phenomenon a way that poets have come to terms with the critical dilemmas of our moment Highlighting the importance of poets peripheral vision awareness of the institutional conditions that frame encounters with art the author contend that a museum visit becomes a forum for questioning oppositions that have preoccupied literary criticism for the past 50 years homage and innovation modernism and postmodernism subjectivity and collectivity The study shows that ekphrasis becomes a strategy for negotiating these impasses a mode of political inquiry a meditation on canonization a venue for comic appraisal of institutionalization and a means of site specific feminist revision in a vital synthesis of critique perspicacity and pleasure
