Lotusland David Joiner, 2025-02-26 In its revised ten year anniversary edition Lotusland remains one of the only works of fiction by a US author to bridge the literary gap between the Vietnam War and contemporary Vietnam Nathan Monroe is a 28 year old American living in Saigon who falls in love with a talented and ambitious Vietnamese painter When he faces crises of love and his own ambitions his safety net appears in the form of Anthony an old domineering friend in Hanoi who runs a successful real estate firm Only much later does Nathan discover that Anthony has plans for him which clash with his desire to integrate into Vietnamese life Little do they know what lies in store for them after Anthony recklessly takes both of their futures into his own hands With lyrical prose and an eye on the social dynamics of a culture undergoing great change Lotusland dramatizes the power imbalances between Westerners living abroad and between Westerners and Vietnamese in love and friendship in the consequences of war and in the pursuit of dreams This edition features a brand new cover

foreword two author interviews and an essay by the author on writing about Vietnam Canadian Baptist Fundamentalism, 1878-1978 Taylor Murray, Paul R. Wilson, 2022-04-01 As the first single volume work to present a national picture of Baptist engagement with the fundamentalist movement in Canada in the late nineteenth and twentieth centuries Canadian Baptist Fundamentalism fills an important gap in the historiography It explores the contributions of well known fundamentalists such as T T Shields William Bible Bill Aberhart and J J Sidey while also introducing the reader to several lesser known figures including Joshua Denovan E J Stobo and T A Meister Together these studies demonstrate the diversity of the fundamentalist movement as it emerged and developed across Canada By drawing on material from across the country Canadian Baptist Fundamentalism addresses old themes in new ways and in the process raises a variety of questions and possibilities for new avenues of study **The Evolution of Consciousness** David R. Hawkins, M.D., Ph.D., 2024-10-15 Spiritual teacher and best selling author of Letting Go offers a thorough explanation of the levels of consciousness In this book renowned spiritual

teacher Dr David R Hawkins offers an in depth look at each level in the Map of Consciousness and how it relates in general to the whole field of consciousness He also defines what is meant by linear and nonlinear content and context as well as the radical state of subjectivity awareness and consciousness The Map of Consciousness is used to illuminate the understanding of the ego and our programs and how to be free of them As Dr Hawkins explains the Map is not a hierarchy of worthiness but more like a prism that breaks up the light into different colors Spiritual work is making choices that move us up toward the Light In the second half of this book Dr Hawkins explores How to transcend positionalities Why just hearing certain information can be transformational That there is no such thing as nothingness The Progressive Fields of Realization and the

theory of evolution How to disassemble the ego The basics of quantum mechanics Throughout Dr Hawkins speaks on the emergence of positive spiritual energy that is dominating the consciousness field of mankind with profound implications for everyone The whole use of this scale the whole use of what we learn from it is merely to support the intention on the part of everyone here to move forward in consciousness and to fulfill the human potential *Lotusland* WR Woodbury,2023-04-01

own interests for the well being of others apply to the charitable behaviors encouraged by all world religions In *Altruism in World Religions* prominent scholars from an array of religious perspectives probe the definition of altruism to determine whether it is a category that serves to advance the study of religion Exploring a range of philosophical and religious thought from Greco Roman *philia* to Judaism Christianity and Islam from Hinduism in India to Buddhism and the religions of China and Japan the authors find that altruism becomes problematic when applied to religious studies because it is in fact a concept absent from religion Chapters on Judaism Christianity and Islam reveal that followers of these religions cannot genuinely perform self sacrificing acts because God has promised to reward every good deed Moreover the separation between the self and the other that self sacrifice necessarily implies runs counter to Buddhist thought which makes no such distinction By challenging our assumptions about the act of self sacrifice as it relates to religious teachings the authors have shown altruism to be more of a secular than religious notion At the same time their findings highlight how charitable acts operate with the values and structures of the religions studied
