Writings in the Social Philosophy and Ethics / Sozialphilosophische und ethische Schriften Paul Tillich, 2020-03-23 No detailed description available for Writings in the Social Philosophy and Ethics Sozialphilosophische und ethische Schriften

Routledge Revivals: Paul Tillich (1973) Alistair M. Macleod, 2017-09-29 First published in 1973 this is the first book on Paul Tillich in which a sustained attempt is made to sort out and evaluate the questions to which Tillich addresses himself in the crucial philosophical parts of his theological system It is argued that despite the apparent simplicity in his interest in the question of being Tillich in fact conceives of the ontological enterprise in a number of radically different ways in different contexts Much of Professor Macleod's work is devoted to the careful separation of these strands in his philosophical thought and to an exploration and assessment of the assumptions associated with them This book will be of interest to readers of Tillich and philosophers who specialise in ontology and linguistics

Lest We Lose Love Scherto Gill, 2023-04-18 Few are aware that since antiquity there has always been the philosophy of love at the core of Western culture It articulates what makes life meaningful and worthwhile and how we can live a good life together through an ethic of love This book fills this significant gap not only reconnecting the reader with such important wisdom and more crucially also reorienting our socio economic institutions and collective actions towards more loving and caring and more concerned with the qualities of our lived experiences By rediscovering the gifts of love we may challenge the existing systemic dehumanisation and draw from knowledge and understanding already present in our culture This is timely because the global crises we are facing are catastrophic especially when it comes to climate change Therefore we must respond from a place of love rather than fear Whether it is reducing the use of fossil fuels lowering greenhouse emission choosing the right food to eat or advocating for structural transformation our concerted endeavours start with an appropriate appreciation of the nature of our well being which includes the planet's well ness This book highlights a clear pathway forward to ensure collective healing and co flourishing with nature we must practise the art of loving

The Heart of an Addict Michael Jordan, 2007-07-01 Offers as never before a view straight into the heart of an addict Written by an ex Methamphetamine Manufacturer during his incarnation in state prison The three primary objectives of this book is to aid addicts in recovery detour youngsters from ever becoming addicts and to enlighten family members of addicts as to why their loved ones think feel and act as they do The beautifully written poems depict a tragic story of one man who sold out all his dreams to the high and found himself lost in the revolving door syndrome of prison where he finally gave it all over to God A must read for anyone whose life has been affected by addiction

Wisener, 2023-10-16 How do we make sense of life What's our identity Mixing memoir with theological and philosophical reflections author David Wisener explores his struggle to understand God's love and acceptance in his heart and how to find his place in the world when life didn't go according to plan Exploring the postmodern critique that we live our lives according to stories *Lost the Plot* helps us realize how many of the stories we cling to aren't part of God's Story Weaving deeply personal experiences of shattered dreams bouts of depression and disillusionment with the church the book also explores concepts like perception reality and love offering unique insight into the struggles and questions we face in understanding what life is about and what it means to be human Nursing Theories and Nursing Practice Marlaine C Smith, 2019-10-02 Noted nursing scholars explore the historical and contemporary theories that are the foundation of nursing practice today The 5th Edition continues to meet the needs of today's students with an expanded focus on the middle range theories and practice models that link theory to clinical practice You'll explore the role of these theories in the real world to see how they guide nursing practice **Laoism: The Complete Teachings of Lao Zi** Tao Huang, 2000-08 Laoism is the first ever book on the complete teachings of Lao Zi an ancient Chinese philosopher sage It is also the first English depiction to distinguish Lao Zi's teachings from Taoism a native religion of China Endless revelations and commentaries on his text of *Tao Te Ching* text have been and continuously exist in Chinese and many other languages but not yet a complete work between the text and its poetic summary the Lao Zi's self-invented fourteen character couplet The couplet as old as the text has been circulating secretly only in a few monasteries This makes the writers throughout the history not being able to get a full picture on his work and the public inaccessible The completion of such a project must be a combination of the spiritual inclination into the text and the heart sealed connection with Lao Zi's spirit The time has come Complete Concordance to Miscellaneous Writings Mary Baker Eddy, 1915 *Martyrs, Monks, and Mystics* McClymond, Michael J., 2023 This book offers a wide angle and yet integrative approach to Christian spirituality engaging diverse historical traditions incorporating recent developments in Asian Africa Latin America and in global Pentecostalism while displaying an essential unity in this topic in relation to a number of salient themes e.g. love humility prayer servanthood etc The book is geared toward students in college courses It should also be of

