Franklin Roosevelt, Cordell Hull,
and Sumner Welles

IRWIN F. GELLMAN

Secret Affairs Franklin Roosevelt Cordell Hull And Sumner Welles

Richard Breitman

Secret Affairs Franklin Roosevelt Cordell Hull And Sumner Welles:

Secret Affairs Irwin Gellman, 2019-12-01 Originally published in 1995 President Franklin Delano Roosevelt was paralyzed from the waist down but he concealed the extent of his disability from a public that was never permitted to see him in a wheelchair FDR's Secretary of State was old and frail debilitated by a highly contagious and usually fatal disease that was as closely guarded a state secret as his wife's Jewish ancestry The undersecretary was a pompous and aloof man who married three times but when intoxicated preferred sex with railroad porters shoeshine boys and cabdrivers These three legendary figures Franklin Roosevelt Cordell Hull and Sumner Welles not only concealed such secrets for more than a decade but did so while directing United States foreign policy during some of the most perilous events in the nation's history Irwin Gellman brings to light startling new information about the intrigues deceptions and behind the scenes power struggles that influenced America's role in World War II and left their mark on world events for good or ill in the half century that followed Gellman had unprecedented access to previously unavailable documents including Hull's confidential medical records unpublished manuscripts of Drew Pearson and R Walton Moore and Sumner Welles's FBI file Gellman concludes that while Roosevelt Hull and Welles usually agreed on foreign policy matters the events that molded each man's character remained a mystery to the others Their failure to cope with their secret affairs to subordinate their personal concerns to the higher good of the nation eventually destroyed much of what they hoped would be their legacy Roosevelt never explained his objectives to his vice president Harry Truman or to anyone else Hull never groomed a successor and Welles kept his foreign assignments as classified as his sexual orientation Gellman tells the dramatic story of how three Americans despite private demons and bitter animosities could work together to lead their nation to victory against fascism William T Walker *Presidential Studies Quarterly* **Franklin Roosevelt's Foreign Policy and the Welles Mission** J. Rofe, 2007-06-11 A new and original analysis of the mission undertaken by FDR's Secretary of State during the Phoney War Rofe's work explains the motivations and goals of Roosevelt through an analysis of the president's foreign policy and of the nature of the Anglo American relationship of the time **Roosevelt and Franco during the Second World War** J. Thomàs, 2008-12-08 This book examines the internal controversies of the Roosevelt administration in connection with Spain during World War II the role of the President in these controversies and the foundations of the policy that was followed from the outbreak of the Spanish Civil War until the launching of Operation Torch in 1942 **Official Secrets** Richard Breitman, 2025-09-23 Richard Breitman's *Official Secrets* is an important work based on newly declassified archives As defeat loomed over the Third Reich in 1945 its officials tried to destroy the physical and documentary evidence about the Nazis monstrous crimes about their murder of millions Great Britain already had some of the evidence however for its intelligence services had for years been intercepting decoding and analyzing German police radio messages and SS ones too Yet these important papers were sealed away as Most Secret Never to Be Removed from This Office and they have only now reappeared Integrating this new

evidence with other sources Richard Breitman reconsiders how Germany's leaders brought about the Holocaust and when and reassesses Britain's and America's suppression of information about the Nazi killings His absorbing account of the tensions between the two powers and the consequences of keeping this information secret for so long shows us the danger of continued government secrecy which serves none of us well and the failure to punish many known war criminals World War II Spencer C. Tucker, 2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individual's campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war's direction and outcome Readers will understand the motivations behind Japan's decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war's outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research

Seeking Justice for the Holocaust Graham B. Cox, 2019-09-12 The Nuremberg War Crimes Trial has become a symbol of justice the pivotal moment when the civilized world stood up for Europe's Jews and ultimately for human rights Yet the world represented at the time by the Allied powers almost did not stand up despite the magnitude of the horrors perpetrated by the Nazis Seeking justice for the Holocaust had not been an automatic or an obvious mission for the Allies to pursue In this book Graham Cox recounts the remarkable negotiations and calculations that brought the United States and its allies to this point At the center of this story is the collaboration between Franklin D Roosevelt and Herbert C Pell Roosevelt's appointee as U S representative to the United Nations War Crimes Commission in creating an international legal protocol to prosecute Nazi officials for war crimes and genocide Pell emerges here as an unheralded force in pursuing justice and in framing human rights as an international concern The book also enlarges our perspective on Roosevelt's policies regarding European Jews by revealing the depth of his commitment to postwar justice in the face of staunch opposition even from some within his administration What made the international effort especially contentious was a debate over its focus how to punish for aggressive warfare and crimes against humanity Cox exposes the internal contradictions and contortions behind the U S

position and the maneuverings of numerous officials negotiating the legal parameters of the trials. Most telling perhaps were the efforts of Robert H. Jackson, the chief U.S. prosecutor at Nuremberg, to circumscribe the scope of new international law for fear of setting precedents that might boomerang on the United States because of its own racial segregation practices. With its broad new examination of the background and context of the Nuremberg trials and its expanded view of the roles played by Roosevelt and his unlikely deputy, *Pell Seeking Justice for the Holocaust* offers a deeper and more nuanced understanding of how the Allies came to hold Nazis accountable for their crimes against humanity. — *The Federal Bureau of Investigation* Douglas M. Charles, Aaron J. Stockham, 2022-05-18

