The Power to Divide Timothy W. Crawford, 2021-05-15 Timothy W Crawford s The Power to Divide examines the use of wedge strategies a form of divisive statecraft designed to isolate adversaries from allies and potential supporters to gain key advantages With a multidimensional argument about the power of accommodation in competition and a survey of alliance diplomacy around both World Wars The Power to Divide artfully analyzes the past and future performance of wedge strategy in great power politics Crawford argues that nations attempting to use wedge strategy do best when they credibly accommodate likely or established allies of their enemies He also argues that a divider s own alliances can pose obstacles to success and explains the conditions that help dividers overcome them He advances these claims in eight focused studies of alliance diplomacy surrounding the World Wars derived from published official documents and secondary histories Through those narratives Crawford adeptly assesses the record of countries that tried an accommodative wedge strategy and why ultimately they succeeded or failed These calculated actions often became turning points desired or not in a nation s established power For policymakers today facing threats to power from great power competitors Crawford argues that a deeper historical and theoretical grasp of the role of these wedge strategies in alliance politics and grand strategy is necessary Crawford drives home the contemporary relevance of the analysis with a survey of China s potential to use such strategies to divide India from the US and the United States potential to use them to forestall a China Russia alliance and closes with a review of key theoretical insights for policy

Churchill, Chamberlain and Appeasement G. C. Peden, 2022-12-01 Was Churchill correct when he claimed the Second World War could easily have been prevented if Chamberlain had not appeased Hitler How far did Churchill and Chamberlain differ on defence and foreign policy To what extent was Chamberlain responsible for military defeats in 1940 In this new account of appeasement G C Peden addresses these questions and provides a comparative analysis of Chamberlain and Churchill s views on foreign policy and strategic priorities explores what deterrence and appeasement meant in the military economic and political context of the 1930s and where Chamberlain and Churchill agreed and disagreed on how best to deter Germany Beginning in 1931 when Chamberlain became Chancellor of the Exchequer this book explores the evolution of British policy towards Germany through to the Munich Agreement and its aftermath within the context of Britain s power to influence international affairs in the 1930s and of contemporary intelligence

West Point History of World War II, Vol. 1 The United States Military

Academy,2015-11-03 An outstanding new military history of the first half of World War II featuring a rich array of images exclusive graphics superb new maps and expert analysis commissioned by the United States Military Academy to teach the art of war to West Point cadets Since 1836 United States Military Academy texts have been the gold standard for teaching military history and the operational art of war Now the USMA has developed a new military history series for the public featuring the story of World War II in two volumes of which this is the first The West Point History of World War II combines the expertise of preeminent historians with hundreds of maps and images many created for this volume or selected from Army collections The first volume offers a balanced narrative analyzing the rising tide of Axis conquest from 1939 to mid 1942 ranging from battlefield decisions to operational and strategic plans all set in their proper political context The closing chapter provides a thematic treatment of the mobilization of the warring nations economies and home fronts for the conduct of total war The West Point History of World War II has been tested checked and polished by West Point cadets faculty and graduates to make this the best military history of its kind **Europe on the Path to Self-Destruction** Jack L.

Schwartzwald,2022-07-19 Between the years 1815 and 1945 Europe achieved unrivaled global dominance only to see it shattered by two world wars This frenetic rise and fall was attended by immense societal change In 1815 Europe remained largely agricultural and dependent upon horsepower By 1945 the power of the atom had been unleashed Two industrial revolutions occurred in the interim the first founded upon coal iron and steam the second upon oil steel electricity and internal combustion The implications for humanity were profound This concise yet comprehensive study is divided into three sections In section one the map of Europe emerges in its modern visage as unrestrained nationalist fervor gives rise to an assemblage of new nation states In section two the continent attains global hegemony as massive industrialization fuels a mad scramble for colonial markets and raw materials In section three a cauldron of national ethnic and class hatreds spawn the rise of totalitarianism and the overthrow of European hegemony in two calamitous world wars By tracing the events and undercurrents of this vital period in European history this book offers trenchant insights for the lay reader and the student of history alike **Air University Periodical Index** ,1949 World War II Memory and Contested Commemorations in Europe and Russia Jennifer A. Yoder,2024-01-01 Instrumentalization of the wartime past for political gain is the subject of this study of eleven World War II commemorations Using a comparative conceptually original approach Yoder identifies the actors who manipulate memory surrounding wartime anniversaries such as the bombing of Dresden and ceremonies to honor fallen soldiers and fascist collaborators The cases of memory contestation span three geographic regions Western Europe Eastern Europe and Russia recognizing that each developed distinctive interpretations of the war and different patterns of memory politics This empirically rich study reveals the grievances that motivate memory challengers and their strategies for shaping the commemoration discourses and rituals The memory challengers toolkit includes varieties of emotional manipulation subtle distortion revisionism and full scale denial The study finds that while there are differences in context and

strategy across cases and regions there are also areas of convergence Moreover a memory challenge in one country can spill over into others with serious consequences for foreign relations While World War II Memory and Contested Commemorations in Europe and Russia deals with debates and narratives about events in the last century its focus is on power persuasion and identity in the present *Pilgrims Society and Public Diplomacy, 1895-1945* Stephen Bowman,2017-07-28 Examines the Russian influence was on both Mansfield s craft as a short story writer and her life choices **United States Army Combat Forces Journal** ,1951 *Soviet Bloc Foreign Economic Relations* United States. Department of State. External Research Division,Robert Loring Allen,1958

Second World War In Europe 11 Vols: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year. Second World War In Europe 11 Vols : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Second World War In Europe 11 Vols : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Second World War In Europe 11 Vols : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
