Secret Diplomacy Of World War :

Secret Diplomacy of World War II. Jacques de Launay,1963 Studies in Secret Diplomacy W. W. Gottlieb,2021-03-30
Originally published in 1957 the original blurb reads From these studies of the secret diplomacy surrounding the entry of Turkey and Italy into the First World War emerges a picture of the complex machinery behind the obvious wheels of international politics The activities of statesmen and diplomats are related to the ramifications of big business banks oil and armament companies The story of each move and counter move told mostly in the actors own words and with many quotations from actual memoranda and dispatches is based on sources which are quite new The Russian collections of confidential correspondence which include foreign diplomatic dispatches intercepted and deciphered in Russia and the latest Documenti Diplomatici Italiani are practically unknown to the British public This material has been integrated with that taken from all the available collections of British French German Austro Hungarian and American diplomatic documents official publications contemporary periodicals and economic and financial data and such mines of information as the diaries recollections and private letters of those involved This unusual combination of source material allows some general conclusions to be drawn as to the laws and logic of the diplomacy of power politics The most striking fact perhaps is the diplomatic war among allies The book brings out the deep seated conflicts of interests in the German Austro Hungarian coalition and those dividing Britain France Russia and Italy in the Near East the Balkans and the Mediterranean Another point of special interest is the inter group and party struggle inside the countries for or against war and another is the genesis of some of the fateful Secret Treaties which bedevilled the peace settlements of 1919 20 Today it can be read and enjoyed in its historical context **Secret Diplomacy of World War II. Transl....** Jacques de Launay,1963 Studies in secret diplomacy ,1911 Vatican Secret Diplomacy Charles R. Gallagher,2008-06-10 In the corridors of the Vatican on the eve of World War II American Catholic priest Joseph Patrick Hurley found himself in the midst of secret diplomatic dealings and intense debate Hurley s deeply felt American patriotism and fixed ideas about confronting Nazism directly led to a mighty clash with Pope Pius XII It was 1939 the earliest days of Pius s papacy and controversy within the Vatican over policy toward Nazi Germany was already heated This groundbreaking book is both a biography of Joseph Hurley the first American to achieve the rank of nuncio or Vatican ambassador and an insider s view of the alleged silence of the pope on the Holocaust and Nazism Drawing on Hurley s unpublished archives the book documents critical debates in Pope Pius s Vatican secret U S Vatican dealings the influence of Detroit s flamboyant anti Semitic priest Charles E Coughlin and the controversial case of Croatia s Cardinal Stepinac The book also sheds light on the powerful connections between religion and politics in the twentieth century International Rivalry and Secret Diplomacy in East Asia, 1896-1950 Bruce Elleman,2019-08-30 East Asia was a major focus of struggle between the United States and the Soviet Union during the Cold War of 1945 to 1991 with multiple hot and cold conflicts in China Korea and Vietnam The struggle for predominance in East Asia however largely

predated the Cold War as this book shows with many examples of the United States and Russia the Soviet Union working to exercise and increase control in the region The book focuses on secret treaties 26 of them signed from the mid 1890s through 1950 when secret agreements between China and the USSR including several concerning the Chinese Eastern Railway gave Russia greater control over Manchuria and Outer Mongolia One of the most important was negotiated in 1945 when Stalin signed the Sino Soviet Friendship Treaty with Chiang Kai shek and the Chinese Nationalists that included a secret protocol granting the Soviet Navy sea control over the Manchurian littorals This secret protocol excluded the US Navy from landing Nationalist troops at the major Manchurian ports thereby guaranteeing the Chinese Communist victory in Northeast China from Manchuria the Chinese Communists quickly spread south to take all of Mainland China To a large degree therefore this formerly undiscussed secret diplomacy set the underlying conditions for the Cold War in East Asia

A History of Diplomacy Jeremy Black,2010-05-15 In A History of Diplomacy historian Jeremy Black investigates how a form of courtly negotiation and information gathering in the early modern period developed through increasing globalization into a world shaping force in twenty first century politics The monarchic systems of the sixteenth century gave way to the colonial development of European nations which in turn were shaken by the revolutions of the eighteenth century the rise and progression of multiple global interests led to the establishment of the modern day international embassy system In this detailed and engaging study of the ever changing role of international relations the aims achievements and failures of foreign diplomacy are presented along with their complete historical and cultural background **Hidden History** Gerry

Docherty,James MacGregor,2013-07-04 Think you know about British history and the causes of the First World War Think again This fascinating and gripping study of events at the turn of the Twentieth Century is a remarkable insight into how political and social factors that we widely accept to be the causes of The Great War were really just a construct put together by a very small but powerful political elite Thought provoking Docherty and Macgregor do not mince their words their arguments are powerful Britain at War Simply astonishing Reader review Very illuminating Reader review You simply MUST read this book Reader review This is a page turner Reader review Hidden History uniquely exposes those responsible for the First World War It reveals how accounts of the war s origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity For ten years they plotted the destruction of Germany as the first stage of their plan to take control of the world The assassination of Archduke Franz Ferdinand was no chance happening It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St Petersburg to that cabal in London Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since The official version is fatally flawed warped by the volume of evidence they destroyed or concealed from public view Hidden History poses a tantalising challenge The authors ask only that you examine

the evidence they lay before you **The Encyclopedia of Diplomacy, 4 Volume Set** Gordon Martel, 2018-04-30 The Encyclopedia of Diplomacy is a complete and authoritative 4 volume compendium of the most important events people and terms associated with diplomacy and international relations from ancient times to the present from a global perspective An invaluable resource for anyone interested in diplomacy its history and the relations between states Includes newer areas of scholarship such as the role of non state organizations including the UN and M decins Sans Fronti res and the exercise of soft power as well as issues of globalization and climate change Provides clear concise information on the most important events people and terms associated with diplomacy and international relations in an A Z format All entries are rigorously peer reviewed to ensure the highest quality of scholarship Provides a platform to introduce unfamiliar terms and concepts to students engaging with the literature of the field for the first time **The Seamen's Journal** , 1926
