Mound Bayou:

The Jewel of the Delta Floyd Stokes, Sheena Hisiro, 2016-11-15 The Jewel of the Delta is about how two former slaves Isaiah T Montgomery and Benjamin T Green established an all black town in the Deep South of the Mississippi Delta Through hard work and sheer determination they and other brave settlers persevered to build a thriving town The book covers the history of the town from its inception through the 1950 s The author Floyd Stokes was born and raised in Mound Bayou and draws from the rich history passed down from generation to generation **Mound Bayou, Bolivar County, Miss** Mound Bayou Foundation, 1929* *Moun' Bah' Oh* Leah Hatch, 2025-02-02 The Civil Rights Movement was fully charged with immense energy strength and emotion in the 1960 s the powers that were were acting slowly or not acting at all to make all citizens feel happy and comfortable in these United States of America around the nation here and there were those pockets of people trying to make great improvements to America Mound Bayou Mississippi was improving lives since 1887 The creation of the Civil Health Movement and first comprehensive health center was completed in this small town which turned out to be the medical clinical model for thousands of clinics across the USA I was a small child in the 1960 s growing and socializing in the midst of all of the marching meeting singing and protesting This book intertwines the sociopolitical atmosphere with my young life starting at age 3 6 The selected stories are for the purposes of information entertainment and recalling an interesting historical period in Mound Bayou Mississippi in the 1960 s Up from Canaan Tullia Brown Hamilton, 2011 This is an historical account of people and their relationship to two communities It begins in Mound Bayou Mississippi founded by freed slaves after the Civil War and once a proud symbol of black achievement and potential It then journeys northward to St Louis a stopping point for African Americans seeking a better life This enthralling slice of the migration story is told in part through the personal experiences of those who chose to leave one promised land for another Plan of Action for Mound Bayou, Mississippi South Delta Planning and Development District, 1971 **Mound Bayou** Earl S. Lucas, 1969 Undated memo from Mayor Earl S Lucas welcoming visitors to the town of Mound Bayou Mississippi Includes information on the town s history government and economic development **Time's River** Janet Rafferty, Evan Peacock, 2008-07-21 An archaeologically rich region in advance of impending disturbance The Black Towns Norman L. Crockett, 2021-10-08 From Appomattox to World War I blacks continued their quest for a secure position in the American system The problem was how to be both black and American how to find acceptance or even toleration in a society in which the boundaries of normative behavior the values and the very definition of what it meant to be an American were determined and enforced by whites A few black leaders proposed self segregation inside the United States within the protective confines of an all black community as one possible solution The Black town idea reached its peak in the fifty years after the civil War at least sixty Black communities were settled between 1865 and 1915 Norman L Crockett has focused on the formation growth and failure of five such communities The towns and the date of their settlement are Nicodemus Kansas 1879

established at the time of the Black exodus from the South Mound Bayou Mississippi 1897 perhaps the most prominent black town because of its close ties to Booker T Washington and Tuskegee Institute Langston Oklahoma 1891 visualized by one of its promoters as the nucleus for the creation of an all Black state in the West and Clearview 1903 and Boley 1904 in Oklahoma twin communities in the Creek Nation which offer the opportunity observe certain aspects of Indian Black relations in this area The role of Black people in town promotion and settlement has long been a neglected area in western and urban history Crockett looks at patterns of settlement and leadership government politics economics and the problems of isolation versus interaction with the white communities He also describes family life social life and class structure within the Black towns Crockett looks closely at the rhetoric and behavior of Black people inside the limits of their own community isolated from the domination of whites and freed from the daily reinforcement of their subordinate rank in the larger society He finds that long before Black is beautiful entered the American vernacular Black town residents exhibited a strong sense of race pride The reader observes in microcosm Black attitudes about many aspects of American life as Crockett ties the Black town experience to the larger question of race relations at the turn of the century This volume also explains the failure of the Black town dream Crockett cites discrimination lack of capital and the many forces at work in the local regional and national economies He shows how the racial and town building experiment met its demise as the residents of all Black communities became both economically and psychologically trapped This study adds valuable new material to the literature on Black history and makes a significant contribution to American social and urban history community studies and the regional history of Kansas Oklahoma and Mississippi
