Secret Isaac:

Seven Secrets Discover the Torah Code James N. Schloner, 2014-09-27 Seven secrets reveals the deepest secrets of the Bible The Ancients knew the power of Gods names and how Gods names are edited into the deep Torah text On this subtle secret level God lives in the book Seven reveals this ancient teaching for the first time These Seven Secrets awaken God in the text and enlivens Gods presence in our lives Access these secrets and connect directly with Gods presence now Make the connection now Journey into the depth of the Torah Discover the Secret Life of God **Move to the Next Level** Olatunde Adepoju, 2007-05-22 The bible in II Corinthians 3 18 says we go from glory to glory God expects us as His children to move from one level of glory to another In other words we are not expected to be stagnant in our Christian walk The book Move to the Next Level talks about the five levels every Christian must go through in their Christian walk what to do to move from one level to the next The five levels will prepare us for heaven and for the second coming of Christ Great prophets and men of God went through these stages Particular reference is made to Abraham the father of faith Paul the Apostle the apostles of Jesus Christ who became martyrs for the sake of the gospel and many others **The Messianic Secret of Hasidism** Mor Altshuler, 2006-11-01 This book describes a circle of Eastern European Kabbalists that established Hasidism an important movement that has influenced Jewish Mysticism Yiddish culture and Hebrew literature It uncovers the messianic motivation concealed in Hasidic writings after the failure of their 1740 1781 attempts to hurry redemption The book opens with the Besht the legendary founder of Hasidism and continues with the first Hasidic court founded by one of his prominent disciples the preacher of Zlotshov The group s redemptive activities are revealed through their mystical rituals their self image as representatives of the ten Sefirot and the status of their leader the Righteous One as a vivid symbol of the divine influx The book is especially important for scholars and students of Judaism as well as scholars of mysticism and messianism seeking to comprehend the transformation of a messianic circle of devotees into a mass movement that changes the culture of an entire nation **A Prophetic Peace** Alick Isaacs, 2011-09-06 Real philosophy for the real world if you re interested in peace read it Ebor Challenging deeply held convictions about Judaism Zionism war and peace Alick Isaacs s combat experience in the second Lebanon war provoked him to search for a way of reconciling the belligerence of religion with its messages of peace In his insightful readings of the texts of Biblical prophecy and rabbinic law Isaacs draws on the writings of Ludwig Wittgenstein Jacques Derrida Abraham Joshua Heschel and Martin Buber among others to propose an ambitious vision of religiously inspired peace Rejecting the notion of Jewish theology as partial to war and vengeance this eloquent and moving work points to the ways in which Judaism can be a path to peace A Prophetic Peace describes an educational project called Talking Peace whose aim is to bring individuals of different views together to share varying understandings of peace **Autopsia** Marius Timmann Mjaaland, 2008-08-27 There are certain things that can be explained and certain things that cannot be explained This book is about the latter It is a book about death how death interrupts and

influences the reflection on the self It is a book about God a detailed and critical discussion on how Kierkegaard and Derrida apply the concept of God in their philosophical reflections The most ground breaking analysis concerns the famous passage on the self A A in *The Sickness unto Death* where the author combines logical rhetorical and dialectical means to establish a new perspective on Kierkegaard s thinking in general The Cartesian doubt then constitutes a common trait for his detailed and rigorous analysis of Derrida and Kierkegaard on death madness faith and rationality showing how they both seek to break up the Hegelian *Aufhebung* from within but still remain dependent on Hegel After Kierkegaard and Derrida the certainty and total uncertainty of death and of God as infinite other gives the self a basic though non foundational responsibility The significance of this responsibility of this other of this death requires sustained and thorough consideration Where others mark a conclusion this book therefore marks a point of departure reflecting on oneself at the graveside of a dead man thus introducing an Autopsia

Video Game Chronotopes and Social Justice Mike Piero, 2022-01-25 Video Game Chronotopes and Social Justice examines how the chronotope which literally means timespace is an effective interpretive lens through which to understand the cultural and ideological significance of video games Using slow readings attuned to deconstruction along the lines of post structuralist theory gender studies queer studies continental philosophy and critical theory Mike Piero exposes the often overlooked misogyny heteronormativity racism and patriarchal structures present in many Triple A video games through their arrangement of timespace itself Beyond understanding time and space as separate mechanics and dimensions Piero reunites time and space through the analysis of six chronotopes of the bonfire the abject the archipelago the fart as pharmakon madness and coupled love toward a poetic meaning making that is at the heart of play itself all in affirmation of life equity and justice

Conversations with Jerome Charyn Sophie Vallas, 2014-09-30 This volume of fourteen interviews covers the prolific and rich career of author Jerome Charyn b 1937 Four of the interviews appear in English for the first time and two interviews appear here in print for the first time as well As one of his autobiographical volumes claims Jerome Charyn is a Bronx Boy a child born from immigrant parents who went through Ellis Island in the 1920s like so many other travelers without luggage a little werewolf who grew up on his own in the chaos of the Bronx ghetto I think I was defined by two things World War II and the movies His work remains deeply marked by this childhood largely forgotten by the American Dream If Charyn has spent much of his life in Paris he has paradoxically never

left the Bronx El Bronx is there inside my head and I revisit it the way Hemingway would fish the Big Two Hearted River in his dreams His whole work is a long attempt at evoking his own history and celebrating his lifelong marveling at the power of language our second skin as well as his deep unflinching belief in the promises of fiction Since 1964 Charyn has published more than fifty books ranging from fiction to nonfiction and including short stories very popular crime novels graphic novels cowritten with European artists essays on American culture and cinema as well as on New York autobiography and biography an ever changing production that has made it difficult for critics to classify him And yet in many ways Charyn s writing thrives on constant currents the words voice song undersong or rhythm return frequently in his interviews as he explains what literature is to him and ceaselessly asserts that he is trying to find a music for a musicless world a language for people who cannot speak
