Second-hand Coat Ruth Stone, 1987 Poems deal with strangers parents art marriage death home snow poetry sexuality noses animals and change A Study Guide for Ruth Stone's "Another Feeling" Gale, Cengage Learning, 2016 The Oxford Book of American Poetry David Lehman, John Brehm, 2006-04-03 Here is the eagerly awaited new edition of The Oxford Book of American Poetry brought completely up to date and dramatically expanded by poet David Lehman It is a rich capacious volume featuring the work of more than 200 poets almost three times as many as the 1976 edition With a succinct and often witty head note introducing each author it is certain to become the definitive anthology of American poetry for our time Lehman has gathered together all the works one would expect to find in a landmark collection of American poetry from Whitman's Crossing Brooklyn Ferry to Stevens's The Idea of Order at Key West and from Eliot's The Waste Land to Ashbery's Self Portrait in a Convex Mirror But equally important the editor has significantly expanded the range of the anthology The book includes not only writers born since the previous edition but also many fine poets overlooked in earlier editions or little known in the past but highly deserving of attention The anthology confers legitimacy on the Objectivist poets the so called Proletariat poets of the 1930s famous poets who fell into neglect or were the victims of critical backlash Edna St Vincent Millay poets whose true worth has only become clear with the passing of time Weldon Kees Among poets missing from Richard Ellmann's 1976 volume but published here are W H Auden Charles Bukowski Donald Justice Carolyn Kizer Kenneth Koch Stanley Kunitz Emma Lazarus Mina Loy Howard Moss Lorine Niedecker George Oppen James Schuyler Elinor Wylie and Louis Zukosky Many more women are represented outstanding poets such as Josephine Jacobsen Josephine Miles May Swenson Numerous African American poets receive their due and unexpected figures such as the musicians Bob Dylan Patti Smith and Robert Johnson have a place in this important work This stunning collection redefines the great canon of American poetry from its origins in the 17th century right up to the present It is a must have anthology for anyone interested in American literature and a book that is sure to be consulted debated and treasured for years to come *The House is Made of Poetry* Wendy Barker, Sandra M. Gilbert, 1996 Ruth Stone has always eschewed self promotion and in the words of Leslie Fiedler has never been a member of any school or clique or gaggle of mutual admirers But her poems speak so vibrantly for her that she cannot be ignored In her preface to this volume Sandra M Gilbert declares that Stone's intense attention to the ordinary transforms it into or reveals it as the extraordinary Her passionate verses evoke impassioned responses At the same time Gilbert continues the essays collected here consistently testify to Stone's radical unworldliness in particular her insouciant contempt for the floor walkers and straw bosses who sometimes seem to control the poetry factory both inside and outside the university Wendy Barker and Sandra Gilbert have organized the book into three sections Knowing Ruth Stone A Life of Art and Reading Ruth Stone In Knowing Ruth Stone writers of different generations who have known the poet over the years provide memoirs Noting Stone's singularity Fiedler points out that she resists all labels and is one of the few

contemporaries whom it is possible to think of simply as a poet Sharon Olds defines her vitality A Ruth Stone poem feels alive in the hands and Jan Freeman praises her aesthetic intensity Everything in the life of Ruth Stone is integrated with poetry A Life of Art sketches the outlines of Stone s career and traces her evolution as a poet Barker and Norman Friedman for example trace her development from the high spirits and elegant craft of her first volume In an Iridescent Time through the deepening shadows poignant wit and bittersweet meditations of her later work In interviews separated by decades one in the 1970s and one in the 1990s Sandra Gilbert and Robert Bradley discuss with Stone her own sense of her aesthetic origins and literary growth Reading Ruth Stone is an examination of Stone s key themes and modes Diane Wakoski and Diana O Hehir focus on the tragicomic vision that colors much of her work Kevin Clark and Elyse Blankley explore the political aspects of her poetry Roger Gilbert analyzes her often uncannily astute insights into the otherness of other lives Janet Lowery and Kandace Brill Lombart draw on the biographical background of Stone s grief work and Sandra Gilbert studies her caritas her empathic love that redeems pain

No Man's Land Sandra M. Gilbert, Susan Gubar, 1996-02-21

How do writers and their readers imagine the future in a turbulent time of sex war and sex change? And how have transformations of gender and genre affected literary representations of woman, man, family, and society? This final volume in Gilbert and Gubar's landmark three-part *No Man's Land: The Place of the Woman Writer in the Twentieth Century* argues that throughout the twentieth century, women of letters have found themselves on a confusing cultural front and that most increasingly aware of the artifice of gender have dispatched missives recording some form of the future shock associated with profound changes in the roles and rules governing sexuality. Divided into two parts, *Letters from the Front* is chronological in organization, with the first section focusing on such writers of the modernist period as Virginia Woolf, Zora Neale Hurston, Edna St. Vincent Millay, Marianne Moore, and H. D. and the second devoted to authors who came to prominence after the Second World War, including Gwendolyn Brooks, Sylvia Plath, Margaret Atwood, Toni Morrison, and A. S. Byatt. Embroiled in the sex antagonism that Gilbert and Gubar traced in *The War of the Words* and in the sexual experimentations that they studied in *Sexchanges*, all these artists struggled to envision the inscription of hitherto untold stories on what H. D. called the blank pages of the unwritten volume of the new. Through the works of the first group, Gilbert and Gubar focus in particular on the demise of any single normative definition of the feminine and the rise of masquerades of femininity amounting to female-to-female impersonation. In the writings of the second group, the critics pay special attention to proliferating revisions of the family romance, revisions significantly inflected by differences in race, class, and ethnicity, and to the rise of masquerades of masculinity or male-to-male impersonation. Throughout, Gilbert and Gubar discuss the impact on literature of such crucial historical events as the Harlem Renaissance, the Second World War, and the sexual revolution of the sixties. What kind of future might such a past engender? Their book concludes with a fantasia on *The Further Adventures of Snow White* in which their bravura retellings of the Grimm fairy tale illustrate ways in which future writing about gender might develop.
