Secret Soldier The True Life Story Of Israels Greatest Commando

Robert Rosenberg, Muki Betser

Secret Soldier The True Life Story Of Israels Greatest Commando:

Secret Soldier Robert Rosenberg, Muki Betser, 2011-06-22 A revealing account of a 25 year career in the Israeli special forces adds much to our understanding of Israel's covert fighting arm Kirkus Reviews Israel's premier special warfare commander and counterterrorist specialist Muki Betser was born in Israel's Jezreel Valley and grew up to become one of the leaders of his country's most elite commando unit Sayeret Matkal Newspapers refer to the Sayeret or special reconnaissance forces as the tip of the spear of the Israel Defense Forces IDF But Sayeret Matkal or simply the Unit was the cream of that crop carrying out some of the best known antiterrorist raids of the last twenty five years In this riveting autobiography Betser recounts the inner workings of Israel's elite forces and provides an intimate firsthand account of Israel's previously classified counterterrorist defense missions Muki Betser speaks eloquently of the role of commando units but also deplores violence capping his riveting combat stories with a paean to peace that's all the more poignant because it's penned by a warrior Publishers Weekly

Secret Soldier Muki Betser, Moshe Betser, Robert Rosenberg, 1997 The mesmerizing autobiography of Israel's top counter terrorist commando Muki Betser the man who planned and carried out Israel's most remarkable and daring military actions *Secret Soldier* combines high wire Middle East espionage with a look at the exploits of a true warrior Photos

Secret Soldier Moshe Betser, Robert Rosenberg, 1996 The mesmerizing autobiography of Israel's top counter terrorist commando Muki Betser the man who planned and carried out Israel's most remarkable and daring military actions *Secret Soldier* combines high wire Middle East espionage with a look at the exploits of a true warrior Photos

Journal of Special Operations Medicine, 2006

Understanding the Volatile and Dangerous Middle East Steven Carol, 2019-09-26 The Middle East can be bewildering which is why we need to connect the dots that pull together the political economic diplomatic military cultural and religious pieces of the puzzle Professor Steven Carol slashes through the confusion with a topical approach focusing on key issues such as the geographic features of the Middle East demographics of the region the influence of Islam political processes shifting alliances war in the region and the need for security He also takes a careful look at perpetual negotiations attempts to secure peace and the role that the media play in how we view the region His goal to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs misrepresentations and outright fabrications about the region In a bid to reclaim the truth he shares basic principles relying on factual supporting evidence to prove their validity Seventy eight maps and numerous tables make understanding complex topics easier Whether you're a student educator bureaucrat or politician you'll find insights based on facts in *Understanding the Volatile and Dangerous Middle East*

The Israeli Secret Services and the Struggle Against Terrorism Ami Pedahzur, 2009-02-04 While Mossad is known as one of the world's most successful terrorist fighting organizations the state of Israel has more than once and on many levels risked the lives of its agents and soldiers through unwise intelligence based intervention The elimination of Palestinian leaders and militants has not decreased the incidence of Palestinian terrorism for example In fact these

incidents have become more lethal than ever and ample evidence suggests that the actions of Israeli intelligence have fueled terrorist activities across the globe. An expert on terror and political extremism, Ami Pedahzur, argues that Israel's strict reliance on the elite units of the intelligence community is fundamentally flawed. A unique synthesis of memoir, academic research, and information gathered from print and online sources, Pedahzur's complex study explores this issue through Israel's past encounters with terrorists, specifically hostage rescue missions, the first and second wars in Lebanon, the challenges of the West Bank and Gaza, Palestinian terrorist groups, and Hezbollah. He brings a rare transparency to Israel's counterterrorist activities, highlighting their successes and failures and the factors that have contributed to these results. From the foundations of this analysis, Pedahzur ultimately builds a strategy for future confrontation that will be relevant not only to Israel but also to other countries that have adopted Israel's intelligence-based model.

