Secret Symmetry Sabina Spielrein Between Jung And Freud

**Adrienne Harris, Margery Kalb, Susan
Klebanoff**

Secret Symmetry Sabina Spielrein Between Jung And Freud:

A Secret Symmetry Aldo Carotenuto, 1982 Here is the fascinating story of Sabina Spielrein a young Russian woman brought to Jung's psychiatric clinic in Zurich to be cured of a serious nervous disorder Once cured of her illness Spielrein falls deeply in love with her analyst Despite his attraction to her Jung chooses to break off the relationship when it threatens to cause a scandal Spielrein then confides in Freud Jung's mentor and father figure and he becomes confessor to them both Through Spielrein's diary and letters the reader is presented with a rare glimpse into the essence of psychoanalytic work and into the lives of three of its key figures Back cover *A secret symmetry : Sabina Spielrein between Jung and Freud* Aldo Carotenuto, Sabina Spielrein, 1982 *Jung and the Native American Moon Cycles* Michael Owen, 2002 Jung and the Native American Moon Cycles describes the life of C G Jung as seen through the lens of the Moon Cycles a Native American teaching about the archetypal influences and forces that affect us at different times in our lives Through this lens we see how the rhythm of Jung's life coincided with the great events of the 20th century This book offers new insights into Jung's life and death and provides a fascinating perspective on some of Jung's more important dreams It also unexpectedly casts new light on Jung's fateful associations with Freud and Picasso and the controversial areas of his life particularly his relationships with women and his supposed anti-Semitism Michael Owen also shows how readers will be able to place the events of their own lives on the Moon Cycles of the Native American Medicine Wheel gaining a new perspective into the births and deaths in their life inner and outer They will see what learning periods are ahead of them and understand the critical importance of the nine month and three year cycles Some of the patterns of time and other insights revealed Both Jung's parents were the thirteenth and youngest in their families Freud died twenty seven years almost to the day after he fainted in Jung's presence and said How sweet it must be to die Jung dreamt of the firebombing of Dresden twenty seven years before it happened Jung's writings about Picasso and its relationship to Jung's death **Odyssey of the Psyche** Jean Kimball, 1997 The result of this confrontation Kimball argues as a central tenet in her unique reading of Ulysses is the gradual development of a relationship between the two protagonists that parallels C G **Cultural Theory and Psychoanalytic Tradition** David Fisher, 2018-02-06 The culture of psychoanalysis has many traditions and multiple schools of theory and thought This work presents informative and original investigations into three overlapping areas of psychoanalytic tradition the history of psychoanalysis psychoanalytic culture criticism and the application of psychoanalytic methods to the study of history In this carefully crafted evaluation of various authors and subjects Fisher's perceptions are informed by a deep and comprehensive knowledge of the psychoanalytic movement its interaction with the wider context of European cultural and political history and its philosophical and clinical origins In examining the history of the movement Fisher attempts to discover the fundamental inspiration of psychoanalysis by returning to the origins of the discipline Freud is the central figure here but Fisher also looks to the second generation of European analysts including such maverick figures as Lacan and Spielrein and

mainstream figures as Fenichel to gain insight into the multidimensional and creative personalities who were drawn to Freud and his ideas In his discussion of psychoanalytic culture criticism Fisher analyzes symbolic meanings and psychological themes from a variety of written works In an analysis of Freud's Civilization audits Discontents the author argues that the figure of Romain Rolland is pervasive throughout the text as symbol muse stimulus and adversary Reading analytic theory and applying it to personalities and situations from the past allowed historians to address issues of their own inner world and to develop breathtaking possibilities for understanding the past Brilliantly written and historical and critical in method Cultural Theory and Psychoanalytic Tradition offers valuable insights into significant themes and ambiguities in the diverse areas of psychoanalysis Intellectual historians and psychoanalysts will find reliable introductions and springboards f

Freud and the Bolsheviks Martin Alan Miller, Professor Martin A Miller, 1998-01-01 This study explores Freud's influence in Russia during the 20th century discussing the lives of the Russian Freudians The author concludes that the oscillations in Russian attitudes toward Freud during Soviet rule reflected shifting tensions within Russian culture at large

Freud's Drive: Psychoanalysis, Literature and Film Teresa De Lauretis, 2008-04-04 Teresa De Lauretis makes a bold and original argument for the renewed relevance of the Freudian theory of drives through close readings of texts ranging from cinema and literature to psychoanalysis and cultural theory Eros and the Shattering Gaze Kenneth A. Kimmel, 2011 This timely and innovative expose by contemporary Jungian psychoanalyst Ken Kimmel reveals a culturally and historically embedded narcissism underlying men's endlessly driven romantic projections and erotic fantasies that has appropriated their understanding of what love is Men enveloped in narcissism fear their interiority and all relationships with emotional depth that prove too overwhelming and penetrating to bear so much so that the other must either be colonized or devalued This wide ranging work offers them hope for transcendence Explores Transcendence of Narcissism in Romance Men's Capacity to Love Kabbalistic Mysticism Post modern Philosophy Contemporary Trends in Psychoanalysis **Ghosts in the Consulting Room** Adrienne Harris, Margery Kalb, Susan Klebanoff, 2016-04-20 Ghosts in the Consulting Room Echoes of Trauma in Psychoanalysis is the first of two volumes that delves into the overwhelming often unmetabolizable feelings related to mourning The book uses clinical examples of people living in a state of liminality or ongoing melancholia The authors reflect on the challenges of learning to move forward and embrace life over time while acknowledging witnessing and working through the emotional scars of the past Bringing together a collection of clinical and theoretical papers Ghosts in the Consulting Room features accounts of the unpredictable effects of trauma that emerge within clinical work often unexpectedly in ways that surprise both patient and therapist In the book distinguished psychoanalysts examine how to work with a variety of ghosts as they manifest in transference and countertransference in work with children and adults in institutional settings and even in the very founders and foundations of the field of psychoanalysis itself They explore the dilemma of how to process loss when it is unspeakable and unknowable often manifesting in silence or gaps in knowledge

and living in strange relations to time and space This book will be of interest to psychotherapists and psychoanalysts as well as social workers family therapists psychologists and psychiatrists It will appeal to those specializing in bereavement and trauma and on a broader level to sociologists and historians interested in understanding means of coping with loss and grief on both an individual and larger scale basis

The Subversive Edge of Psychoanalysis David James Fisher, 2024-11-08

The Subversive Edge of Psychoanalysis examines the radical and non conformist perspectives of both classical and contemporary psychoanalysis The chapters included in this book span the course of David James Fisher s career They contextualize significant cases from the recent history of psychoanalysis critically analyze key aspects of psychoanalytic work consider the role of psychoanalysis in the history of the twentieth century and provide biographical sketches of major figures in the field The book concludes with a cogent interview of the author by a distinguished psychohistorian depicting how subjectivity family themes politics and cultural affinities marked his choice of subject matter and methodology his identifications and his antipathies The Subversive Edge of Psychoanalysis will appeal to mental health professionals and students with an interest in psychoanalytic practice and theory and academics and researchers who are fascinated by the subversive non conforming aspects of both classical and contemporary psychoanalysis