This authoritative set provides a one-stop resource for understanding specific FBI controversies as well as for those looking to understand the full history, law enforcement authority, and inner workings of the nation's most famous and important federal law enforcement agency. This authoritative two-volume reference resource uses a combination of encyclopedia entries and primary sources to provide a comprehensive overview of the FBI, detailing its history, most famous leaders and agents, institutional structure and authority, law enforcement responsibilities, reporting relationships to other parts of government, and major events and controversies. Today, the FBI sits squarely at the intersection of major controversies surrounding the presidential campaign and administration of Donald Trump, foreign interference in U.S. elections, and politicization of law enforcement. But the FBI has always been in the political spotlight; its history is dotted with episodes that have come under heavy scrutiny, from its surveillance of civil rights leaders during the 1960s to the methods it employs to combat domestic terrorism in the post-9/11 era. And all the while, FBI agents and offices across the country continue to investigate a wide range of lawbreaking, from organized crime in all its facets to white-collar crime and corruption by public officials. — *The American People in the Great Depression* David M. Kennedy, 2003-11-20

On October 24, 1929, America met the greatest economic devastation it had ever known. In this first installment of his Pulitzer Prize-winning *Freedom from Fear*, Kennedy tells how America endured and eventually prevailed in the face of that unprecedented calamity. Kennedy vividly demonstrates that the economic crisis of the 1930s was more than a reaction to the excesses of the 1920s. For more than a century before the Crash, America's unbridled industrial revolution had gyrated through repeated boom and bust cycles, consuming capital and inflicting misery on city and countryside alike. Nor was the alleged prosperity of the 1920s as uniformly shared as legend portrays. Countless Americans eked out threadbare lives on the margins of national life. Roosevelt's New Deal wrenched opportunity from the trauma of the 1930s and created a lasting legacy of economic and social reform, but it was afflicted with shortcomings and contradictions as well. With an even hand, Kennedy details the New Deal's problems and defeats as well as its achievements. He also sheds fresh light on its incandescent but enigmatic author, Franklin D. Roosevelt. Marshalling unforgettable narratives that feature prominent leaders as well as lesser-known citizens, *The American People in the Great Depression* tells the story of a resilient nation finding courage in an unrelenting storm. — **Encyclopedia of U.S. Military Interventions in Latin America** Alan

McPherson,2013-07-08 This unique reference shows how the United States has intervened militarily politically and economically in Central America South America and the Caribbean from the early 19th century to the present day What do baseball American war crimes and a slice of watermelon have in common in the annals of Latin American history Believe it or not this disparate grouping reflects the cultural and historical remnants of America s military and political involvement in the region As early as 1811 the United States began intervening in the affairs of Central America South America and the Caribbean and it hasn t stopped since This compelling reference analyzes both the major interventions and minor conflicts stemming from our nation s military operations in these areas and examines the people places legislation and strategies that contributed to these events In addition to documented facts and figures the alphabetically organized entries in Encyclopedia of U S Military Interventions in Latin America present fascinating anecdotes on the subject including why the United States once invaded Panama over a slice of watermelon how an intervention in Nicaragua landed our country on trial for war crimes and how the popularity of baseball in Latin America is a direct result of American influence Primary source documents and visual aids accompany the content

The Interpretation of International Investment Law Todd Weiler,2013-05-02 In The Interpretation of International Investment Law Equality Discrimination and Minimum Standards of Treatment in Historical Context author Todd Weiler demonstrates how historical analysis should be adopted in the interpretation of international investment law obligations Weiler subjects some of the most commonly held beliefs about the nature and development of international investment law to a critical re appraisal based upon meticulously assembled historical record In the process the book provides readers with a fresh perspective on some of the oldest obligations in international law This stimulating contribution to the discourse on interpretation of international investment law standards sheds new light on the formation of such primary obligations as fair and equitable treatment protection and security and the customary international law minimum standard of treatment for aliens Additionally a thought provoking historical analysis explains why a one size fits all approach to obligations found in both trade and investment treaties such as MFN treatment and national treatment must be rejected With a keen attention to detail The Interpretation of International Investment Law Equality Discrimination and Minimum Standards of Treatment in Historical Context reveals the dynamic relationship between historical analysis critical theory and the construction of both customary and treaty norms in international investment law