Fortress Israel Patrick Tyler, 2012-09-18

Once in the military system, Israelis never fully exit, writes the prizewinning journalist Patrick Tyler in the prologue to *Fortress Israel*. They carry the military identity for life, not just through service in the reserves until age forty-nine but through lifelong expectations of loyalty and secrecy. The military is the country to a great extent, and peace will only come, Tyler argues, when Israel's military elite adopt it as the national strategy. *Fortress Israel* is an epic portrayal of Israel's martial culture of Sparta, presenting itself as Athens. From Israel's founding in 1948, we see a leadership class engaged in an intense ideological struggle over whether to become the light unto nations as envisioned by the early Zionists or to embrace an ideology of state militarism with the objective of expanding borders and exploiting the weaknesses of the Arabs. In his first decade as prime minister, David Ben-Gurion conceived of a militarized society dominated by a powerful defense establishment and capable of defeating the Arabs in serial warfare over many decades. Bound by self-reliance and a stern resolve never to forget the Holocaust, Israel's military elite has prevailed in war but has also at times overpowered Israel's democracy. Tyler takes us inside the military culture of Moshe Dayan, Yitzhak Rabin, Ariel Sharon, and Benjamin Netanyahu, introducing us to generals who make decisions that trump those of elected leaders and who disdain diplomacy as appeasement or surrender. *Fortress Israel* shows us how this martial culture envelops every family. Israeli youth go through three years of compulsory military service after high school, and acceptance into elite commando units or air force squadrons brings lasting prestige and a network for life. So ingrained is the martial outlook and identity, Tyler argues, that Israelis are missing opportunities to make peace even when it is possible to do so. The Zionist movement had survived the onslaught of world wars, the Holocaust, and clashes of ideology, writes Tyler, but in the modern era of statehood, Israel seemed incapable of fielding a generation of leaders who could adapt to the times, who were dedicated to ending Israel's isolation or to changing the paradigm of military preeminence. Based on a vast array of sources, declassified documents, personal archives, and interviews across the spectrum of Israel's ruling class, *Fortress Israel* is a remarkable story of character, rivalry, conflict, and the competing impulses for war and for peace in the Middle East.

Encyclopedia of Intelligence and Counterintelligence Rodney Carlisle, 2015-03-26

references to secret agents in The Art of War in 400 B C E to the Bush administration s ongoing War on Terrorism espionage has always been an essential part of state security policies This illustrated encyclopedia traces the fascinating stories of spies intelligence and counterintelligence throughout history both internationally and in the United States Written specifically for students and general readers by scholars former intelligence officers and other experts Encyclopedia of Intelligence and Counterintelligence provides a unique background perspective for viewing history and current events In easy to understand non technical language it explains how espionage works as a function of national policy traces the roots of national security profiles key intelligence leaders agents and double agents discusses intelligence concepts and techniques and profiles the security organizations and intelligence history and policies of nations around the world As a special feature the set also includes forewords by former CIA Director Robert M Gates and former KGB Major General Oleg Kalugin that help clarify the evolution of intelligence and counterintelligence and their crucial roles in world affairs today Victory, Defeat, or Draw David Rodman,2020-12-09 Three outcomes are possible on the battlefield victory defeat or draw An adversary may defeat or be defeated by its adversary or neither of the two may emerge victorious or vanquished Observers of military history have long tried to identify the variables that determine victory defeat or draw While most would certainly acknowledge that decisions on the battlefield are dictated by a combination of variables rather than by a lone circumstance many observers nevertheless tend to stress a single variable for example the number of fighting men and fighting machines deployed by the adversaries or the operational doctrines employed by the opposing forces as far more significant to the explanations of these decisions than other variables This book in contrast takes a multicausal approach to the question of victory defeat or draw proposing that a combination of six organizational materiel and environmental variables are pivotal to the explanation of decision on the battlefield Using the extensive history of the Israel Defense Forces the book examines a sample of eight battles across the ArabIsraeli conflict from 1948 to 1982 in order to determine the collective impact of the six variables on the outcomes of these battles concluding that this basket of variables captures much of the explanation behind victory defeat or draw on the battlefield at least insofar as concerns the record of the IDF While the research in this book is aimed primarily at military historians and military practitioners it is fully accessible to any layperson interested in Israeli military history in particular or international military history in general **Special Operations and Strategy** James D. Kiras,2006-07-29 This book argues that the root of effective special operations lies in understanding the relationship between moral and material attrition this is achieved by examining both strategic theory and real life case studies
