Secondary Predication And Adverbial Modification The Typology Of Depictives:

Secondary Predication and Adverbial Modification Nikolaus Himmelmann, Eva Schultze-Berndt, 2005 This book approaches depictive secondary predication from a crosslinguistic perspective It maps out all the phenomena and brings together critical surveys and new contributions on their morphosyntactic and semantic properties Provided by publisher

The Wiley Blackwell Companion to Syntax, 8 Volume Set Martin Everaert, Henk Van Riemsdijk, 2017-12-26 An invaluable reference tool for students and researchers in theoretical linguistics The Wiley Blackwell Companion to Syntax Second Edition has been updated to incorporate the last 10 years of syntactic research and expanded to include a wider array of important case studies in the syntax of a broad array of languages A revised and expanded edition of this invaluable reference tool for students and researchers in linguistics now incorporating the last 10 years of syntactic research Contains over 120 chapters that explain analyze and contextualize important empirical studies within syntax over the last 50 years Charts the development and historiography of syntactic theory with coverage of the most important subdomains of syntax Brings together cutting edge contributions from a global group of linguists under the editorship of two esteemed syntacticians Provides an essential and unparalleled collection of research within the field of syntax available both online and across 8 print volumes This work is also available as an online resource at www.companiontosyntax.com **The Oxford Handbook of Event Structure** Robert Truswell, 2019-03-26 This handbook deals with research into the nature of events and how we use language to describe events The study of event structure over the past 60 years has been one of the most successful areas of lexical semantics uniting insights from morphology and syntax lexical and compositional semantics cognitive science and artificial intelligence to develop insightful theories of events and event descriptions This volume provides accessible introductions to major topics and ongoing debates in event structure research exploring what events are how we perceive them how we reason with them and the role they play in the organization of grammar and discourse The chapters are divided into four parts the first covers metaphysical issues related to events the second is concerned with the relationship between event structure and grammar the third is a series of crosslinguistic case studies and the fourth deals with links to cognitive science and artificial intelligence more broadly The book is strongly interdisciplinary in nature with insights from linguistics philosophy psychology cognitive science and computer science and will appeal to a wide range of researchers and students from advanced undergraduate level upwards *Grammatical theory* Stefan Müller, 2018 This book introduces formal grammar theories that play a role in current linguistic theorizing Phrase Structure Grammar Transformational Grammar Government Binding Generalized Phrase Structure Grammar Lexical Functional Grammar Categorical Grammar Head Driven Phrase Structure Grammar Construction Grammar Tree Adjoining Grammar The key assumptions are explained and it is shown how the respective theory treats arguments and adjuncts the active passive alternation local reorderings verb placement and fronting of constituents over long distances The analyses are explained with

German as the object language The second part of the book compares these approaches with respect to their predictions regarding language acquisition and psycholinguistic plausibility The nativism hypothesis which assumes that humans possess genetically determined innate language specific knowledge is critically examined and alternative models of language acquisition are discussed The second part then addresses controversial issues of current theory building such as the question of flat or binary branching structures being more appropriate the question whether constructions should be treated on the phrasal or the lexical level and the question whether abstract non visible entities should play a role in syntactic analyses It is shown that the analyses suggested in the respective frameworks are often translatable into each other The book closes with a chapter showing how properties common to all languages or to certain classes of languages can be captured With this critical yet fair reflection on various grammatical theories Møller fills what has been a major gap in the literature Karen Lehmann *Zeitschrift für Rezensionen zur germanistischen Sprachwissenschaft* 2012 Stefan Møller's recent introductory textbook *Grammatiktheorie* is an astonishingly comprehensive and insightful survey of the present state of syntactic theory for beginning students Wolfgang Sternefeld und Frank Richter *Zeitschrift für Sprachwissenschaft* 2012 This is the kind of work that has been sought after for a while The impartial and objective discussion offered by the author is particularly refreshing Werner Abraham *Germanistik* 2012

A Grammar of Lopit Jonathan Moodie, Rosey Billington, 2020-09-25 In *A Grammar of Lopit* Jonathan Moodie and Rosey Billington provide the first detailed description of Lopit an Eastern Nilotic language traditionally spoken in the Lopit Mountains in South Sudan Drawing on extensive primary data the authors describe the phonology morphology and syntax of the Lopit language Their analyses offer new insights into phenomena characteristic of Nilotic Saharan languages such as Advanced Tongue Root vowel distinctions tripartite number marking and marked nominative case systems and they uncover patterns which are previously unattested within the Eastern Nilotic family such as a three way contrast in aspect number marking with the greater singular and two kinds of inclusory constructions This book offers a significant contribution to the descriptive and typological literature on African languages

The Oxford Handbook of Ergativity Jessica Coon, Diane Massam, Lisa deMena Travis, 2017-07-13 This volume offers theoretical and descriptive perspectives on the issues pertaining to ergativity a grammatical patterning whereby direct objects are in some way treated like intransitive subjects to the exclusion of transitive subjects This pattern differs markedly from nominative accusative marking whereby transitive and intransitive subjects are treated as one grammatical class to the exclusion of direct objects While ergativity is sometimes referred to as a typological characteristic of languages research on the phenomenon has shown that languages do not fall clearly into one category or the other and that ergative characteristics are not consistent across languages Chapters in this volume look at approaches to ergativity within generative typological and functional paradigms as well as approaches to the core morphosyntactic building blocks of an ergative construction related constructions such as the anti passive related properties such as split ergativity and word order and extensions and

permutations of ergativity including nominalizations and voice systems The volume also includes results from experimental investigations of ergativity a relatively new area of research A wide variety of languages are represented both in the theoretical chapters and in the 16 case studies that are more descriptive in nature attesting to both the pervasiveness and diversity of ergative patterns

