Secret Of The Ninth Planet

Donald Wollheim

Secret Of The Ninth Planet:

The Secret of the Ninth Planet Donald A. Wollheim,2023-10-04 In *The Secret of the Ninth Planet* Donald A Wollheim masterfully weaves a narrative that blends science fiction with a compelling mystery set against the backdrop of the solar system The story follows a daring expedition led by a team of scientists who discover the existence of a mysterious ninth planet that defies conventional astronomical theories Wollheim employs a vivid and imaginative literary style characterized by his ability to merge technical accuracy with exuberant speculation reflecting a mid 20th century fascination with space exploration and the unknown The novel invites readers to ponder questions about humanity's place in the cosmos engaging them in a thought provoking discourse on science and ethics in the face of the expanses of space Wollheim was a prominent figure in the science fiction genre not only as an author but also as an influential editor and publisher His profound interest in the potential of human exploration and the scientific advancements of his time led him to craft stories that capture both the wonder and the moral implications of space travel Growing up during the golden age of science fiction Wollheim was inspired by the early visions of space exploration and became a conduit for these ideas through his powerful narratives I highly recommend *The Secret of the Ninth Planet* to anyone seeking an enthralling blend of adventure and science as it exemplifies Wollheim's ability to ignite curiosity about our universe Whether a seasoned sci fi aficionado or a newcomer to the genre readers will find themselves captivated by the potent combination of thrilling narrative imaginative speculation and profound insights into the future of humanity among the stars

The Secret of the Ninth Planet Donald A. Wollheim,2020-03-20 *The Secret of the Ninth Planet* is a science fiction novel written by Donald A Wollheim and first published in 1959 Wollheim takes his heroes on a grand tour of the solar system as that team struggles to prevent an alien force from blowing up the sun

The Secret of the Ninth Planet Wollheim Donald A,2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

The Secret of the Ninth Planet (Jovian Press) Donald Wollheim,2017-06-09 While the circumnavigation of the solar system seems farfetched it may not be once the problem of effective anti gravitational control is solved In this book I have assumed that the many researchers now actually at work on this problem will achieve such a result in the next decade It is not at all impossible that they may for we all know that the more minds that work at a problem the sooner it will be solved The discovery of a means of negating reversing or otherwise utilizing the immense force of gravitation for space flight purposes is now thought to be within the bounds of probability It should occur some time within the next hundred years possibly in even the short period I assume here Once solved the severe handicaps imposed on space exploration by the weight and chemical limitations

of rockets would no longer apply The whole timetable of our conquest of the planets in our solar system would be tremendously speeded up from hot Mercury all the way out to frigid Pluto In describing the visits of the spaceship Magellan to the planets I have endeavored to adhere to known facts and the more reasonable assumptions about each of these worlds The planet Pluto however deserves further comment occupying as it does both an important role in this adventure and a unique one in actual astronomical lore Back at the dawn of this century many astronomers and notably Dr Percival Lowell studied certain irregularities in the orbit and motion of Neptune at that time believed to be the outermost planet They decided that these eccentricities or perturbations as they are called could only be caused by the presence of another yet undiscovered planet beyond Neptune Following this line of research a young astronomer Dr Clyde Tombaugh working at Lowell s own observatory was able to announce on March 13 1930 that he had finally found this ninth world which he named Pluto In the years that have followed Pluto has proven to be a truly puzzling planet Unlike its neighbors from Jupiter outward it is not a giant world light and gaseous in nature Instead it belongs physically to the small dense inner planets of which Earth is one The latest viewpoint on this planet whose size and weight seem quite like those of Earth is that it may not be a true child of the Sun but an outsider captured as it roamed the trackless realms of galactic space Its orbit is highly eccentric and rather lopsided taking it as far away from the Sun as four and a half billion miles and as close to the Sun as two and three quarter billion miles thereby cutting inside the orbit of Neptune itself In fact during the period from 1969 to 2009 covering most of the lifetimes of the younger readers of this book Pluto will not be the ninth planet but the eighth for it will be at its closest in those years Huge Neptune will thus regain temporarily the title of being the Sun s farthest outpost This orbital eccentricity has lead some astronomers to speculate on the possibility that Pluto may once have been briefly held as a satellite of Neptune And following that line of thought the possibility also has been suggested that Neptune s larger moon Triton may once have been a companion of Pluto which failed to break away from Neptune s grip I think that the first men to land on Pluto are going to make some very astonishing discoveries But I am also sure that they will never go there in rockets They will have to make the immense trip by some more powerful means like the anti gravitational drive D A W The Secret of the Ninth Planet (Chinese Edition) Donald Allen Wollheim,2015-05-14 The Secret of the Ninth Planet Chinese edition

Secret of the Ninth Planet Donald Allen Wollheim,2015 The Secret of the Ninth Planet Donald Allen Wollheim,2010-10 When it is discovered that a series of alien installations is destabilizing the sun the experimental spaceship Magellan is called on to disable them before the sun goes nova On an incredible voyage of exploration the Magellan and her intrepid crew travels from one end of the solar system to the other facing new dangers with every landing But to stop the aliens from implementing their plans for destruction they must venture out to the planet Pluto and discover The secret of the ninth planet back cover *The Secret of the Ninth Planet (Hebrew Edition)* Donald Wollheim,2015-05-16 The Secret of the Ninth Planet Hebrew edition **The Secret of the Ninth Planet (Korean Edition)** ,2015-05-17 The Secret of the Ninth
