15 lakhs After completion of my post graduation I joined as a Business planning and Control Executive with Michlin at Singapore and worked for 2 years It s me who asked my father to write this book to help students whatever be the stream of education they choose I agree with him that spending millions of rupees on education is a luxury not every one can afford When a parent is able to invest a simple ten minutes a day and enthuse the child to do better as a Chartered Accountant I can assure that it would be the best investment one could ever ask for
