New Perspectives on CALL for Second Language Classrooms Sandra Fotos, Charles M. Browne, 2013-06-17 This practical handbook is designed to help language teachers teacher trainers and students learn more about their options for using computer assisted language learning CALL and develop an understanding of the theory and research supporting these options The chapters in New Perspectives on CALL for Second Language Classrooms synthesize previous CALL theory and research and describe practical applications to both second and foreign language classrooms including procedures for evaluating these applications The implementation of CALL at the institutional level is also addressed with attention to designing multimedia language laboratories and creating collaborative CALL based projects between educational institutions Although many chapters locate their descriptions of CALL activities and projects within the ESL EFL setting the principles and activities described are equally useful for other language settings The book does not require prior knowledge of CALL computers or software To assist readers a glossary of CALL terms and an appendix of CALL Web sites are provided The book also has its own accompanying Web site <http://www.erlbaum.com/callforL2classrooms> presenting chapter abstracts author contact information and regularly updated links to pedagogical research and teacher development sites By integrating theoretical issues research findings and practical guidelines on different aspects of CALL this book offers teachers multiple levels of resources for their own professional development for needs based creation of specific CALL activities for curriculum design and for implementation of

institutional and inter institutional CALL projects

New Perspectives on Grammar Teaching in Second Language

Classrooms Eli Hinkel, Sandra Fotos, 2001-07-01 New Perspectives on Grammar Teaching in Second Language Classrooms brings together various approaches to the contextualized teaching of grammar and communicative skills as integrated components of second language instruction Its purpose is to show from both theoretical and practical perspectives that grammar teaching can be made productive and useful in ESL and EFL classrooms In this text First rate scholars approach the teaching of grammar from multiple complementary perspectives providing an original comprehensive treatment of the topic Discourse analysis and research data are used to address such pedagogical areas as grammatical and lexical development in speaking listening reading and writing The communicative perspective on ESL and EFL instruction that is presented provides ways for learners to enhance their production skills whereas the meaning based grammar instruction can supplement and strengthen current methodology with a communicative focus This volume is intended as a foundational text for second language grammar pedagogy courses at the advanced undergraduate and master s levels *Researching Second Language Classrooms* Debra A. Friedman, 2025-03-27 This volume provides graduate students and experienced researchers with a comprehensive guide to applying qualitative and mixed methods in classroom based research on second language learning and teaching In addition to coverage of methods for collecting and analyzing data *Researching Second Language Classrooms* offers in depth discussions on a range of practical theoretical methodological and ethical issues that can arise when conducting research in language classrooms Throughout the volume the emphasis on building both theoretical knowledge and practical skills helps to facilitate understanding of how qualitative and quantitative methods can complement each other Each chapter includes examples drawn from a range of research settings as well as tasks for practicing data collection and analysis techniques questions to prompt reflection and suggestions for further reading This book will serve as a valuable text for research methods courses as well as a resource for scholars and researchers of applied linguistics SLA and language learning and teaching **Classroom Second Language Development** Rod Ellis, 1984 **Making it Happen** Patricia A. Richard-Amato, 1988 Second-language Classroom Interaction Ann C. Wintergerst, 1994 This book analyzes teacher and student interaction in the context of twelve ESL lessons with the purpose of exploring the extent of student language output Research has confirmed that teacher speech dominates the second language classroom Not surprisingly teacher talk has been investigated in numerous studies but student talk has been largely overlooked this study addresses that imbalance Questions are one means of engaging student attention promoting verbal responses and evaluating student progress They facilitate interaction by establishing the topic the speaker and the respondent However as the author shows some teacher questions encourage communication while others inhibit it In this analysis of teacher and student questions and answers Professor Wintergerst offers new perspective on second language development and classroom learning in general BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Second*
