Pedagogy Praxis Ulysses:

Pedagogy, Praxis, Ulysses Robert D. Newman, 1996 Ulysses as a touchstone for generating provocative ideas for innovation in teaching **Centuries' Ends, Narrative Means** Interdisciplinary Group for Historical Literary Study, 1996 This pathbreaking work uses the approaching conclusion of the second millennium as a context for discussing questions concerning temporal division and narrative continuity It investigates assumptions about teleology and eschatology while exploring the ways in which temporal division affects the creation and production of cultural texts and reciprocally the ways in which narrative techniques forms and conventions shape explain and justify history Through this exploration the volume examines how temporal thresholds tend simultaneously to reinforce and to disrupt conceptual boundaries The sixteen essays use the significance typically invested in historical junctures marked by a centenary advance to investigate perceived paradigm shifts and the consequent reactions to these implicit and explicit transitions By doing so they also seek to illuminate the relations between narrative and history and to enhance understanding of our present historical moment

Ulysses, Capitalism, and Colonialism M. Keith Booker, 2000-01-30 The work of James Joyce especially Ulysses can be fully understood only when the colonial and postcolonial context of Joyce's Ireland is taken into account Reading Joyce as a postcolonial writer produces valuable new insights into his work though comparisons of Joyce's work with that of African and Caribbean postcolonial writers provides reminders that Joyce regardless of his postcolonial status remains a fundamentally European writer whose perspective differs substantially from that of most other postcolonial writers In addition to exploring Joyce's writings in light of recent developments in postcolonial theory Booker employs a Marxist critical approach to assess the political implications of Joyce's work and examines the influence of Cold War anticommunism on previous readings of Joyce in the West Focusing on Karl Radek's criticisms of Joyce the volume begins with a detailed discussion of the rejection of Joyce's writings by many leftist critics It then examines those aspects of Ulysses that can be taken as a diagnosis and criticism of the social ills brought to Ireland by British capitalism The following chapters explore Joyce's language as part of his critique of capitalism the role of history in his works the failure of Joyce to represent the lower classes of colonial Dublin and the political implications of Joyce's writings *Joycean Cultures, Culturing Joyces* Vincent John Cheng, Kimberly J. Devlin, Margot Norris, 1998 This volume presents a cultural criticism that analyzes the politics art fashion and constructions of the body inscribed and transcribed in the Joycean text The essays illustrate the dynamic interaction of art culture and criticism They simultaneously explore the impact that Joyce's own culture both high and low had on his art while assessing Joyce's reciprocal influence on our own contemporary culture Following the paths of a long and pluralistic tradition of Joyce criticism the new methodologies in this volume create or culture a new Joyce for the nineties **Teaching Literature** T. Agathocleous, A. Dean, 2002-12-16 In Teaching Literature scholars explain how they think about their everyday experience in the classroom using the tools of their ongoing scholarly projects and engaging with current debates in literary studies Until

recently teaching has played second fiddle to literary research as a mode of knowledge in academia leaving new teachers with nowhere to turn for advice about teaching and no forum for discussion of the difficulties and opportunities they face in the classroom

First Pages Giancarlo Maiorino, 2010-11 Titology a term first coined in 1977 by literary critic Harry Levin is the field of literary studies that focuses on the significance of a title in establishing the thematic developments of the pages that follow While the term has been used in the literary community for thirty years this book presents for the first time a thoroughly developed theoretical discussion on the significance of the title as a foundation for scholarly criticism Though Maiorino acknowledges that many titles are superficial and indexical there exists a separate and more complex class of titles that do much more than simply decorate a book's spine To prove this argument Maiorino analyzes a wide range of examples from the modern era through high modernism to postmodernism with writings spanning the globe from Spain and France to Germany and America By examining works such as *Essais* *The Waste Land* *Ulysses* and *Don Quixote* First Pages proves the power of the title to connect the reader to the thematic cultural and literary context of the writing as a whole Much like a facade to a building the title page serves as the frontispiece of literature a sign that offers perspective and demands interpretation

Joyce, Imperialism, and Postcolonialism Leonard Orr, 2008-09-22 On the surface James Joyce's work is largely apolitical Through most of the twentieth century he was the proud embodiment of the rootless intellectual However perspectives on the colonial history of Ireland have proliferated in recent years yielding a subtle and complex conception of the Irish postcolonial experience that has become a major theme in current Joyce scholarship In this volume Leonard Orr brings together a diverse collection of essays situating Joyce in the debates generated by postcolonial theory and discourse Highly original and often provocative these essays bring Joyce powerfully within the ambit of postcolonial studies

Joyce's Critics Joseph Brooker, 2004 Joseph Brooker's synthesis lucidly summarizes more than seventy years of Joyce criticism This is the first broad study of how James Joyce's work was received in the Anglophone world accessibly written for both academic and lay readers Brooker shows how the reading of Joyce's work has moved through different critical paradigms periods and places and how Joyce's writing has given generations of readers a way to discuss the major issues of the modern world

