Love Story Japanese Text 47:

Whitewashing the Movies David C Oh, 2021-10-15 *Whitewashing the Movies* addresses the popular practice of excluding Asian actors from playing Asian characters in film. Media activists and critics have denounced contemporary decisions to cast White actors to play Asians and Asian Americans in movies such as *Ghost in the Shell* and *Aloha*. The purpose of this book is to apply the concept of whitewashing in stories that privilege White identities at the expense of Asian American stories and characters. To understand whitewashing across various contexts, the book analyzes films produced in Hollywood, Asian American independent production, and US-China co-productions. Through the analysis, the book examines the ways in which whitewashing matters in the project of Whiteness and White racial hegemony. The book contributes to contemporary understanding of mediated representations of race by theorizing whitewashing, contributing to studies of Whiteness in media studies, and producing a counter imagination of Asian American representation in Asian-centered stories.

Imperial Romance Su Yun Kim, 2020-11-15 In *Imperial Romance*, Su Yun Kim argues that the idea of colonial intimacy within the Japanese empire of the early twentieth century had a far broader and more popular influence on discourse makers, social leaders, and intellectuals than previously understood. Kim investigates representations of Korean-Japanese intimate and familial relationships, including romance, marriage, and kinship, in literature, media, and cinema, alongside documents that discuss colonial policies during the Japanese protectorate period and colonial rule in Korea, 1905-45. Focusing on Korean perspectives, Kim uncovers political meaning in the representation of intimacy and emotion between Koreans and Japanese portrayed in print media and films. *Imperial Romance* disrupts the conventional reading of colonial period texts as the result of either coercion or the disavowal of colonialism, thereby expanding our understanding of colonial writing practices. The theme of intermarriage gave elite Korean writers and cultural producers opportunities to question their complicity with imperialism. Their fictions challenged expected colonial boundaries, creating tensions in identity and hierarchy, and also in narratives of the linear developmental trajectory of modernity. Examining a broad range of writings and films from this period, *Imperial Romance* maps the colonized subjects' fascination with their colonizers and with moments that allowed them to become active participants in and agents of Japanese and global imperialism.

East Asia Beyond the History Wars Tessa Morris-Suzuki, Morris Low, Leonid Petrov, Timothy Y. Tsu, 2013-01-17 East Asia is now the world's economic powerhouse, but ghosts of history continue to trouble relations between the key countries of the region, particularly between Japan, China, and the two Koreas. Unhappy legacies of Japan's military expansion in pre-war Asia prompt ongoing calls for apologies, while conflicts over ownership of cultural heritage cause friction between China and Korea, and no peace treaty has ever been signed to conclude the Korean War. For over a decade, the region's governments and non-government groups have sought to confront the ghosts of the past by developing paths to reconciliation. Focusing particularly on popular culture and grassroots action, *East Asia beyond the History Wars* explores these East Asian approaches to historical reconciliation. This book

examines how Korean historians from North and South exchange ideas about national history how Chinese film makers reframe their views of the war with Japan and how Japanese social activists develop grassroots reconciliation projects with counterparts from Korea and elsewhere As the volume s studies of museums monuments and memorials show East Asian public images of modern history are changing but change is fragile and uncertain This unfinished story of East Asia s search for historical reconciliation has important implications for the study of popular memory worldwide Presenting a fresh perspective on reconciliation which draws on both history and cultural studies this book will be welcomed by students and scholars working in the fields of Asian history Asian culture and society as well as those interested in war and memory studies more generally

Carus,1915 **Parody, Irony and Ideology in the Fiction of Ihara Saikaku** David J. Gundry,2017-07-31 The first monograph published in English on Ihara Saikaku's fiction David J Gundry's lucid compelling study examines the tension reflected in key works by Edo period Japan's leading writer of floating world literature between the official societal hierarchy dictated by the Tokugawa shogunate's hereditary status group system and the era's de facto fluid wealth based social hierarchy The book's nuanced theoretically engaged explorations of Saikaku's narratives uses of irony and parody demonstrate how these often function to undermine their own narrators intermittent moralizing Gundry also analyzes these texts depiction of the fleeting pleasures of love sex wealth and consumerism as Buddhist object lessons in the illusory nature of phenomenal reality the mastery of which leads to a sort of enlightenment Kabuki at the Crossroads Samuel L. Leiter,2013-04-17 Samuel L Leiter's Kabuki at the Crossroads Years of Crisis 1952 1965 is the first detailed account of Japan's kabuki theatre in the years immediately following the end of the Occupation It examines every aspect of this traditional theatre as it struggled to maintain its position in a rapidly changing postwar entertainment environment It covers acting rivalries major productions theatres international tours the convention of men playing female roles name taking and memorial ceremonies the company system and managerial strategies In addition the volume includes numerous appendixes chronicling the period including a thorough chronology and 150 summaries of new plays never previously discussed in English Asian Classics on the Victorian Bookshelf Alexander Bubb,2023-03-14 The interest among Victorian readers in classical literature from Asia has been greatly underestimated The popularity of the Arabian Nights and The Rubaiyat of Omar Khayyam is well documented Yet this was also an era in which freethinkers consulted the Quran in which schoolchildren were given abridgements of the Ramayana to read in which names like Kalidasa and Firdusi were carved on

the fa ades of public libraries and in which women s book clubs discussed Japanese poetry But for the most part such readers were not consulting the specialist publications of scholarly orientalists What then were the translations that catalysed these intercultural encounters Based on a unique methodology marrying translation theory with empirical techniques developed by historians of reading this book shines light for the first time on the numerous amateur translators or popularizers who were responsible for making these texts accessible and disseminating them to the Victorian general readership Asian Classics on the Victorian Bookshelf explains the process whereby popular translations were written published distributed to bookshops and libraries and ultimately consumed by readers It uses the working papers and correspondence of popularizers to demonstrate their techniques and motivations while the responses of contemporary readers are traced through the pencil marginalia they left behind in dozens of original copies In spite of their typically limited knowledge of source languages Asian Classics argues that popularizers produced versions more respectful of the complexity cultural difference and fundamental untranslatability of Asian texts than the professional orientalists whose work they were often adapting The responses of their readers likewise frequently deviated from interpretive norms and it is proposed that this combination of eccentric translators and unorthodox readers triggered flights of translation whereby historical individuals can be seen to escape the hegemony of orientalist forms of knowledge