Agreement Beyond the Verb Marina Chumakina, Oliver Bond, Steven Kaye, 2024-02-22 This book explores unusual patterns of agreement one of the most intriguing and theoretically challenging aspects of human language The chapters provide detailed treatments of a wide range of rare and complex agreement phenomena in seven typologically diverse languages

New Perspectives in Mayan Linguistics Heriberto Avelino, 2010-08-11 New Perspectives in Mayan Linguistics is a collection of papers synthesizing the research on Mayan languages at the beginning of the 21st century One of the most prominent features of the articles included in this book is the balance between the use of the most recent linguistic theories and the empirical data from which analyses are drawn A definitive characteristic of the book is that all of the papers provide rich and new descriptive material gathered in the field by their respective authors The findings reported in this book have implications for a deeper understanding not only of particular aspects of the individual grammars of the Mayan family but might have consequences for linguistic theory as well as for typological and universal generalizations The volume brings together linguists of diverse areas of specialization phonetics phonology syntax semantics epigraphy lexicography and anthropological linguistics to discuss recent analyses and data from a variety of Mayan languages For its broad scope summarizing the recent methodologies theoretical models and findings of research in Mayan languages the volume is of particular interest to the academic community at large including researchers teachers and students alike

Recent Trends and Findings in Latin Linguistics Concepción Cabrillana, 2024-05-20 These volumes contain a selection of contributions first presented at the 21st International Colloquium on Latin Linguistics held in Santiago de Compostela 2022 They cover essential topics in Latin linguistics from a variety of theoretical and methodological approaches The first volume includes papers on Latin Syntax and Semantics Latin Syntax and Pragmatics Greek Latin language and Digital Linguistics The contributions report on the latest research into very relevant issues in specific areas such as definiteness casual syntax sentence structure word order etc in addition the most recent methodological advances using a variety of databases a key tool in contemporary research are presented The second volume includes papers on Semantics and Lexicography Etymology Discourse strategies and a special section devoted to the analysis of Conversation and Dialogue The contributions report on the latest research into highly relevant issues in specific areas such as nominal and adjectival lexicology from both a synchronic and a diachronic perspectives the use of Greek words as a vehicle for the expression of philosophical concepts the choice and rendering of various linguistic strategies in direct and indirect discourse etc A particularly innovative section deals with various aspects of conversational language in a number of text types as well as the use of different devices that contribute to the expression of im politeness by participants in the speech act A

knowledge of the work collected in these volumes is essential for all those involved in research in the field of Latin linguistics

The Present in Linguistic Expressions of Temporality Marie-Eve Ritz, 2023-11-30 This book offers a comprehensive examination of Present Time Expressions PTEs illustrating how a more informed understanding of their semantic and pragmatic representations can offer unique insights into the temporal systems of languages The volume takes as its point of departure the notion that tenses aspectual viewpoint markers and temporal expressions have a semantic meaning which is further pragmatically enriched and manipulated in use by speakers Building on this foundation the book introduces current theories on the linguistic expression of temporality toward better highlighting the need for further understanding of PTEs encompassing tenses of the present and words such as now The volume draws on data from Australian English and Indigenous Australian languages to support its goal of arriving at a theory of the flexibility of uses of PTEs and their centrality in language and highlight the implications for future research on pragmatic and semantic change This book will be of particular interest to graduate students and researchers in semantics pragmatics discourse analysis and philosophy of language as well as those interested in research on Indigenous Australian Languages and Australian English

This is likewise one of the factors by obtaining the soft documents of this **Secondary Predication And Adverbial Modification The Typology Of Depictives** by online. You might not require more epoch to spend to go to the books launch as with ease as search for them. In some cases, you likewise do not discover the pronouncement Secondary Predication And Adverbial Modification The Typology Of Depictives that you are looking for. It will utterly squander the time.

However below, considering you visit this web page, it will be fittingly very simple to acquire as competently as download guide Secondary Predication And Adverbial Modification The Typology Of Depictives

It will not take many mature as we run by before. You can reach it even though take steps something else at home and even in your workplace. correspondingly easy! So, are you question? Secondary Predication And Adverbial Modification The Typology Of Depictives Introduction

In the digital age, access to information has become easier than ever before. The ability to download Secondary Predication And Adverbial Modification The Typology Of Depictives has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Secondary Predication And Adverbial Modification The Typology Of Depictives has opened up a world of possibilities. Downloading Secondary Predication And Adverbial Modification The Typology Of Depictives provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Secondary Predication And Adverbial Modification The Typology Of Depictives has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Secondary Predication And Adverbial Modification The Typology Of Depictives. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Secondary Predication And

Adverbial Modification The Typology Of Depictives. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Secondary Predication And Adverbial Modification The Typology Of Depictives, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Secondary Predication And Adverbial Modification The Typology Of Depictives has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Secondary Predication And Adverbial Modification The Typology Of Depictives Books

1. Where can I buy Secondary Predication And Adverbial Modification The Typology Of Depictives books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
