was fundamental to the Scientific Revolution and informed the moral theories of the Enlightenment And from its inception archaeology was concerned with practices of depiction and classification that were profoundly scopic in character Drawing on both the visual arts and the depictive practices of the sciences employing conventionalised forms of illustration photography and spatial technologies archaeology presents a paradigm of visualised knowledge However a number of thinkers from Jean Paul Sartre onwards have cautioned that vision presents at once a partial and a politicised way of apprehending the world In this volume authors from archaeology and other disciplines address the problems that face the study of the past in an era in which realist modes of representation and the philosophies in which they are grounded in are increasingly open to question **Outer Journey Inner Journey** Darrell Nunn, 2007-07 Experience these countries through their myths religions and philosophies Explore their geography Make sense of their political challenges Visit incredible caves mountains rivers and festivals in off the beaten track places Discover in detail how exploration and immersion in foreign cultures produce constant internal reflection and self re discovery Feast your eyes challenge your mind open your heart **Shikwa-e-Hind** Mujibur Rehman, 2024-05-21 Roughly 200 million today Indian Muslims are greater than the population of Britain and France or Germany put together According to the Indian Constitution Indian Muslims are treated as political equals which is what India s secular polity promised after its independence encouraging more than 35 million Indian Muslims at the time of Partition to choose India as their motherland over Pakistan However the supposed relationship of equality between Hindus and Muslims as scripted in the constitution is being increasingly replaced by the domineering tendencies of a Hindu majority in India today The author describes the current state and position of Indian Muslims the seeds for which were sown when the BJP came to power in 2014 as the third political moment the second he believes was in 1947 when the community was given equal status in the Indian Constitution and the first was in 1857 when Indian Muslims learnt to live under the British colonial state As he states there is no denying that political circumstances for Indian Muslims were not completely ideal or full of democratic energy prior to the rise of the Hindu Right since the late 1980s With numerous layers defined by language ethnicity region etc Muslims have the most heterogeneous identity representing India s quintessential diversity And yet Muslims are perceived as the most enduring well grounded threat to the majoritarian project of the Hindu Rashtra Indian Muslims are perceived or presented as perpetrators of violence and violators of law even if they are at the receiving end They are viewed as an internal enemy who need to be dealt with for political social historical and ideological reasons Going forward the community must formulate the language of democratic rights of Indian Muslims as equal citizens and define the ethics of human dignity in their struggle to reassert their place in India s political power structures at all levels from panchayat to Parliament While the economic future

or cultural rights of Indian Muslims have been debated since 1947 it is the political future that demands attention because only as an equal and participatory community in the politics of the nation can economic and cultural futures be addressed. This book explores the political future of Indian Muslims in this context. From Shaheen Bagh to Hindu Muslim riots, from the unique position of Muslim women in India to the Sachar Report and the Muslim backwardness debate, Mujibur Rehman analyses, confronts and discusses the urgent concerns of Indian Muslims in a manner that is nuanced and globally relevant.
