Secret Societies And The Founding Of America:

The Secret Founding of America Nicholas Hagger, 2016-11-15 The widely accepted story of the founding of America is that The Mayflower delivered the first settlers from Plymouth to the New World in 1620 Yet in reality the Jamestown settlers had already become the first English speaking outpost thirteen years earlier in 1607 The Secret Founding of America introduces these two groups of founders the Planting Fathers who established the earliest settlements along essentially Christian lines and the Founding Fathers who unified the colonies with the Declaration of Independence and the Constitution and it argues that the new nation conceived in liberty was the Freemasons first step towards a new world order Drawing on original findings and an in depth understanding of the political and philosophical realities of the time historian Nicholas Hagger charts the connections between Gosnold and Smith Templars and Jacobites and secret societies and libertarian ideals He also explains how the influence of German Illuminati worked on the constructors of the new republic and shows the hand of Freemasonry at work at every turning point in America s history from Civil War to today s global struggles for democracy

Secret Societies and the Founding of America K. C. Willson, 2003-01 What is the secret destiny of America and who will be its ultimate one world ruler This book answers the shocking question What did our nation s founders really have in mind for the future of America Did they really picture this country as the Land of the Free or did they have a secret agenda in mind that would establish a New World Order for 1000 years to come Unknown to most Americans there is a secret symbolism behind the Great Seal on the back of our dollar bill as well as the true meaning of the eagle the winged serpent and the olive branch The New World Order did not begin with George Bush Senior but has its roots thousands of years ago in the secret societies of Egypt and the Middle East having been implemented by those Illuminated Ones who felt they were born with a God given right to rule and control the masses for the good of the world This book is for every conspiracy buff who sees a hidden meaning to world events and understands the true nature of the beast the New World Order and the Secret Government

Founding Fathers, Secret Societies Robert Hieronimus, 2005-12-28 An exploration of the influence of secret societies on the formative documents and symbols of the United States Reveals the Founding Fathers spiritual vision for America as encoded in the Great Seal Traces the influence of the Iroquois League of Nations upon the Constitution Exposes the deep connections the Founding Fathers had with the Freemasons and other secret societies All children growing up in America learn who the Founding Fathers were Most however never learn of the founders connections to the Freemasons the Rosicrucians and other esoteric orders In Founding Fathers Secret Societies Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols especially the Great Seal He reveals in detail how the reverse of the Great Seal which appears on the back of the one dollar bill is a blueprint that conveys the secret destiny of America By understanding the kabbalistic meaning of the Great Seal s reverse he shows how our current era presents unique opportunities for the fulfillment of our Founding Fathers

spiritual vision **Secret Societies of America's Elite** Steven Sora, 2003-02-24 An expose of the dark and critical role secret societies play within the ruling families in America and their influence on American democracy current events and world history Reveals the enormous influence secret societies still have on contemporary American life Shows how the secret Masonic cells that smuggled in the democratic ideals inspiring the American Revolution also enabled the future elite of the new society to build huge fortunes Elite and secret societies have always been a major force in the history of Western civilization The alliances formed in secret societies such as the Knights Templar the Knights of Christ and the Freemasons transcended patriotism and religious beliefs and had a powerful influence on the establishment of the United States of America While these secret associations of merchants smugglers occultists gamblers spies and slavers succeeded in freeing the United States from foreign domination the dark side is that the elite used their secret connections to further their own wealth and power These secret cells did not hesitate to sponsor the assassination of a president and even attempted to break up the union on several occasions when it was deemed expedient From the Sons of Liberty and the Essex Junto to the Ku Klux Klan secret societies have played critical roles in building the fortunes of America s elite Now Steven Sora reveals in alarming detail how secretive societies continue to wield power even today as organizations such as Yale s Skull Bones unite America s modern ruling families as strongly as Masonic Lodges once connected the Astors Livingstons and Roosevelts Their immense power and wealth allow this elite to control America to an even greater degree than the Templars once dominated Europe

