Second Person Rural Further Essays Of A Sometime Farmer:

Second Person Rural Noel Perrin, 1981 **Walking Seasonal Roads** Mary A. Hood, 2012-05-18 Seasonal roads are defined as one lane dirt roads not maintained during the winter They function as connectors linking farmers to their fields neighbors to neighbors or two more well traveled roads to each other Some access hunting lands and recreational areas Some pass by cemeteries allowing people to visit and honor their dead They can be abandoned as people move and towns fade In every incarnation the seasonal road touches the land in a gentler way than do other roads Having traveled nearly every seasonal road in Steuben County New York Hood finds they provide the ideal vantage to contemplate the meaning of place offering intimate contact with plant and wildlife and the beauty of a rural landscape Each road reveals how our land is used how our land is protected and how environmental factors have impacted the land As a literary naturalist Hood reflects on endangered species and invasive species as well as on issues of conservation and sustainability From state forests to potato fields from development along Keuka Lake to vineyards from old family cemeteries to logging sites Walking Seasonal Roads is a celebration and an honoring of the rural and the regionalism of place illustrating the ways we connect to our home and to each other Borderland John R. Stilgoe, 1988-01-01 This text portrays the American suburbs from their beginnings in the mid 1800s to the onset of World War II and focuses on their appearance people s reaction to them and their importance to society **Farm** Joyce Kinkead, Evelyn Funda, Lynne S. McNeill, 2020-06-01 In Farm Joyce Kinkead Evelyn Funda and Lynne S McNeill explore the culture of agriculture through a diverse and multicultural collection of fiction poetry essays art recipes and folklore This reader views farming through a variety of lenses asking students to consider what farms farming and farmers mean and have meant to culture in the United States In the text readers are guided through the Jeffersonian idealism of the yeoman farmer cultivators of the earth are the chosen people of God to literature of the nineteenth and twentieth centuries Thoreau s The Bean Field Cather s prairie trilogy Steinbeck s The Grapes of Wrath and Carpenter s Farm City Contributors provide historical context for the literary texts such as discussion of sharecropping vs plantation systems the rise of agribusiness and chemical farming and Teddy Roosevelt s Country Life Commission Written visual and oral texts ask readers to consider the farm in art Grant Wood ecology Rachel Carson s Silent Spring children s and young adult literature classic children s books YA novels nonfiction and poetry advertising from early boosterism to Chipotle videos print culture farmers market and victory garden posters from both world wars folklore food culture vintners and veterinarian practices popular culture Farm Aid concerts and much more Each reading is supported by activities exercises projects and visual rhetorical elements that further connect students to agriculture and the essential work of farmers **Nature Writing** Don Scheese, 2013-10-28 In this comprehensive study of the genre Don Scheese traces its evolution from the pastoralism evident in the natural history observations of Aristotle and the poetry of Virgil to current American writers He documents the emergence of the modern form of nature writing as a reaction to industrialization Scheese s

personal observations of natural settings sharpen the reader's understanding of the dynamics between author and locale. His study is further informed by ample use of illustrations and close readings of core writers such as Thoreau, John Muir, and Mary Austin, showing how each writer's work exemplifies the pastoral tradition and celebrates a spirit of place in the United States.

Vermont: A History Charles T. Morrissey, 1984-12-17 For many Americans, Vermont still seems what the United States at least in myth once was: a bucolic landscape of wooded hills, neat farms, and handsome villages before modern forces transformed our agrarian nation into an urban industrial giant. Vermonters have long been respected as sturdy Americans who prize hard work, honest dealing, town meeting government, and dry humor. Their way of life, along with the beauty of their Green Mountains and quiet valleys, remains immensely attractive to natives and newcomers who seek beauty and the satisfaction of self-sufficiency in a natural environment where rocky soil and a varied climate have always compelled respect.

Nature Writing Robert Finch, John Elder, 2002 The first anthology to represent the full range of nature writing's rich and flourishing tradition, from lyrical essays to thoughtful encounters with new ethical and ecological concerns. *Vermont Life*, 2006. *One Fell Soup* Roy Blount, 2013-12-10 A collection of short pieces about everything from genius and God to socks and lentils from one of America's most beloved humor writers. *One Fell Soup* brings together the reviews, diatribes, investigations, meditations, and poetry of Roy Blount Jr., a writer as insightful as he is funny. Culled from his many columns and magazine writings, this volume offers an unparalleled look at the varied interests of a writer the New York Times has compared to Mark Twain, albeit with a far greater demonstrated interest in love songs about gravy, ice cream, and mac and cheese. *Chickens* celebrates the vast cultural importance and criminal neglect of the most abundant domesticated fowl. *So This Is Male Sexuality* examines the unsettling specter of sex researchers like Masters and Johnson looming over one's private thoughts. *And Merely Shot in the Head* ponders the absurd willpower of a man who finishes a full marathon after taking a bullet ten miles into the race. **Twentieth Century Authors** Howard Haycraft, Stanley J. Kunitz, 1944
