future and he subsequently transferred to the Royal Flying Corps initially as an observer before training as a pilot. In this latter role Portal proved a courageous and instinctive leader, garnering the rare accolade of a DSO and Bar for his wartime service. His meteoric rise continued in the inter-war period and when Hitler's forces invaded Poland, Portal had already ascended to the Air Force Board. He then took the RAF's top command post at Bomber Command during the battles of France and Britain before replacing Cyril Newall as Chief of Air Staff, aged just 47, in October 1940. Charles Portal was, in General Eisenhower's words, Britain's greatest wartime leader, including Churchill. Portal was a strategist, a diplomat, and an outstanding leader of the RAF in the Second World War. He built productive and enduring relationships with the most powerful Allied leaders, some of which, including Churchill, Bomber Harris, and Hap Arnold, are explored here. Portal helped direct the UK's strategy from the darkest days of 1940 through to Allied victory in 1945. He never lost his calm, even under the most extreme pressure, and approached the war with a cool logic that defied the chaos of the day. Despite his enormous achievements and being showered with post-war accolades, Portal is little known today. His historical anonymity is a reflection of his disinterest in his own legacy. He neither kept wartime diaries nor penned an egotistical autobiography to cash in on his post-war fame. He retired as he had served, with dignity and humility, traits that made him particularly influential with American allies. As Wing Commander Rich Milburn reveals in this long-overdue second biography, Charles Portal was a hero in every sense: a heroic battlefield leader in one global conflict and one of the men most directly responsible for Allied victory in a second.

The Second Most Powerful Man in the World Phillips Payson O'Brien, 2020-03-03

The life of Franklin Roosevelt's most trusted and powerful advisor, Admiral William D. Leahy, Chief of Staff to the Commander in Chief, O'Brien's biography at last gives Leahy his due. John Lewis Gaddis' *Fascinating* greatly enriches our understanding of Washington wartime power. Madeleine Albright's *Beautifully* written and thoroughly researched *Douglas Brinkley* transforms our understanding of America's wartime decision-making. Hew Strachan's *Aside from FDR*, no American did more to shape World War II than Admiral William D. Leahy, not Douglas MacArthur, not Dwight Eisenhower, and not even the legendary George Marshall. No man, including Harry Hopkins, was closer to Roosevelt nor had earned his blind faith like Leahy. Through the course of the war, constantly at the president's side and advising him on daily decisions, Leahy became the second most powerful man in the world. In a time of titanic personalities, Leahy regularly downplayed his influence, preferring the substance of power to the style. A stern-faced, salty sailor, his U.S. Navy career had begun as a cadet aboard a sailing ship. Four decades later, Admiral Leahy was a trusted friend and advisor to the president and his ambassador to Vichy France until the attack on Pearl Harbor. Needing one person who could help him grapple with the enormous strategic consequences of the war, both at home and abroad, Roosevelt made Leahy the first presidential chief of staff, though Leahy's role embodied far more power than the position of today. Leahy's profound power was recognized by figures like Stalin and Churchill, yet historians have largely overlooked his role. In this important biography, historian Phillips Payson O'Brien illuminates the

admiral's influence on the most crucial and transformative decisions of WWII and the early Cold War. From the invasions of North Africa, Sicily, and France to the allocation of resources to fight Japan, O'Brien contends that America's war largely unfolded according to Leahy's vision. Among the author's surprising revelations is that while FDR's health failed, Leahy became almost a de facto president making decisions while FDR was too ill to work, and that much of his influence carried over to Truman's White House.
