**Lutheran Evangelist** ,1902 **Lest We Lose Love** Scherto Gill,2023-04-18 Few are aware that since antiquity there has always been the philosophy of love at the core of Western culture It articulates what makes life meaningful and worthwhile and how we can live a good life together through an ethic of love This book fills this significant gap not only reconnecting the reader with such important wisdom and more crucially also reorienting our socio economic institutions and collective actions towards more loving and caring and more concerned with the qualities of our lived experiences By rediscovering the gifts of love we may challenge the existing systemic dehumanisation and draw from knowledge and understanding already present in our culture This is timely because the global crises we are facing are catastrophic especially when it comes to climate change Therefore we must respond from a place of love rather than fear Whether it is reducing the use of fossil fuels lowering greenhouse emission choosing the right food to eat or advocating for structural transformation our concerted endeavours start with an appropriate appreciation of the nature of our well being which includes the planet's well ness This book highlights a clear pathway forward to ensure collective healing and co flourishing with nature we must practise the art of loving

*Acquainted with the Night* Hamish Canham,2018-10-08 This book explores some of the ways in which an understanding of poetry and the poetic impulse can be fruitfully informed by psychoanalytic ideas It could be argued that there is a particular affinity between poetry and psychoanalysis in that both pay close attention to the precise meanings of linguistic expression and both though in different ways are centrally concerned with unconscious processes The contributors to this volume nearly all of them clinicians with a strong interest in literature explore this connection in a variety of ways focusing on the work of particular poets from the prophet Ezekiel to Seamus Heaney Part of
