History of the Church of Jesus Christ of Latter-day Saints, Volume 1 Joseph Smith, 2016-04-12 The History of the Church of Jesus Christ of Latter day Saints is also the history of the opening and progress of the Dispensation of the fullness of Times and as that dispensation bears an important relation to all dispensations which have preceded it let us here ascertain in what that relation consists By doing so we shall have a better appreciation of the full import of those events which make up the history of the Church In publishing the History of the Church of Jesus Christ of Latter day Saints it is felt that a solemn duty is being performed to the Saints and to the world The events which make up the history of the Church in this age are the most important that history can chronicle It is due therefore both to the Saints themselves and to the world that a faithful and complete history of the facts in which the Church of Jesus Christ of Latter day Saints had its origin together with the events through which it was subsequently developed and all the circumstances experiences and trials through which it passed be made known to mankind Elder B H Roberts consulted diaries printed sources and remembrances of Church members to prepare a history of the Church that centered mainly on the life of Joseph Smith Before it was published Elder Anthon H Lund and President Joseph F Smith read and approved the work The resulting seven volumes over forty five hundred pages known as the History of the Church has since become a great resource to Church members and historians alike [The Latter-day Saint Image in the British Mind](#) Malcolm Adcock, Fred E. Systematic Theology, Volume 1, Fourth Edition James Leo Garrett,2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996One of the characteristics of Garrett s system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991A gold mine

of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary

Field, 2021-12-09 Counting Religion in Britain 1970 2020 the fourth volume in the author's chronological history of British secularization sheds significant new light on the nature scale and timing of religious change in Britain during the past half century with particular reference to quantitative sources Adopting a key performance indicators approach twenty one facets of personal religious belonging behaving and believing are examined offering a much wider range of lenses through which

the health of religion can be viewed and appraised than most contemporary scholarship Summative analysis of these indicators by means of a secularization dashboard leads to a reaffirmation of the validity of secularization in its descriptive sense as the dominant narrative and direction of travel since 1970 while acknowledging that it is an incomplete process and without endorsing all aspects of the paradigmatic expression of secularization as a by product of modernization
