Johnson, 2009-09-01 From its very beginning Christian faith has been engaged with religious violence The first Christians were persecuted by their co religionists and then by imperial Rome Jesus taught them in such circumstances not to retaliate

but to be peacemakers to love their enemies and to pray for their persecutors Jesus's response to religious violence of the first century was often ignored but it was never forgotten Even during those centuries when the church herself persecuted Christian heretics Jews and Muslims some Christians still struggled to bear witness to the peace mandate of their Lord In the thirteenth century Thomas Aquinas wrote a theology to help his Dominican brothers persuade Cathar Christians to return to their Catholic faith peacefully Ramon Lull a Christian student of Arabic and the Qur'an sought to help his fellow Christians recognize the elements of belief they shared in common with the Muslims in their midst In the fifteenth century Nicholas of Cusa a Church Cardinal and theologian expanded Lull's project to include the newly discovered religions of Asia In the seventeenth century Lord Herbert an English diplomat and lay Christian began to identify the political union of church and government as a causal factor in the religious warfare of post Reformation Christendom One and a half centuries later Thomas Jefferson a lay theologian of considerable political stature won a political struggle in the American colonies to disestablish religion first in his home colony of Virginia and then in the new nation he helped to found All five of these theologians reclaimed the peace mandate of Jesus in their response to the religious violence of their own eras All of which points us to some intriguing Christian responses to religious violence in our own century as recounted in the epilogue

Works of Love Robert L. Perkins,1999 To claim that Works of Love is an important philosophical essay is to assume hazardous burden of proof The book s title is an allusion to the Bible s injunction that we should love our neighbor as we love ourselves a far cry far instance from Diotoma s ladder of erotic desire up which we climb from the love of bodies until we catch a vision of that single sea of beauty beauty itself Plato Symposium This contrast given that some of some of our neighbors may not be particularly likable or one may even be a determined enemy suggests immediately to some that a book with such an obviously religious title must be excessively moralistic and at best full of sermon helps for the harried clergy or at worst laden with rules for the unlearned laity A casual perusal of a few paragraphs however shows these put down views of the book to be unfounded

Virtue Ethics, Old and New Stephen Mark Gardiner,2005 There are grounds for saying that contemporary work in virtue ethics is if not quite in its theoretical infancy at least not far out of diapers And this suggests that we should be gentle and nurturing allowing it time to flourish before coming to any definitive verdict on its merits However it is hard to deny that modern day virtue ethics is part of a long sophisticated and fairly continuous tradition Not only does the approach have origins almost as ancient as philosophy itself but its history also includes extensive work by such philosophical luminaries as at least Socrates Plato Aristotle the Stoics Aquinas and perhaps Hume and Nietzsche And this suggests that we should already be in a good position to assess its appeal from the Introduction In Virtue Ethics Old and New ten philosophers seek to enrich the contemporary understanding and development of virtue ethics through a detailed examination of some key contributions from its past Their essays demonstrate the continuing relevance of the history of moral philosophy to contemporary debates
