A Bibliography of Modern Arthuriana (1500-2000) Ann F. Howey,Stephen Ray Reimer,2006 Annotated bibliography of the Arthurian legend in modern English language fiction not only in literary texts but in television music and art The legend of Arthur has been a source of fascination for writers and artists in English since the fifteenth century when Thomas Malory drew together for the first time in English a variety of Arthurian stories from a number of sources to form the Morte Darthur It increased in popularity during the Victorian era when after Tennyson s treatment of the legend not only authors and dramatists but painters musicians and film makers found a source of inspiration in the Arthurian material This interdisciplinary annotated bibliography lists the Arthurian legend in modern English language fiction from 1500 to 2000 including literary texts film television music visual art and games It will prove an invaluable source of reference for students of literary and visual arts general readers collectors librarians and cultural historians indeed by anyone interested in the history of the ways in which Camelot has figured in post medieval English speaking cultures ANN F HOWEY is Assistant Professor at Brock University Canada STEPHEN R REIMER is Associate Professor at the University of Alberta Canada

The Mammoth Book of King Arthur Mike Ashley,2011-09-01 The most complete guide ever to the real Arthurian world and the legends that surround it He defeated the Saxons so decisively at the Battle of Badon that he held the Saxon invasion of Britain at bay for at least a generation He has inspired more stories books and films than any other historical or legendary figure But who was the real King Arthur Here is the most comprehensive guide to the real Arthurian world and the legends that surround and often obscure it Sifting fact from fancy Mike Ashley reveals the originals not only of King Arthur but also of Merlin Guinevere Lancelot and the knights of the Round Table as well as all the major Arthurian sites He traces each of the legends as they developed and brilliantly shows how they were later used to inspire major works of art poetry fiction and film There is clear evidence that The Arthurian legends arose from the exploits of not just one man but at least three originating in Wales Scotland and Brittany The true historical Arthur really existed and is distantly related to the present royal family The real Arthur and the real Merlin never knew each other The real Lancelot was not British but was closer to a sixth century asylum seeker The Holy Grail legend probably grew out of a cosmic catastrophe that could have destroyed most of civilization

The Secret History of the World and How to Get Out Alive Laura Knight-Jadczyk,2005 Previously published as Ancient Science Secret History contains 150 pages of new material The Secret History of The World and How

To Get Out Alive is the definitive book of the real answers where Truth is more fantastic than fiction. Laura Knight Jadczyk, wife of internationally known theoretical physicist Arkadiusz Jadczyk, an expert in hyperdimensional physics, draws on science and mysticism to pierce the veil of reality. With sparkling humour and wisdom, she picks up where Fulcanelli left off, sharing over thirty years of research to reveal for the first time The Great Work and the esoteric Science of the Ancients in terms accessible to scholar and layperson alike. Conspiracies have existed since the time of Cain and Abel. Facts of history have been altered to support the illusion. The question today is whether a sufficient number of people will see through the deceptions, thus creating a counter force for positive change, the gold of humanity during the upcoming times of Macro Cosmic Quantum Shift. Laura argues convincingly, based on the revelations of the deepest of esoteric secrets, that the present is a time of potential transition, an extraordinary opportunity for individual and collective renewal, a quantum shift of awareness and perception which could see the birth of true creativity in the fields of science, art, and spirituality. The Secret History of the World allows us to redefine our interpretation of the universe, history, and culture, and to thereby navigate a path through this darkness. In this way, Laura Knight Jadczyk shows us how we may extend the possibilities for all our different futures in literal terms. With over 800 pages of fascinating reading, The Secret History of The World and How to Get Out Alive is rapidly being acknowledged as a classic with profound implications for the destiny of the human race. With painstakingly researched facts and figures, the author overturns long-held conventional ideas on religion, philosophy, Grail legends, science, and alchemy, presenting a cohesive narrative pointing to the existence of an ancient techno-spirituality of the Golden Age which included a mastery of space and time, the Holy Grail, the Philosopher's Stone, the True Process of Ascension. Laura provides the evidence for the advanced level of scientific and metaphysical wisdom possessed by the greatest of lost ancient civilizations, a culture so advanced that none of the trappings of civilization as we know it were needed, explaining why there is no evidence of civilization as we know it left to testify to its existence. The author's consummate synthesis reveals the Message in a Bottle reserved for humanity, including the Cosmology and Mysticism of mankind Before the Fall, when, as the ancient texts tell us, man walked and talked with the gods. Laura shows us that the upcoming shift is that point in the vast cosmological cycle when mankind, or at least a portion of mankind, has the opportunity to regain his standing as The Child of the King in the Golden Age. If ever there was a book that can answer the questions of those who are seeking Truth in the spiritual wilderness of this world, then surely The Secret History of the World and How to Get Out Alive is it. **Lost Gold of the Dark Ages** Caroline Alexander, 2011.