The Secret Temple Peter Levenda, 2020 This is a unique history of Masonry written from the perspective of an educated outsider The author is sympathetic to Masonic goals a historian of secret societies and political conspiracies and an exhaustive researcher He looks back to the earliest roots of the Craft and then traces its influence into modern times From the Bible s Temple of Solomon through the Knights Templars to the Rosicrucians and Illuminati we learn of Masonry s roots and early history Enlightenment philosophy and the revolutionary currents of eighteenth century Europe opened an opportunity for the American experiment Sacred geometry and architecture combined to create Washington DC and the rest as they say is history This second revised and enlarged edition includes a new chapter on Freemasonry in South America from the revolution of Sim n Bol var to the capture and execution of Che Guevara

A Secret Society History of the Civil War Mark A. Lause,2011-12-01 This unique history of the Civil War considers the impact of nineteenth century American secret societies on the path to as well as the course of the war Beginning with the European secret societies that laid the groundwork for Freemasonry in the United States Mark A Lause analyzes how the Old World s traditions influenced various underground groups and movements in America particularly George Lippard s Brotherhood of the Union an American attempt to replicate the political secret societies that influenced the European revolutions of 1848 Lause traces the Brotherhood s various manifestations the most conspicuous being the Knights of the Golden Circle out of which developed the Ku Klux Klan and the Confederate secret groups through which John Wilkes Booth and others attempted to undermine the Union Lause profiles the key leaders of these organizations with special focus on George Lippard Hugh Forbes and George Washington Lafayette Bickley Antebellum secret societies ranged politically from those with progressive or even revolutionary agendas to those that pursued conservative or oppressive goals This book shows

how in the years leading up to the Civil War these clandestine organizations exacerbated existing sectional tensions in the United States. Lause's research indicates that the pervasive influence of secret societies may have played a part in key events such as the Free Soil movement, the beginning of the Republican party, John Brown's raid on Harpers Ferry, Lincoln's election, and the Southern secession process of 1860-1861. This exceptional study encompasses both white and African American secret society involvement, revealing the black fraternal experience in antebellum America as well as the clandestine operations that provided assistance to escaped slaves via the Underground Railroad. Unraveling these pervasive and extensive networks of power and influence, **A Secret Society History of the Civil War** demonstrates that antebellum secret societies played a greater role in affecting Civil War era politics than has been previously acknowledged. **The Most Evil Secret Societies in History** Shelley Klein, 2011-09-30. **The Most Evil Secret Societies in History** examines fifteen of the most notorious organisations the world has ever seen. **Secret Societies** Michael Howard, 2007-12-05. An overview of how esoteric brotherhoods have shaped history. Examines the secret chronology and clandestine causes of seminal world events. Shows how secret societies feed into one another and how they have worked together. For thousands of years secret societies, guardians of ancient esoteric wisdom, have exercised a strong and often crucial influence on the destiny of nations. Though largely ignored by orthodox historians, the Freemasons, Knights Templar, and Rosicrucians affected the course of the French and American Revolutions, as well as the overthrow of the medieval feudal order. Inevitably, the true ideals and esoteric practices of these societies have at times been perverted by self-serving individuals. The Nazis and the Bolsheviks, British security forces, the founding fathers of America, and the Vatican have all justified their actions for good or for ill by claiming the mystic ideals of secret societies. Michael Howard explores these connections, tracing their effects in politics and statecraft from the time of ancient Egypt up to the present. He sheds light on the influence of secret societies on governments and in the lives of many well-known figures, including Frederick the Great, John Dee, Francis Bacon, Benjamin Franklin, Comte de Cagliostro, Helena Blavatsky, Rasputin, and Woodrow Wilson. He contends that the recent formation of the European Union was directed by an umbrella group of secret societies and reveals that though secret societies have been persecuted throughout history, they have survived and continue to operate powerfully in world affairs today.
