love and knowledge especially on raising sons Steve Biddulph Maggie's perspective on raising boys is spot on She writes with
humor and depth providing insight and strategies for many of the most important issues facing moms There is a lovely ease
to her writing and a powerful honesty I hope every mother of a son and everyone else will read this book The future of the
world to a great extent depends on how we raise our boys Michael Gurian New York Times Bestselling Author of *The Wonder*
of Boys and *Saving Our Sons* If we can see the world through boys' eyes a little better we will make different choices in the
way we mother them and we will find them less confusing and love them more deeply Mothers of sons are worried about
raising their boys in a world where negative images of masculinity are front and centre of our media almost every day Not
only that but statistically our boys are still struggling in many ways Even though we live in a time where we recognise that
nothing in gender is fixed it remains a fact that the influence of a mother on her son is massive A mother of four sons herself
Maggie Dent draws on her personal experience and over four decades work as a teacher counsellor and now author and
speaker to help build understanding empathy and compassion for our boys Maggie shares her five key secrets that every
mum needs to know and uses the voices of men she has worked with and surveyed to reveal what really matters in a boy's
relationship with his mother and other mother figures Maggie is one of Australia's most popular parenting authors and
educators and her seminars about boys have sold out all across Australia and in the UK She is finally sharing her insights her
reflections and as always her humour around mothering boys to help you be the mum your son needs you to be □□□□2
