Hunter,2021-06-13 Do you want to last longer in bed For those who want to last longer in bed and deliver more pleasure to your partner during your sexual experience it should come as no surprise that slowing things way down is one of the simplest ways to achieve this end Very often we treat sex as an afterthought If we have time we might squeeze it into our days somewhere or perhaps before bed if we re not too tired With this mentality sex is only a rare treat or perhaps a chore to be endured rather than a major avenue of bonding and experiencing transcendental pleasure with your partner The health of one s relationship is every bit as important in one s life as one s physical mental and emotional health When our love lives are not in harmony it throws everything else out of whack too A peaceful and loving relationship on the other hand can bring harmony and healing when all else has gone awry Because our relationships are such a central part of our lives we owe it to ourselves and our partners to treat them as a priority rather than an afterthought One of the great insights about life is knowing that we have time for what we make time for Give yourself permission to slow down knowing that you and your partner deserve the fullest and most pleasure packed experience that is possible for you This book covers What is Kama Sutra What is Tantric Sex How to Prepare Your Mind and Body for Sex Tips for Beginners Tantric Massage Techniques Dirty Talk Orgasm Kama Sutra and Tantric Positions for Him Kama Sutra and Tantric Positions for Her Sex Positions During Pregnancy Best Positions for Oral Sex Sexual Positions to Get Pregnant Practical Exercises for Better Sex And much more
