Touchstone,1998-01-01 **An Outline of Shreveport and Caddo Parish History** James Fair Hardin,1935 *North Caddo Parish* Sam Collier,2007-09-19 Today three towns and five villages are located in north Caddo Parish while the memories of 10 historic communities remain strong In 1835 the United States purchased close to one million acres of land from the Caddo Confederacy of Native Americans the Louisiana portion became known as Caddo Parish The Indian agency s protection of that land delayed the settlement of the parish for 25 years or more after it began in other parts of Louisiana Texas and Arkansas The Red River logjam that existed for a few hundred years backed up bayous which in return created navigable streams and lakes The uplands contained massive stands of virgin timbers and bountiful fruit berries fish and game The first land patents were sold in 1841 and by 1850 the area was known as Caddo Prairie For a majority of the next 100 years steamboat traffic homesteaders plantations subsistence farmers logging operations entrepreneurs and a building boom brought on by the railroad and oil industries uniquely melded to define local cultural history Louisiana History ,2009 **Historic Shreveport-Bossier** Marguerite R. Plummer,Gary D. Joiner,2000 *Caddo:1000* Viola Carruth,2025-02-12 The first detailed history of Caddo Parish Louisiana and the nearby area written in chronological order Mrs Carruth has bridged the episodes in Shreveport s development and related them to state and national events in this 1970 edition History when it comes right down to the writing of it has a way of rewarding the vigilant community and penalizing the improvident The stuff from which it is made can be as enduring as a hierglyphic or as fragile as gauze Frequently events which seem trivial at the moment take on significance later but details become clouded by time s passage and slip to diminished worth while the historian is striving to grasp the precise picture A community then should be sensitive to the footfalls of time because the worn which fails to assess its happenings at reasonbale intervals finds history elusive to those cherishing it too

late In 1817 Captain Shreve invented what became the typical Mississippi steamboat He added luxury to riverboat travel with private rooms barrooms and served epicurean meals with much formality He was credited with coining the maritime term stateroom because he used the names of states rather than numbers to designate the cabins Women's Dress and Casual Shoes ,1972 *Wicked Shreveport* Bernadette J. Palombo,Gary D. Joiner,W. Chris Hale,Cheryl H. White,2012-03-04 In the rough and tumble days of the nineteenth century Shreveport was on the very edge of the countrys western frontier It was a city struggling to tame lawlessness and its streets were rocked by duels lynchings and shootouts A new century and Prohibition only brought a fresh wave of crime and scandal The port city became a haunt for the likes of notorious bank robbers Bonnie and Clyde and home to the influential socialite and Madam Annie McCune From Fred Lockhart aka the Butterfly Man to serial killers Nathaniel Code and Danny Rolling Shreveport played reluctant host to an even deadlier cast of characters Their tales and more make up the devilish history of the Deep South in *Wicked Shreveport* **The Harvard Guide to African-American History** Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Lynching and Vigilantism in the United States** Norton Moses,1997-02-25 Beginning with the 1760s when lynching and vigilantism came into existence in what is now the United States this bibliography fills a void in the history of American collective violence It covers over 4 200 works dealing with vigilante movements and lynchings including books articles government documents and unpublished theses and dissertations Following a chapter listing general works the book is arranged into four chronological chapters a chapter on the frontier West a chapter on anti lynching and chapters on literature and art The book opens with a chapter devoted to general works It then includes chapters on the period from the Colonial era to the Civil War the Civil War through 1881 and the periods from 1882 to 1916 and 1917 to 1996 The work then turns to the frontier West and to anti lynching bills laws organizations and leaders Finally the book includes chapters on vigilantism in literature and art *Red River Waterway and Related Projects (LA, TX, AR, OK)* ,1973 Lessons in the History of Louisiana John Bull Smith Dimitry,1877 *Eavesdropping on Texas History* Mary L. Scheer,2017-02-15 Most writers and readers of history have at one time or another wished that they could have been at some particular defining event in history Whether it was a moment of a great decision a major turning point that changed everything or simply an intriguing occurrence many scholars and others have on occasion wished that they could have been there Texas history provides infinite Lone Star episodes to consider rooted in the widespread assumption that Texas is a colorful unique and exceptional place with larger than life heroes and narratives Mary L Scheer has assembled fifteen contributors to explore special moments in Texas history The contributors assembled for this anthology represent many of the all stars among Texas historians two State Historians of Texas two past presidents of TSHA four current or past presidents of ETHA two past presidents of WTHA nine fellows of historical associations two Fulbright

