The Norton Anthology of Literature by Women Sandra M. Gilbert,Susan Gubar,2007 Long the standard teaching anthology the landmark Norton Anthology of Literature by Women has introduced generations of readers to the rich variety of women s writing in English **The Matrilineal Heritage of Louisa May Alcott and Christina Rossetti** Azelina Flint,2021-07-29 In an unprecedented comparison of two of the most important female authors of the nineteenth century Azelina Flint foregrounds the influence of the religious communities that shaped Louisa May Alcott s and Christina Rossetti s visions of female creativity In the early stages of the authors careers their artistic developments were associated with their patrilineal connections to two artistic movements that shaped the course of American and British history the Transcendentalists and Pre Raphaelites Flint uncovers the authors rejections of the individualistic outlooks of these movements demonstrating that Alcott and Rossetti affiliated themselves with their mothers and sisters religious faith Applying the methodological framework of women s mysticism Flint reveals that Alcott s and Rossetti s religious beliefs were shaped by the devotional practices and life writing texts of their matrilineal communities Here the authors iconic portrayals of female artists are examined in light of the examples of their mothers and sisters for the first time Flint recovers a number of unpublished life writings including commonplace albums and juvenile newspapers introducing readers to early versions of the authors iconic works These recovered texts indicate that Alcott and Rossetti portrayed the female artist as a mouthpiece for a wider community of women committed to social justice and divine communion By drawing attention to the parallels in

the authors familial affiliations and religious beliefs Flint recuperates a tradition of nineteenth century women s mysticism that departs from the individualistic models of male literary traditions to locate female empowerment in gynocentric relationships dedicated to achieving a shared revelation of God Scribbles, Sorrows, and Russet Leather Boots: The Life of Louisa May Alcott Liz Rosenberg, 2021-10-12 Insightful exciting and deeply moving Liz Rosenberg s distinctive portrait of the author of Little Women reveals some of her life s more complex and daring aspects Moody and restless teenage Louisa longed for freedom Faced with the expectations of her loving but hapless family the Alcotts and of nineteenth century New England society Louisa struggled to find her place On long meandering runs through the woods behind Orchard House she thought about a future where she could write and think and dream Undaunted by periods of abject poverty and enriched by friendships with some of the greatest minds of her time and place she was determined to have this future no matter the cost Drawing on the surviving journals and letters of Louisa and her family and friends author and poet Liz Rosenberg reunites Louisa May Alcott with her most ardent readers In this warm and sometimes heartbreaking biography Rosenberg delves deep into the oftentimes secretive life of a woman who was ahead of her time imbued with social conscience and always moving toward her future with a determination that would bring her fame tragedy and the realization of her biggest dreams

Reclaiming Authorship Susan S. Williams, 2013-06-15 There was in the nineteenth century a distinction made between writers and authors Susan S Williams notes the former defined as those who composed primarily from mere experience or observation rather than from the unique genius or imagination of the latter If women were more often cast as writers than authors by the literary establishment there also emerged in magazines advice books fictional accounts and letters a specific model of female authorship one that valorized natural feminine traits such as observation and emphasis on detail while also representing the distance between amateur writing and professional authorship Attending to biographical and cultural contexts and offering fresh readings of literary works *Reclaiming Authorship* focuses on the complex ways writers such as Maria S Cummins Louisa May Alcott Elizabeth Keckley Mary Abigail Dodge Elizabeth Stuart Phelps and Constance Fenimore Woolson put this model of female authorship into practice Williams shows how it sometimes intersected with prevailing notions of male authorship and sometimes diverged from them and how it is often precisely those moments of divergence when authorship was reclaimed by women The current trend to examine women writers rather than authors marks a full rotation of the circle and writers can indeed be the more capacious term embracing producers of everything from letters and diaries to published books Yet certain nineteenth-century women made particular efforts to claim the title author Williams demonstrates and we miss something of significance by ignoring their efforts *The Louisa May Alcott Encyclopedia*
