Histories, Meanings and Representations of the Modern Hotel Kevin J. James,2018-08-15 This book surveys current writing on the history of the modern hotel focusing on three areas of vibrant and timely scholarly enquiry the uniqueness of the American hotel the contested status of the colonial and postcolonial hotel and the hotel s embroilment in violent conflict It explores the hotel as an institution that incubates innovation enables commercial relations on a variety of scales and supplies an arena for negotiating relations of political cultural and economic power The volume presents a number of case studies including the hotel in wartime and as a terrorist target and critically engages with innovative scholarship that links the relationship of the hotel to wider narratives of Western modernity It is aimed at tourism studies scholars as well as history and critical and applied tourism studies students at undergraduate and graduate levels

"Women and the Material Culture of Needlework and Textiles, 1750?950 " MaureenDaly Goggin,2017-07-05 Rejecting traditional notions of what constitutes art this book brings together essays on a

variety of fiber arts to recoup women's artistic practices by redefining what counts as art. Although scholars over the last twenty years have turned their attention to fiber arts redefining the conditions practices and products as art there is still much work to be done to deconstruct the stubborn patriarchal art/craft binary. With essays on a range of fiber art practices including embroidery knitting crocheting machine stitching rug making weaving and quilting this collection contributes to the ongoing scholarly redefinition of women's relationship to creative activity. Focusing on women as producers of cultural products and creators of social value the contributors treat women as active subjects and problematize their material practices and artifacts in the complex world of textiles. Each essay also examines the ways in which needlework both performs gender and in turn constructs gender. Moreover in concentrating on and theorizing material practices of textiles these essays reorient the study of fiber arts towards a focus on process the making of the object including the conditions under which it was made by whom and for what purpose as a way to rethink the fiber arts as social praxis. **Royal**

Spectacle Ian Radforth, 2004-12-15 In 1860 Queen Victoria sent her eighteen year old son Albert Edward Prince of Wales on a goodwill mission to Canada and the United States. The young heir apparent later King Edward VII had not yet gained his reputation as a fashion setter and rake but he nevertheless attracted enormous crowds both in Canada where it was the first royal visit and in the United States. Civic leaders hosted the visitor in princely style decorating their towns with triumphal arches and organizing royal entries public processions openings and grand balls. In *Royal Spectacle* Ian Radforth recreates these displays of civic pride by making use of the many public and private accounts of them and he analyses the heated controversies the visit provoked. When communities rushed to honour the prince and put themselves on display social divisions inadvertently became part of the spectacle seen by the prince and described by visiting journalists. Street theatre reached a climax in Kingston where the Prince of Wales could not disembark from his steamer because of the defiance of thousands of Orangemen dressed in their brilliant regalia and waving their banners. Contemporary depictions of the tour provide an opportunity to interpret the cultural values and social differences that shaped Canada during the Confederation decade and the United States on the eve of the Civil War. Topics explored include Orange Green conflict First Nations and the politics of public display contested representations of race and gender the tourist gaze and meanings of crown and empire. An original and erudite study *Royal Spectacle* contributes greatly to historical research on public spectacle colonial and national identities Britishness in the Atlantic world and the history of the monarchy. **Unguarded Border** Donald W.

Maxwell, 2023-05-12 The United States is accustomed to accepting waves of migrants who are fleeing oppressive conditions and political persecution in their home countries. But in the 1960s and 1970s the flow of migration reversed as over fifty thousand Americans fled across the border to Canada to resist military service during the Vietnam War or to escape their homeland's hawkish society. *Unguarded Border* tells their stories and in the process describes a migrant experience that does not fit the usual paradigms. Rather than treating these American refugees as unwelcome foreigners Canada embraced them.

refusing to extradite draft resisters or military deserters and not even requiring passports for the border crossing And instead of forming close knit migrant communities most of these migr s sought to integrate themselves within Canadian society Historian Donald W Maxwell explores how these Americans in exile forged cosmopolitan identities coming to regard themselves as global citizens a status complicated by the Canadian government s attempts to claim them and the U S government s eventual efforts to reclaim them Unguarded Border offers a new perspective on a movement that permanently changed perceptions of compulsory military service migration and national identity
