

A romantic scene of a couple kissing while sitting on bicycles. They are positioned on a wooden pier or dock, with the ocean and a bright, hazy sunset in the background. The couple is silhouetted against the warm, golden light of the setting sun. The man is on the right, leaning towards the woman on the left. Both are wearing light-colored shirts. The bicycles are parked side-by-side.

Every affair is a
fairy tale or a
tragedy.

A.K. Pant,2010-11-19 Marriage is not a moral sexual debauchment consented by the society instead it describes an ethical limit of morality in sexual relations beyond which the sexual relations are considered to be illicit or adultery Marriage is a great attempt to keep the society free from sexual debauchment by assigning one man for one lady and one lady for one man Marriage is not a compulsion instead it is a confession done with mutual consent to live a peaceful life devotedly with each other From the point of view of sexual relations marriage is a factor which distinguishes human from animals It is sacred tribute to ancestors It is an indication of family succession or genealogy Marriage is a ritual to provide social as well as legal acceptance to the child in the womb Marriage is an indication of the death of the parents in the form of coming generations as it assures the eternal truth that older one has to end to provide the life and opportunities to the incoming generations For men marriage is in fact performing the moral ritualistic and materialistic duties while for women this is mere the accomplishing of sanctifying rites and following the codes of conduct Marriage is not an agreement done on behalf of a legal contract instead it is a complete dedication free from compulsions Wherever forementioned feelings do not exist in the background of the objectives of marriage there marriage means mere accomplishment of sexual satisfaction and false ego and in this situation marriage is just like a contract which if done by a man with one lady or four ladies is mere sexual debauchment in the point of view of the morals and ethics *Sex In The Western World* Jean-Louis Flandrin,S.

Modern Relationships Vladimir Živković, 2019 Men and women evolve Their love relationships evolve too In every new era there are different behavioral norms In the modern age there is no more interesting subject for people than love and sexual relationships and achieving happiness in them The main subject of this book is bad behavioral patterns of modern people in love relationships as well as unavoidable attaining of self satisfaction and satisfaction with one's life This book consists of three parts The first part deals with generalities on men women and their dispositions Because of the inevitable question that arises related to any human being when it comes to luck love and meaning of life spirituality and God had to be a mandatory subject of this book Thus the first part is named Return to God Men and Women and it consists of texts which unite search for the meaning and spirituality of the modern man with its own wishes wants and fallacies of the modern men and women The second part of the book is even more intriguing for the mind of the modern man because it deals with sexuality games of seduction and sexual relationships of both sexes It is called Sexuality and Seduction and the title itself reveals that it's the endeavor of living positive sexuality as well as about the truth that's hidden between people playing games of seduction and manipulation The third part of the book is named Return to God Love Relationships and it is the pinnacle of this delicacy because it reveals many secrets but also mistakes that people nurture in the love relationships and due to them they cannot reach happiness

and fulfillment All in all this book carries authenticity originality but also the positive experience because it reveals answers to a very big number of troubling and important questions of the modern people to which other books don't offer answers and if they do they are incomplete or wrong in the most of the cases This can already be reckoned by the incidence of misery and loneliness as well as broken marriages of people of both sexes Even if this book revolts the reader it is also useful for reading in that case Good luck
