Man's World Mark Million, 2012-04-01 There is a secret world in which every man inherently belongs. It's an unseen world of persuasive male influence driven by greed, selfish desires, and dangerous dark motives fueled by incessant self gratification. No woman is ever to know. These thoughts and feelings aren't limited to your everyday man but shared by the highly educated and powerful men of society as well. I witnessed this firsthand after having the opportunity to meet these high powered men. From the biggest celebrities and sports stars to the wealthiest men on our planet, we all instinctively protect the male code because it gives us a supreme advantage over the women of our society. Most women think they know everything there is to know about the men in their lives. The truth is every man lives two lives. One is the deceptive illusion we are taught to present to society and the women in it. The second is the real man only seen by other men. We men discuss this subject openly in our social world but never to reveal it to women because that would break the male code. It's between men and men only. Until now. *Sex, Secrets, and Lies* Marie Miranti Burnett Ph. D., 2005-02 In *Sex Secrets and Lies* author Marie Miranti Burnett PhD encourages husbands and wives to rethink their vows and consider whether sexual exclusivity should remain the rigid foundation of a good marriage, an ideal that too often leads to secrets and lies and the dissolution of relationships meant to last a lifetime. To strengthen the vow until death do us part, it may be necessary to place less importance on the vow to forsake all others. Honest conversations about our sexual needs could lead to real changes in the institution of marriage for the twenty first century. To guide the conversation, Dr. Burnett draws on her thirty years of clinical experience listening to the secrets of men and women grappling with their warring needs for freedom and commitment. She shares the stories told to her by urban educated thirty something clients whose values and struggles reflect the significant changes in our sex lives over the past half century. In *Sex Secrets and Lies*, Dr. Burnett informs couples that a solid marriage consists of an honest ongoing conversation requiring courageous disclosure and respectful listening that promotes understanding and forgiveness and that having someone to count on for a lifetime may be the true meaning of monogamy.

THE MAN CRISIS Shawn James, There's a crisis going on with men and boys in America. Unfortunately, most people in America aren't talking about it. During this Man Crisis, millions of men and boys have been suffering in silence for the last three decades. As they've become more frustrated, angry, and despondent about a world where they believe there's no place for them, a growing number of men are participating in self destructive and violent behaviors. And an increasing number are committing suicide. In this book, I'll detail how the redefinition of manhood and masculinity by women has led to men being in crisis today. And how this growing crisis among men could do long term damage to America's culture and civilization in the future.