particular interest to practicing Christians across a very broad spectrum of traditions and denominations and engages secular Jewish and Muslim readers as well as those practicing one of the traditional Asian religions **Complete Concordance to Miscellaneous Writings** Albert Francis Conant, 1915 **The Blackwell Dictionary of Western Philosophy** Nicholas Bunnin, Jiyuan Yu, 2008-04-15 The Blackwell Dictionary of Western Philosophy The Blackwell Dictionary of Western Philosophy The style is fresh and engaging and it gives a broad and accurate picture of the western philosophical tradition It is a pleasure to browse in even if one is not looking for an answer to a particular question David Pears Its entries manage to avoid the obscurities of an exaggerated brevity without stretching themselves out as if seeking to embody whole miniature essays In short it presents itself as a model of clarity and clarification Alan Montefiore *Guido Cavalcanti* Gregory B. Stone, 2020-03-04 Guido Cavalcanti Dante's intellectual mentor is widely considered among the greatest Italian lyric poets his famous and notoriously difficult philosophical canzone *Donna me prega* is often characterized as the most studied lyric poem in Italian literature This book situates Cavalcanti's poetry in the context of the Arabic Aristotelian rationalism that entered the Latin West in the 12th century a tradition marked by questions concerning whether humans can ever transcend their animality Cavalcanti's poetry is a focal point where one can view circa 1300 AD Arabo-Islamic philosophy in the process of being assimilated and naturalized in Western Europe eventually leading to values associated with the Renaissance and the Enlightenment that we now call modern and secular in particular to a notion of human reason as bound up with imagination and with ethical praxis rather than as a means for the attainment of knowledge concerning God and the cosmos The book features a radically unprecedented interpretation of *Donna me prega* starkly opposed to all previous accounts far from treating love as a threat to reason that would best be eliminated the canzone praises loving as the essential operation of rational human flourishing This study of Cavalcanti serves as a prelude to the formulation of a new paradigm for understanding Dante's Comedy *Love Beyond Measure: An Exploration of Love's Ethical Dimensions* Pasquale De Marco, 2025-05-15 In this thought provoking and insightful book we embark on a journey to explore the multifaceted nature of love delving into its profound impact on our lives and the world around us Drawing inspiration from diverse perspectives we unravel the complexities of love and uncover its transformative power Through philosophical psychological sociological and spiritual lenses we examine the essence of love its various types and expressions and its role in shaping our relationships communities and societies Personal narratives historical anecdotes and cultural traditions illuminate the diverse ways in which love manifests itself in our everyday lives Love is a force that transcends time and boundaries inspiring countless works of art literature and music It has the power to heal wounds bridge divides and inspire acts of kindness and compassion By understanding the nature of love and cultivating it in our lives we can create a more loving and harmonious world This book provides a comprehensive exploration of love's profound implications for our personal lives our relationships and our communities We delve into the art of loving ourselves and others the challenges of

Dialogues of Paul Tillich Mary Ann Stenger,Ronald H. Stone,2002 The broad impact of Paul Tillich on present day philosophical theological thoughtforms especially of Protestant Christianity continues unabated into the new century Dialogues of Paul Tillich presents Tillich s conversations with past religious thinkers basic to Tillich s thought but also carries the dialogue beyond Tillich s own formulations into conversations with current issues regarding feminism liberation theology fundamentalism world religions and Christian realism The essays in Dialogues of Paul Tillich reflect and contribute to that conversation Mormonism in Dialogue with Contemporary Christian Theologies David Lamont Paulsen,Donald W. Musser,2007 This volume brings together for the first time a broad range of scholars from Mormon and other Christian traditions Replacing polemics and apologetics with dialogue these exchanges show how the full spectrum of contemporary theologies can be informed by uniquely Mormon ideas and correlatively how Mormon thought can be illuminated through the study of key ideas of the foremost theologians of the twentieth and twenty first centuries *Reflections* Phillip Michael Garner,2019-11-01

Reflections is a theological guide for today s Christians seeking a fuller appreciation of religious faith than is represented in populist religion The seven categories and their chapters are designed to provide the reader with an intensive study on neglected but imperative concepts for faith Subjects of vital importance to both theology and humanity are explored with a flowing continuity of understanding God and the world Reflections begins with the concept of revelation and its relation to monotheism and conviction The chapters that follow are titled Religion Is Christianity Is and Intelligent Spirituality these set the foundation for the rest of the book The sense of moderns is that they are immune to the primitive concept of idolatry Under the category of Perennial Idols Garner dismantles the idolatry that plagues humanity in every generation Reality and its creation is a category of theological thought that is essential for Christian development and sorrowfully neglected in church education The other categories are Sex and Romantic Love Popular Myths Being Human Being Poor and Forgiveness Garner s conviction is that the root of humanity s dysfunction is our failure to learn how to live together as male and female

The End of Hope--the Beginning Pamela R. McCarroll,2014 What are the major ways in which hope manifests itself in our time And how should we understand these different ways of looking traumatic events in the eye For answers to these questions and others the author introduces readers to five expressions of hope through detailed and poignant case studies
