The Secret Art of Boabom Asanaro, Joice Buccarey, Benjamin Kelley, 2006-10-05. The success of The Secret Art of Seamm Jasani by Asanaro surprised many who wondered whether a little known Tibetan movement system would be able to compete with yoga, spinning classes and tai chi. After several printings and thousands of Seamm Jasani converts, the secret is out. Seamm Jasani schools have cropped up across the country thanks to the popularity of Asanaro's book and more people than ever are discovering Seamm Jasani. For students eager to continue learning about ancient Tibetan body movement arts or for anyone curious about cutting edge strength and spiritual training, The Secret Art of Boabom is a must read. A cross between martial arts and yoga, Boabom is an ancient system of relaxation, meditation, breathing and defense originating in pre-Buddhist Tibet. The movements contained within the collective Arts of Boabom are designed to develop vitality and internal energy as well as mind and body balance which are achieved through movements of defense, self-healing, relaxation and meditation. Boabom provides quick relief from stress and improves focus and confidence as well as physical condition and mental well-being. The Secret Art of Boabom includes detailed descriptions and more than three hundred instructional drawings of Boabom movements as well as information about its positive effects. But The Secret Art of Boabom is more than just a how-to book. Combining the thrill of adventure, nonfiction, the depth of history and the profundity of philosophy along with the practicality of a guidebook, Asanaro offers this companion to those eager to explore the secrets of ancient Tibet in order to improve their health and well-being.

The Secret Art of Seamm Jasani Asanaro, 2003-06-23. More than 10,000 years ago in the ancient Himalayan Mountains, an ancestral civilization committed itself to the study and development of the Science and Art for Eternal Youth. A form kept in close secrecy for millennia is now revealed for the first time in this practical and dynamic guidebook. The teachings focus on cultivating the powers of the individual's mind, the harmony of movements and the discovery of internal potentialities as the ultimate force of self-healing to extend one's lifetime. Comparable to a cross between yoga and tai chi, this ancient Tibetan system is designed to increase vitality, balance and Inner Energy. The Secret Art consists of slow and fluid movements that improve coordination and strengthen equilibrium between body and mind through various breathing and movement techniques. In particular, Seamm Jasani is known for its combination of relaxation, active motion and breathing exercises.

The Secret Art of Pressure Point Fighting Vince Morris, 2008-05-28. From a ninth Dan Master, a guide to disabling anyone using minimal force with 300 step-by-step photos showing each vital point and strike. Ancient martial arts legends tell of masters who possess a mysterious ability to defeat an opponent and in some cases even cause death with one perfectly placed blow. The Secret Art of Pressure Point Fighting transforms the myth into a modern anatomically based self-defense technique that allows smaller defenders to defeat larger attackers by striking at the vulnerable points on their bodies. Written

by one of the world's leading authorities and clearly illustrated with photos of each pressure point this book shows how knowledge of the body's vulnerable points can enhance both competitive fighting and personal self defense skills The Secret Art of Pressure Point Fighting doesn't teach theoretical strikes it presents the actual moves used throughout the world by military special forces and law enforcement agencies to disable opponents as quickly as possible The moves in this book are straightforward and easy to learn They are designed to empower anyone regardless of size or physical strength with the ability to stop an attacker using a minimal amount of physical strength