Scholars and seven award winning authors Each is an expert in his or her field and provided in some fashion an answer to the question At what moment in Texas history would you have liked to have been a fly on the wall and why The choice of an event and the answers were both personal and individual ranging from familiar topics to less well known subjects One wanted to be at the Alamo Another chose to explore when Sam Houston refused to take a loyalty oath to the Confederacy One chapter follows the first twenty four hours of Lyndon Baines Johnson s presidency after Kennedy s assassination Others write about the Dust Bowl coming to Texas or when Texas Southern University was created Their respective essays are not written as isolated occurrences or moments but as causal developments presented within the larger social and political context of the period

The Road to Camelot Thomas Oliphant,Curtis Wilkie,2017-05-09 A provocative reconstruction of John F Kennedy s five year campaign for the White House The New Yorker beginning with his bold failed attempt to win the vice presidential nomination in 1956 and culminating when he plotted his way to the presidency and changed the way we nominate and elect presidents John F Kennedy and his young warriors invented modern presidential politics They turned over accepted wisdom that his Catholicism was a barrier to winning an election They hired Louis Harris to become the first presidential pollster They twisted arms and they charmed They turned the traditional party inside out They invented The Missile Gap in the Cold War and out glamoured Richard Nixon in the TV debates Now Thomas Oliphant and Curtis Wilkie both veteran political journalists retell the story of this momentous campaign reminding us of now forgotten details of Kennedy s path to the White House The Wall Street Journal The authors have examined more than 1 600 oral histories at the John F Kennedy library they ve interviewed surviving sources including JFK s sister Jean Smith and they draw on their own interviews with insiders including Ted Sorensen and Arthur Schlesinger Jr From the start of the campaign in 1955 The Road to Camelot brings much new insight to an important playbook that has echoed through the campaigns of other presidential aspirants as disparate as Barack Obama and Donald Trump The authors take us step by step on the road to the Kennedy victory leaving us with an appreciation for the maniacal attention to detail of both the candidate and his brother Robert the best campaign manager in American political history The Washington Post A must read for fans of presidential history USA TODAY this is an excellent chronicle of JFK s innovations his true personality and how close he came to losing Kirkus Reviews starred review

Archaeology, History, and Predictive Modeling David G. Anderson,Steven D. Smith,2003-08-20 Fort Polk Military Reservation encompasses approximately 139 000 acres in western Louisiana 40 miles southwest of Alexandria As a result of federal mandates for cultural resource investigation more archaeological work has been undertaken there beginning in the 1970s than has occurred at any other comparably sized area in Louisiana or at most other localities in the southeastern United States The extensive program of survey excavation testing and large scale data and artifact recovery as well as historic and archival research has yielded a massive amount of information While superbly curated by the U S Army the material has been difficult to examine and comprehend in its totality With this volume Anderson and Smith collate and

synthesize all the information into a comprehensive whole Included are previous investigations an overview of local environmental conditions base military history and architecture and the prehistoric and historic cultural sequence An analysis of location environmental and assemblage data employing a sample of more than 2 800 sites and isolated finds was used to develop a predictive model that identifies areas where significant cultural resources are likely to occur Developed in 1995 this model has already proven to be highly accurate and easy to use Archaeology History and Predictive Modeling will allow scholars to more easily examine the record of human activity over the past 13 000 or more years in this part of western Louisiana and adjacent portions of east Texas It will be useful to southeastern archaeologists and anthropologists both professional and amateur David G Anderson is an archaeologist with the National Park Service s Southeast Archeological Center in Tallahassee Florida and coeditor of The Woodland Southeast Steven D Smith is with SCIAA in Columbia South Carolina J W Joseph and Mary Beth Reed are with New South Associates in Stone Mountain Georgia
