The Class Sonia Livingstone, Julian Sefton-Green, 2016-05-03 An intimate look at how children network identify learn and grow in a connected world Read Online at [connectedyouth nyupress org](http://connectedyouth.nyupress.org) Do today s youth have more opportunities than their parents As they build their own social and digital networks does that offer new routes to learning and friendship How do they navigate the meaning of education in a digitally connected but fiercely competitive highly individualized world Based upon fieldwork at an ordinary London school The Class examines young people s experiences of growing up and learning in a digital world In this original and engaging study Livingstone and Sefton Green explore youth values teenagers perspectives on their futures and their tactics for facing the opportunities and challenges that lie ahead The authors follow the students as they move across their different social worlds in school at home and with their friends engaging in a range of activities from video games to drama clubs and music lessons By portraying the texture of the students everyday lives The Class seeks to understand how the structures of social class and cultural capital shape the development of personal interests relationships and autonomy Providing insights into how young people s social digital and learning networks enable or disempower them Livingstone and Sefton Green reveal that the experience of disconnections and blocked pathways is often more common than that of connections and new opportunities

Calderón Pedro Calderón de la Barca, 2021-12-14 This volume is a sequel to Four Comedies of Calder n 1980 which was hailed by reviewers as superb faithful and actable The three comedies in the present volume are generally counted among Calder n s masterpieces Casa con dos puertas mala es de guardar A House with Two Doors Is Difficult to Guard No hay burlas con el amor No Trifling with Love Ma anas de abril y mayo Mornings of April and May For the first time theaters will have the opportunity of staging these three masterpieces of the Golden Age drama of Spain in accurate and charming English versions The verse used is flexible and musical preserving the atmosphere and much of the poetic quality of the originals An introduction deals with the characteristics of the plays and with the problems they pose for the translator Concise explanatory notes clarify Golden Age dramatic practices

A Philosophical Anthropology Drawn from Simone Weil's Life and Writings Helen E. Cullen, 2017 A

Philosophical Anthropology Drawn from Simone Weil's Life Writings situates Weil's thought in the time between the two world wars through which she lived and traces Weil's consistent conception of a mind/body dualism in the Cartesian sense to a dualism that places the mind within a carnal part of the soul and establishes an eternal part of the soul as the essence of human beings. Helen Cullen argues that in Weil's early conception of human nature her Cartesian conception of perception already shows a glimpse of the eternal. Weil's dualistic conception also forms the basis of her political analysis of the left of her time and through working in factories and in the fields she develops a conception of labour as a theory of action and work with a method Weil was influenced by leading thinkers of her time prompting her to do an analysis of current scientific theories. Cullen argues that Weil's analysis of Christianity already present in Greek philosophy shows us a theory of identical thought inherited from the East India and China and brought forth by peoples around Israel. This theory leads to Weil's analysis developed in *The Need for Roots* of how we've been uprooted through colonization and how we can grow roots in a free local society both rural and urban.

SAGE Handbook of Research on Classroom Assessment James H. McMillan, 2013. The Sage Handbook of Research on Classroom Assessment provides scholars, professors, graduate students and other researchers and policy makers in the organizations, agencies, testing companies and school districts with a comprehensive source of research on all aspects of K-12 classroom assessment. The handbook emphasizes theory, conceptual frameworks and all varieties of research: quantitative, qualitative, mixed methods to provide an in-depth understanding of the knowledge base in each area of classroom assessment and how to conduct inquiry in the area. It presents classroom assessment research to convey in depth the state of knowledge and understanding that is represented by the research with particular emphasis on how classroom assessment practices affect student achievement and teacher behavior. Editor James H. McMillan and five Associate Editors bring the best thinking and analysis from leading classroom assessment researchers on the nature of the research making significant contributions to this prominent and hotly debated topic in education.

Grandma Dipped Snuff Bobby Winters, 2003-07. Does your Grandmother dip snuff in secret? Has the Grand Wizard of the Ku Klux Klan ever run your long johns up the flagpole? Has your mother ever starved the family to death while waiting for moochy relatives to leave at suppertime? Have you suspected that your family cat had a desire to eat you? Has a high school custodian ever held a 12-gauge shotgun on you? Does your Grampa have a secret cache of whisky in the barn? If you can answer Yes to any of these questions and maybe even if you can't, *Grandma Dipped Snuff* is a must-read book for you. Taken from a weekly column in a small town newspaper, these essays are as current as today but reflect the sense of a time gone by.