Joycean Unions R. Brandon Kershner, Tekla Mecsnober Tekla Mecsnober, 2013 This exciting new volume presents recent research by internationally recognised Joyce scholars from Europe and North America Entitled *Joycean Unions* Post Millennial Essays from East to West it pays particular attention to contemporary Eastern and Western European perspectives on the immensely influential work of the Irish writer James Joyce 1882-1941 The essays collected in this volume uncover various European sources of inspiration for Joyce's early aesthetic theories for the Sirens Cyclops Circe and Eumaeus episodes of his modernist masterwork *Ulysses* 1922 and for his last tour de force *Finnegans Wake* 1939 They present inspiring new ways of reading Joyce's work re-investigate the fascinating phenomenon of literary error and review aspects of Joyce's varied afterlife in Ireland and Eastern Europe The book will be of interest to scholars students and the general

Beckett, Joyce and the Art of the Negative ,2016-08-01 This collection presents articles that examine Joyce and Beckett's mutual interest in and use of the negative for artistic purposes The essays range from philological to psychoanalytic approaches to the literature and they examine writing from all stages of the authors' careers The essays do not seek a direct comparison of author to author rather they lay out the intellectual and philosophical foundations of their work and are of interest to the beginning student as well as to the specialist

Joyce and the Subject of History Mark A. Wollaeger,Victor Luftig,Robert E. Spoo,1996 Eleven essays that open tantalizing questions about Joyce and history

Narrative Beginnings Brian Richardson,2008-12-01 George Eliot wrote that man cannot do without the make believe of a beginning Beginnings it turns out can be quite unusual complex and deceptive The first major volume to focus on this critical but neglected topic this collection brings together theoretical studies and critical analyses of beginnings in a wide range of narrative works spanning several centuries and genres The international and interdisciplinary scope of these essays representing every major theoretical perspective including feminist cognitive postcolonial postmodern rhetorical ethnic narratological and hypert

Dora Marsden and Early Modernism Bruce Clarke,1996 Arguing that Marsden's contributions have been neglected and misunderstood Dora Marsden and Early Modernism seeks to restore Marsden to her proper status as one of the major influences on modern British and American literature as well as the early literary sensibilities of D H Lawrence Ezra Pound and William Carlos Williams

Julia Kristeva and Literary Theory Megan Becker-Leckrone,2017-09-16 Engaged debate among feminist political and psychoanalytic thinkers has secured Julia Kristeva's status as one of the most formidable figures in twentieth century critical theory Nevertheless her precise relevance to the study of literature the extent to which her theory is specifically a literary theory can be hard for new readers to fathom This approachable volume explores Kristeva's definition of literature her methods for analyzing it and the theoretical ground on which those endeavors are based Megan Becker Leckrone argues that Kristeva's signature concepts such as abjection and intertextuality lose much of their force when readers extract them from the specific complex theoretical context in which Kristeva produces them Early chapters situate her theory in a broader conversation with Roland Barthes Sigmund Freud Jacques Lacan and others around the issues of reading textuality and subjectivity Subsequent chapters look at Kristeva's actual engagements with literary texts specifically her challenging highly performative reading of French novelist Louis Ferdinand Celine in Powers of Horror An Essay on Abjection and her career long preoccupation with James Joyce A final chapter of the book looks at the way contemporary literary critics have marshaled her ideas in re-reading the poetry of William Wordsworth while a helpful glossary identifies Kristeva's most pertinently literary theoretical concepts by way of synopses of the texts in which she presents them

Medbh McGuckian Borbála Faragó,2014-03-27 This book offers a wide ranging analysis of the entire corpus of Medbh McGuckian's published work Its objective is to provide both a readable synthesis of existing criticism in a

fashion which will be generally useful to academics and students and also to offer an original contribution to the field of contemporary Irish literary studies on the basis of new research The book investigates a variety of previously neglected themes in particular McGuckian's exploration of ideas of creativity and performativity in her poetry Over the past two decades McGuckian has been recognized by both her fellow poets and by literary critics as one of the most original daring and important poetic voices in contemporary Ireland Since 1982 she has published fifteen volumes of poetry extraordinary not merely for its sustained quality and linguistic and technical virtuosity but also for its constant evolution and reinvention This book provides an original perspective on her work both thematically and methodologically From a thematic perspective the process of artistic creation is a key preoccupation of McGuckian's poetry which recurs in every volume of her oeuvre but has previously escaped critical attention By adapting and refining theories of singularity and creativity the book allows for a coherent analysis of this central aspect of McGuckian's work Methodologically it differs from previous studies in the scope of its approach Uniquely it pursues its investigation across the entire breadth of the poet's published output and emphasizes the thematic unity of individual volumes in the light of the poet's constant change and development Throughout the book the reading of McGuckian's work concentrates on poems in their entirety an approach which has not figured to any notable degree in the existing secondary literature on the poet not least because of the perceived difficulty of her writing A critical investigation however which respects both the integrity of the individual poems and the internal coherence of her various volumes allows for a far deeper understanding both of the poet's thematic preoccupations and of the evolution of her distinctive poetic voice

Joyce, Bakhtin, and the Literary Tradition M. Keith Booker, 1995 Illuminates James Joyce's relationship to his literary predecessors in new and important ways **Humanities**, 1996 *Humanities* National Endowment for the Humanities, 1995
