Art and Praise in Kierkegaard's Works of Love Richard McCombs, 2023-12-19 Since art is essential to the love of one s neighbor as oneself and to love s chief goal of building up one another we cannot understand love without also understanding its art Observing that praise is ubiquitous in S ren Kierkegaard s writings Richard McCombs interprets Kierkegaard s Works of Love as a eulogy of love s arts of forgiveness peace making and building up one s neighbor in maturity and charity Kierkegaard stresses love s ability to achieve results calling love irresistible and almost magical in overcoming obstacles to its purposes living the life of faith and love involves skillful attention to the specificity of the episodes in an individual s life and the creative imagining of new ways of enacting these virtues McCombs argues that Kierkegaard s ideas about the art of love reveal limits or exceptions to his individualism and to his anti consequentialism in ethics Art and Praise in Kierkegaard s Works of Love explores Kierkegaard s distinct praises of love through texts like Works of Love The Brothers Karamazov and Middlemarch to illustrate complement and sometimes correct Kierkegaard s profound account of love s art and wisdom suggesting ways that the art of praise bears on other questions in aesthetics ethics and religion The Art of Love Roy

Nussbaum,1990 This volume brings together Nussbaum's published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of

several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements

Values of Love and Ethical Reflection Edmund Husserl, 2024-12-20 This first volume of *Husserlian Legacies: Themes for the 21st Century* focuses on hitherto underexamined dimensions of Husserl's philosophical thinking and, in particular, values and love. Texts in this series draw from the variety of Husserl's rich original works; they are selected and arranged with the support of the Husserl Archives, Leuven. The texts are made available in English and are primarily targeted to advanced undergraduates, graduate students, and scholars. This volume helps the reader both to investigate the themes of value and love and to gauge their role in Husserl's reflections on related topics: his analysis of philosophy, the sciences, as vocational tasks, the emotions, and the community of love, as well as his personalistic reformulation of the categorical imperative. The texts gathered, edited, and translated in this volume have far-reaching implications, ranging from axiology and individual and social ethics to the philosophy of emotions, action theory, and the philosophy of science.

The Future of Art in a Postdigital Age Mel Alexenberg, 2011-04-27 In *The Future of Art in a Postdigital Age*, artist and educator Mel Alexenberg offers a vision of a postdigital future that reveals a paradigm shift from the Hellenistic to the Hebraic roots of Western culture. He ventures beyond the digital to explore postdigital perspectives rising from creative encounters among art, science, technology, and human consciousness. The interrelationships between these perspectives demonstrate the confluence between postdigital art and the dynamic Jewish structure of consciousness. Alexenberg's pioneering artwork, a fusion of spiritual and technological realms, exemplifies the theoretical thesis of this investigation into interactive and collaborative forms that imaginatively envisages the vast potential of art in a postdigital future.

Mechtilde. Engl ,1861 **Surrendered Child** Karen Salyer McElmurray,2011-08-15 Surrendered Child is Karen Salyer McElmurray's raw poignant account of her journey from her teen years when she put her newborn child up for adoption to adulthood and a desperate search for the son she never knew. In a patchwork narrative interwoven with dark memories from her childhood, McElmurray deftly treads where few dare into a gritty honest exploration of the loss a birth mother experiences. The year was 1973, a time of social upheaval even in small town Kentucky where McElmurray grew up. More than a story of time and place, however, this is about a girl who at the age of sixteen relinquished her son at birth. Twenty five years would pass before McElmurray began sharing this part of her past with others and actively looking for her son. McElmurray's own troubled upbringing and her quest after a now fully grown son are the heart of her story. With unflinching honesty, McElmurray recounts both the painful surrendering and the surprise rediscovery of her son juxtaposed with her portrayal of her own mother who could not provide the love she needed. The dramatic result is a story of birthright lost and found and an exploration of the meaning of motherhood itself.