Lectures on Various Subjects Horace Mann, 1859. **Cultivating New Post-secular Political Space** Roger Haydon Mitchell, 2020-06-29. This comprehensive volume provides crucial insights from contemporary academics and practitioners into how positive interventions might be made into post-secular political spaces that have emerged in the wake of the economic, political and social upheavals of the 2008 global financial crisis. The failure of liberal democracy to deal effectively

with such challenges has led to scapegoating of the poor immigrants and Muslims and contributed to the populist electoral success of among others the Leave campaign during the 2016 United Kingdom European Union membership referendum and Donald Trump's Presidential campaign. These shocks have highlighted contemporary political spaces defined by what has been termed all the posts: postmodern, post Christendom, post liberal, post political and post secular. This collection examines emerging attempts to understand and advance the cause of wellbeing within this context. The authors address a variety of key issues including re configuring mythologies for the common good, deploying love and friendship politically, motivating new social movements, valuing the other, recovering displaced and devalued political narratives, finding alternatives to the previously dominant neo liberalism, listening deeply for social transformation and overcoming adversarial party politics. This book was originally published online as a special issue of the journal *Global Discourse*. **The Athanasian Creed,**

The Romance of Mathematics P. H. Ditchfield, 2019-12-02 In *The Romance of Mathematics* P. H. Ditchfield invites readers on an exhilarating journey through the enchanting and often overlooked world of mathematics. Blending historical anecdotes with a narrative rich in vivid imagery and accessible language, Ditchfield unveils the beauty and romance intrinsic to mathematical concepts. The book situates itself within the early 20th century literary context, resonating with the growing public interest in science and mathematics as not just abstract notions but as integral inspirations for art, philosophy and human thought. P. H. Ditchfield, a noted historian and scholar, possessed a keen interest in the intersection of science and literature, which significantly influenced his writing. His extensive background in education and a passion for elucidating complex ideas made him an ideal advocate for demystifying mathematics at a time when many regarded it as daunting. Ditchfield's ability to weave engaging narratives suggests a desire to foster appreciation and understanding for a discipline often confined to dry textbooks. This book is highly recommended for anyone fascinated by the intellectual pursuit of knowledge, whether a seasoned mathematician or a curious layperson. Ditchfield's lyrical approach will inspire readers to see mathematics as a vibrant and poetic language, sparking joy and intrigue in the exploration of the universe. [A compendium](#)

Logic and Critical Thinking in the Biomedical Sciences Jules J. Berman, 2020-07-08 All too often individuals engaged in the biomedical sciences assume that numeric data must be left to the proper authorities e.g. statisticians and data analysts who are trained to apply sophisticated mathematical algorithms to sets of data This is a terrible mistake Individuals with keen observational skills regardless of their mathematical training are in the best position to draw correct inferences from their own data and to guide the subsequent implementation of robust mathematical analyses Volume 2 of *Logic and Critical Thinking in the Biomedical Sciences* provides readers with a repertoire of deductive non-mathematical methods that will help them draw useful inferences from their own data Volumes 1 and 2 of *Logic and Critical Thinking in the Biomedical Sciences* are written for biomedical scientists and college level students engaged in any of the life sciences including bioinformatics and related data sciences Demonstrates that a great deal can be deduced from quantitative data without applying any statistical or mathematical analyses Provides readers with simple techniques for quickly reviewing and finding important relationships hidden within large and complex sets of data Using examples drawn from the biomedical literature discusses common pitfalls in data interpretation and how they can be avoided

After Midnight (Novella) Serena Bell, 2014-10-28 In USA Today bestselling author Serena Bell's tantalizingly sexy novella two strangers share an explosive New Year's kiss only to be left wondering whether they'll ever see each other again The clock is ticking down to midnight on New Year's Eve and all Nora Hart and Miles Shephard can think about is kissing each other even though they met just minutes before Then as fast as Miles enters Nora's life he's gone and she never even gets the name of the man she thinks might just be the one Then one year later Nora and Miles are reunited The chemistry between them is just as strong as they

remember But Miles broke her heart once before and this time around Nora s not sure whether she can give love a second chance Don t miss any of Serena Bell s delightful romances YOURS TO KEEP HOLD ON TIGHT AFTER MIDNIGHT TURN UP THE HEAT CAN T HOLD BACK TO HAVE AND TO HOLD GETTING INSIDE DO OVER HEAD OVER HEELS Includes a special message from the editor as well as an excerpt from another Loveswept title
