Michael Newton, 2016-10-05 On every continent and in every nation animals unrecognized by modern science are reported on a daily basis. People passionately pursue these creatures; the name given to their field of study is cryptozoology. Coined in the 1950s, the term literally means the science of hidden animals. When the International Society of Cryptozoology (ISC) was formed in 1982, the founders declared that the branch of science is also concerned with the possible existence of known animals in areas where they are not supposed to occur either now or in the past, as well as the unknown persistence of presumed extinct animals to the present time or to the recent past. What makes an animal of interest to cryptozoology is that it is unexpected. This reference work presents a flesh and blood view of cryptozoology. Here 2,744 entries are listed, the majority of which each describe one specific creature or type of creature. Other entries cover 742 places where unnamed cryptids are said to appear, profiles of 77 groups and 112 individuals who have contributed to the field, descriptions of objects and events important to the subject, and essays on cryptotourism and hoaxes, for example. Appendices offer a timeline of zoological discoveries, annotated lists of movies and television series with cryptozoological themes, a list of crypto-fiction titles, and a list of Internet websites devoted to cryptozoology.

Murder With a View Diane Kelly, 2021-02-09 *Murder With a View* is the third book in the delightful cozy mystery series from Diane Kelly set in Nashville, Tennessee, where the real estate market is to die for. A DREAM PROPERTY Carpenter Whitney Whitaker, her cousin Buck, and guard cat Sawdust just scored a hot property near downtown Nashville in a tax sale. While the Music City Motor Court might not be much to look at now, the two plan to transform the motel's twelve units into six one-bedroom condominiums with popular mid-century styling. But surprises await when Whitney discovers a squatter living in Room 9 and her cat Sawdust uncovers a body in the bed next door. A LIVING NIGHTMARE The murder victim is none other than Beckett Morgan, an up-and-coming country western singing sensation who's taken Nashville by storm with his number one hit "Party in the Pasture." Beckett's left a long trail of broken promises and broken hearts, and the list of suspects seems endless. So does the line of female fans intent on halting the flip and turning the construction site into a shrine for the deceased star. If Whitney and Buck don't help Detective Collin Flynn nail the killer, they'll never be able to clear out the star-obsessed groupies, complete the remodel, and recoup their investment. But just who silenced the singer, and why?
