Love And Other Thoughts:

Love and Other Thought Experiments Sophie Ward, 2021-09-28 This impressive debut novel longlisted for the 2020 Booker Prize takes its premise and inspiration from ten of the best known thought experiments in philosophy the what ifs of philosophical investigation and uses them to talk about love in a wholly unique way Married couple Rachel and Eliza are considering having a child Rachel wants one desperately and Eliza thinks she does too but she can't quite seem to wrap her head around the idea When Rachel wakes up screaming one night and tells Eliza that an ant has crawled into her eye and is stuck there Eliza initially sees it as a cry for attention But Rachel is adamant She knows it sounds crazy but she also knows it's true As a scientist Eliza is skeptical Suddenly their entire relationship is called into question What follows is a uniquely imaginative sequence of ten interconnecting episodes each from a different character's perspective inspired by some of the best known thought experiments in philosophy Together they form a sparkling philosophical tale of love lost and found across the universe

Gay Love and Other Big Disasters Dylan James, Jordan and Benjamin's love story has always been like a fairy tale What they don't realize is that old fairy tales often have a bad ending Freshly home from their first year of university Jordan and Benjamin are looking forward to reconnecting with family and friends and growing even closer as a couple But Jordan's parents are fighting like they've never fought before their friends are moving forward in their relationships in ways that make Jordan doubt his own and all the subtle differences between straight and gay relationships start to become loud warning signs that his fairy tale love with Benjamin is headed toward disaster There's one thing that can get him through all of this opening up to Benjamin and telling him his deepest fears but Jordan is too afraid to do so If he exposes the cracks in their relationship will Benjamin conclude it's unsalvageable
