Mansions In Miniature:

Mansions in Miniature Leonie von Wilckens, 1980 **A Mansion in Miniature** Bets O'Meara, 1979 **Life in Miniature** Nicola Lisle, 2020-11-23 A comprehensive and enjoyable guide to the centuries long history of dolls houses and how they illuminate our past Books Monthly Dolls houses are tiny slices of social history that give us a fascinating glimpse into domestic life over the last three hundred years Through text and photos Nicola Lisle explores the origins and history of dolls houses and their furnishings from the earliest known dolls house in sixteenth century Bavaria to the present and looks at how they reflect the architecture fashions social attitudes innovations and craftsmanship of their day She discusses the changing role of dolls houses and highlights significant events and people to give historical context as well as taking a look at some of the leading dolls house manufacturers such as Silber Fleming and Lines Brothers Ltd later Triang Included are numerous examples of interesting dolls houses the stories behind them and where to see them including famous models such as Queen Mary's spectacular 1920s dolls house at Windsor Castle There is also a chapter on model towns and villages which became popular in the twentieth century and also give us a window on the past by replicating real places or capturing scenes typical of a bygone era plus advice for dolls house collectors a detailed directory of places to visit a timeline of dolls house history and recommended further reading

Rethinking Feminism in Early Modern Studies Ania Loomba, Melissa E Sanchez, 2016-07-12 Winner of the Society for the Study of Early Modern Women's Collaborative Book Prize 2017 Rethinking Feminism in Early Modern Studies is a volume of essays by leading scholars in the field of early modern studies on the history present state and future possibilities of feminist criticism and theory It responds to current anxieties that feminist criticism is in a state of decline by attending to debates and differences that have emerged in light of ongoing scholarly discussions of race affect sexuality and transnationalism work that compels us continually to reassess our definitions of women and gender Rethinking Feminism demonstrates how studies of early modern literature history and culture can contribute to a reimagination of feminist aims methods and objects of study at this historical juncture While the scholars contributing to Rethinking Feminism have very different interests and methods they are united in their conviction that early modern studies must be in dialogue with and indeed contribute to larger theoretical and political debates about gender race and sexuality and to the relationship between these areas To this end the essays not only analyze literary texts and cultural practices to shed light on early modern ideology and politics but also address metacritical questions of methodology and theory Taken together they show how a consciousness of the complexity of the past allows us to rethink the genealogies and historical stakes of current scholarly norms and debates

Brandow-Faller, 2018-04-19 Informed by the analytical practices of the interdisciplinary material turn and social historical studies of childhood *Childhood By Design* Toys and the Material Culture of Childhood offers new approaches to the material world of childhood and design culture for children This volume situates toys and design culture for children within broader narratives on history art design and the decorative arts where toy design has traditionally been viewed as an aberration from more serious pursuits The essays included treat toys not merely as unproblematic reflections of socio cultural constructions of childhood but consider how design culture actively shaped commodified and materialized shifting discursive constellations surrounding childhood and children Focusing on the new array of material objects designed in response to the modern invention of childhood what we might refer to as objects for a childhood by design *Childhood by Design* explores dynamic tensions between theory and practice discursive constructions and lived experience as embodied in the material culture of childhood Contributions from and between a variety of disciplinary perspectives including history art history material cultural studies decorative arts design history and childhood studies are represented critically linking historical discourses of childhood with close study of material objects and design culture Chronologically the volume spans the 18th century which witnessed the invention of the toy as an educational plaything and a proliferation of new material artifacts designed expressly for children's use through the 19th century expansion of factory based methods of toy production facilitating accuracy in miniaturization and a new vocabulary of design objects coinciding with the recognition of childhood innocence and physical separation within the household towards the intersection of early 20th century child centered pedagogy and modernist approaches to nursery and furniture design through the changing consumption and sales practices of the postwar period marketing directly to children through television film and other digital media and into the present where the line between the material culture of childhood and adulthood is increasingly blurred *Dolls' Houses* Olivia Bristol, Leslie

Geddes-Brown, 1997 Examines European and American dolls houses from the 17th century to the present placing these houses in their social context and examining domestic life in miniature **Miscellaneous Tariff Bills** United States.

Congress. Senate. Committee on Finance. Subcommittee on International Trade, 1981 *Dolls in Miniature* Evelyn

Ackerman, 1991 *Material Culture in Miniature* James E. Bryan, 2003 **Murder in Miniature** Agnes Norman, Detective Sophie Lane is not your typical detective She's sharp observant and possesses a keen eye for detail a skill honed not only by

years on the force but also by a lifelong fascination with art and design When a renowned miniature artist is found murdered within her own creation a breathtakingly detailed dollhouse Sophie finds herself immersed in a world of intricate artistry and cutthroat competition The miniature mansion a seemingly innocent work of art becomes the primary crime scene a canvas on which the killer has staged their gruesome masterpiece The investigation takes Sophie into a hidden world of skilled artisans each with their own secrets rivalries and potential motives This isn't simply a case of murder it's a meticulously crafted puzzle box its pieces hidden within the walls of tiny rooms beneath miniature furniture and behind cleverly disguised objects Sophie must learn to navigate this world to see beyond the exquisite detail and uncover the sinister truths that lie beneath the surface The dollhouses themselves become characters in the story silent witnesses that hold the key to unlocking the killer's identity and their complex twisted motivations Prepare to enter a world where the line between art and crime blurs where the smallest detail may hold the biggest clue and where even the most perfect miniature can conceal a dark and deadly secret The journey begins within the walls of a meticulously crafted dollhouse but the destination lies far beyond its tiny intricately designed rooms

Lost Maps of the Caliphs Yossef Rapoport, Emilie Savage-Smith, 2018-12-11 About a millennium ago in Cairo an unknown author completed a large and richly illustrated book In the course of thirty five chapters this book guided the reader on a journey from the outermost cosmos and planets to Earth and its lands islands features and inhabitants This treatise known as The Book of Curiosities was unknown to modern scholars until a remarkable manuscript copy surfaced in 2000 *Lost Maps of the Caliphs* provides the first general overview of The Book of Curiosities and the unique insight it offers into medieval Islamic thought Opening with an account of the remarkable discovery of the manuscript and its purchase by the Bodleian Library the authors use The Book of Curiosities to re-evaluate the development of astrology geography and cartography in the first four centuries of Islam Their account assesses the transmission of Late Antique geography to the Islamic world unearths the logic behind abstract maritime diagrams and considers the palaces and walls that dominate medieval Islamic plans of towns and ports Early astronomical maps and drawings demonstrate the medieval understanding of the structure of the cosmos and illustrate the pervasive assumption that almost any visible celestial event had an effect upon life on Earth *Lost Maps of the Caliphs* also reconsiders the history of global communication networks at the turn of the previous millennium It shows the Fatimid Empire and its capital Cairo as a global maritime power with tentacles spanning from the eastern Mediterranean to the Indus Valley and the East African coast As *Lost Maps of the Caliphs* makes clear not only is The Book of Curiosities one of the greatest achievements of medieval mapmaking it is also a remarkable contribution to the story of Islamic civilization that opens an unexpected window to the medieval Islamic view of the world
