

A photograph of a dirt path leading through a forest. The path is light brown and leads towards a bright light at the end of the path. The trees on either side have autumn foliage in shades of orange, yellow, and red. Some evergreen trees are visible in the background. The overall atmosphere is peaceful and serene.

Freedom and love go together. Love is not a reaction. If I love you because you love me, that is mere trade, a thing to be bought in the market; it is not love. To love is not to ask anything in return, not even to feel that you are giving something- and it is only such love that can know freedom.

Ferrer, 2022 In *Love and Freedom* Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized a step forward in the evolution of modern relationships In the same way that the transgender movement surmounted the gender binary Ferrer defines how a parallel step can and should be taken with the relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monoprivilege polyphobia and polypride monophobia that mediate the contemporary mono poly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these mono poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and

polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will

Women and the Periodical Press in China's Long Twentieth Century Michel Hockx, Joan Judge, Barbara Mittler, 2018-05-24 In this major new collection an international team of scholars examine the relationship between the Chinese women's periodical press and global modernity in the late nineteenth and twentieth centuries The essays in this richly illustrated volume probe the ramifications for women of two monumental developments in this period the intensification of China's encounters with foreign powers and a media transformation comparable in its impact to the current internet age The book offers a distinctive methodology for studying the periodical press which is supported by the development of a bilingual database of early Chinese periodicals Throughout the study essays on China are punctuated by transdisciplinary reflections from scholars working on periodicals outside of the Chinese context encouraging readers to rethink common stereotypes about lived womanhood in modern China and to reconsider the nature of Chinese modernity in a global context Freedom Dreams Robin D. the insurgent poetics of Aim and Suzanne C saire Kelley chronicles the quest for a homeland the hope that communism offered the politics of surrealism the transformative potential of Black feminism and the long dream of reparations for slavery and Jim Crow In this edition Kelley includes a new introduction reflecting on how movements of the past 20 years have expanded his own vision of freedom to include mutual care disability justice abolition and decolonization and a new epilogue exploring the visionary organizing of today s freedom dreamers This classic history of the power of the Black radical imagination is as timely as when it was first published God's Being in Reconciliation Adam J. Johnson,2012-03-01

One of the most pressing issues in the doctrine of the atonement today is the question of the unity and diversity of the work of Christ What are we to make of the diversity within the biblical witness and the history of doctrine when it comes to explanations of the meaning and significance of Jesus death and resurrection Without a grasp of the unity of his work our understanding and use of the diversity runs the risk of becoming haphazard and disordered Proposals regarding the unity of Christ s work today tend to focus on the metaphorical nature of language the role of culture and various possible conceptual schemes rarely reflecting on unity and diversity proper to the being God To fill this gap Johnson draws on Karl Barth s integrated account of the doctrines of God and reconciliation harnessing the resources contained within the doctrines of the Trinity and divine perfections to energize a properly theological account of the unity and diversity of the atonement **Intimacy**

Osho,2007-04-01 One of the greatest spiritual teachers of the twentieth century shares his wisdom about building loving relationships in Intimacy Trusting Oneself and the Other Hit and run relationships have become common in our society as it has grown more rootless less tied to traditional family structures and more accepting of casual sex But at the same time there arises an undercurrent of feeling that something is missing a quality of intimacy This quality has very little to do with the physical though sex is certainly one possible door Far more important is a willingness to expose our deepest feelings and vulnerabilities with the trust that the other person will treat them with care Ultimately the willingness to take the risk of intimacy has to be grounded in an inner strength that knows that even if the other remains closed even if that trust is betrayed we will not suffer any permanent damage In this gentle and compassionate guide Osho takes his readers step by step through what makes people afraid of intimacy how to encounter those fears and go beyond them and what they can do to nourish themselves and their relationships to support more openness and trust Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world **Idol**
