Mythology of the Soul (Psychology Revivals) H.G. Baynes,2015-04-10 Originally published in 1940 this classic study of two schizophrenic case histories further opened up the seemingly intractable problem of this condition a task preceded by Jung s own Psychology of Dementia Praecox It was Baynes s grasp of the meaning of the symbol coupled with his wide scholarship that enable him to explore the case histories in such remarkable and fruitful depth thus linking pathological psychology through graphic expression and the dream of the myths of mankind and the universal man This was truly a scientific task In case 1 the series of dreams fantasies and active imagination fully illustrated by the patients spontaneous paintings suggested to him a kind of mythological imagery Baynes then demonstrates the emergence and development of a hero myth together with its therapeutic effect upon the patient as an inner personal experience of death and rebirth Baynes also applied the methods of synthesis to the understanding of modern art and its reflection of the spirit of the times a realization of the basic split in the socio religious structure of European Culture In case 2 the subject was an artist and out of his own split he seemed to have created a symbolic bridge that would be a therapeutic bridge for himself and a possible model for curing the evil of the times in which we then were living **Understanding Revival and Addressing the Issues**

When the Lord Walked the Land Kenneth S. Jeffrey, 2007-03-02 Previous studies of revival have tended to approach these remarkable moments in history from either a strictly local or a sweeping national perspective In so doing they have dealt with either the detailed circumstances of a particular situation or the broader course of events These approaches however have given the incorrect impression that religious awakenings are uniform movements As a result revivals have been misunderstood as homogeneous campaigns This is the first study of the 1859 revival from a regional level in a comprehensive manner It examines this movement arguably the most significant and far reaching awakening in modern times as it appeared in the city of Aberdeen the rural hinterland of northeast Scotland and among the fishing villages and towns that stretch along the Moray Firth It reveals how far from being unvarying the 1859 revival was richly diverse It uncovers the important influence that local contexts brought to bear upon the timing and manifestation of this awakening Above all it has established the heterogeneous nature of simultaneous revival movements that appeared in the same vicinity
