Review of Love Songs of Arnhem Land Arthur E. Hippler, 1978

The Origins of the Love Song Nino Tsitsishvili, 2022-11-18 The book offers a radically new perspective on the origins of the love song and human sexuality in an evolutionary context By comparing different human societies and animal species past and present it reveals that love songs romantic love and exclusive pair bonds are not the original evolutionary features of Homo sapiens One of the key findings of the book is that early humans practiced multiple partner sexual relations similar to our closest relatives bonobos and chimpanzees but with the emergence of culture and sexual taboo their behaviour had to adjust It contends that since the exodus from Africa and the rise of culture humans started to distance themselves from the rest of the animal kingdom drastically restraining their innate sexual nature The book will appeal to both scholars and laypeople with an interest in evolutionary theory socio biology anthropology and the origins of culture

Love & Eroticism Mike Featherstone, 1999-03-19 This major collection explores the contested nature of love and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love

the gay city and the ways in which the urban landscape and everyday life have become sexualized issues which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Eroticism is simultaneously published as volume 15 issue 3 4 of Theory Culture Society

Circulating Cultures Amanda Harris, 2014-12-18 *Circulating Cultures* is an edited book about the transformation of cultural materials through the Australian landscape The book explores cultural circulation exchange and transit through events such as the geographical movement of song series across the Kimberley and Arnhem Land the transformation of Australian Aboriginal dance in the hands of an American choreographer and the indigenisation of symbolic meanings in heavy metal music *Circulating Cultures* crosses disciplinary boundaries with contributions from historians musicologists linguists and dance historians to depict shifts of cultural materials through time place and interventions from people It looks at the way Indigenous and non Indigenous performing arts have changed through intercultural influence and collaboration

Romantic Passion William Jankowiak, William R. Jankowiak, 1997-02-13 *Observers from the West* the book contends have incorrectly projected rigid ethnocentric notions of love and marriage onto cultures around the world Contributors look beyond each society's official institutions to explore expressions of love offering new perspectives on arranged marriages and polygamy and reexamining as well the other side of the equation rejection and grief

International Handbook of Love Claude-Hélène Mayer, Elisabeth Vanderheiden, 2021-05-04 This handbook is the winner of the William B Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research This handbook includes state of the art research on love in classical modern and postmodern perspectives It expands on previous literature and explores topics around love from new cultural intercultural and transcultural approaches and across disciplines It provides insights into various love concepts like romantic love agape and eros in their cultural embeddedness and their changes and developments in specific cultural contexts It also includes discussions on postmodern aspects with regard to love and love relationships such as digitalisation globalisation and the fourth industrial revolution The handbook covers a vast range of topics in relation to love aging health special needs sexual preferences spiritual practice subcultures family and other relationships and so on The chapters look at love not only in terms of the universal concept and in private intimate relationships but apply a broad concept of love which can also for example be referred to in postmodern workplaces This volume is of interest to a wide readership including researchers practitioners and students of the social sciences humanities and behavioural sciences In the 1970s through the 90s I was told that globalization was homogenizing cultures into a worldwide monoculture This volume as risky and profound as the many adventures of love across our multiplying cultures proves otherwise The authors revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is But that's what love does It communicates what it offers what it can

be and pleads for what must be I know you'll enjoy this wonderful book as much as I do Jeffrey Ady Associate Professor
 retired Public Administration Program University of Hawaii at Manoa Founding Fellow International Academy for
 Intercultural Research The International Handbook of Love is far more than a traditional compendium It is a breath taking
 attempt to synthesize our anthropological and sociological knowledge on love It illuminates topics as diverse as Chinese love
 one night stands teen romance or love of leaders and many more This is a definitive reference in the field of love studies Eva
 Illouz author of The End of Love A sociology of Negative relationships Oxford University Press This is not a volume to be read
 in a single sitting though I almost did due to a protracted hospital stay nor is it romantic or inspirational reading though in
 some cases I had hoped for more narrative examples and case studies Rather it is a highly diverse scholarly effort a massive
 resource collection of research papers on love in a variety of contexts personal and professional settings and cultures The
 work is well referenced providing a large number of resources for deeper exploration We owe our thanks to the authors and
 editors of this handbook for work well done though that word in the title should not lead readers to suspect that enlightening
 as it is this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of
 our love lives Reviewed by Dr George F Simons on amazon com Please see Claude H l ne Mayer's interview related to the

Irregular Connections Andrew P. Lyons, Harriet Lyons, 2004-12-01 Irregular Connections traces the
 anthropological study of sex from the eighteenth century to the present focusing primarily on social and cultural
 anthropology and the work done by researchers in North America and Great Britain Andrew P and Harriet D Lyons argue
 that the sexuality of those whom anthropologists studied has been conscripted into Western discourses about sex including
 debates about prostitution homosexuality divorce premarital relations and hierarchies of gender class and race Because sex
 is the most private of activities and often carries a high emotional charge it is peculiarly difficult to investigate At times such
 as the late 1920s and the last decade of the twentieth century sexuality has been a central concern of anthropologists and
 focal in their theoretical formulations At other times the study of sexuality has been marginalized The anthropology of sex
 has sometimes been one of the main faces that anthropology presented to the public often causing resentment within the
 discipline Andrew P Lyons is an associate professor of anthropology at Wilfrid Laurier University Harriet D Lyons is an
 associate professor of anthropology at the University of Waterloo

Karandashev,2016-12-24 This volume presents a conceptual historical anthropological and sociological review of how culture affects our experience and expression of romantic love What is romantic love and how is it different from and similar to other kinds of love How is romantic love related to sex and marriage in human history and across contemporary cultures What cultural factors mediate attraction in love These are some of the questions the volume explores through its interdisciplinary yet focused lens Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world s cultures Yet love displays in different ways because culture has an impact on people s conceptions of love and the ways they feel think and behave in romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the

revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature Romantic Love in Cultural Contexts delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world Romantic Love in Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations Flix Neto Professor of Psychology Faculdade de Psicologia e de Ciências da Educação Universidade do Porto Portugal
