Hearts of Darkness John Liebert, William J. Birnes, 2014-05-06 From Sandy Hook Connecticut to Aurora Colorado to Tucson Arizona this nation has been racked from coast to coast with mass shootings perpetrated by criminals with sick minds Authors Dr Liebert and Dr Birnes believe the increase in violence is an epidemic and dig deep into the causes of mental illness to determine what exactly is going on with these individuals and society as a whole and what action can be taken to slow this frightening trend toward mass violence Dr Liebert and Dr Birnes believe that many mass suicides are predictable and preventable Dr Liebert uses his extensive experience in psychopathology and criminal psychology to describe how clinicians can identify the behaviors of potential suicidal mass killers and possibly prevent their crimes if they read the warning signs when legal opportunities present themselves such as when recurrent
