The Infernal Return Rodney Farnsworth, 2001-10-30 George Lukas and other leading filmmakers acknowledge their indebtedness to mythographic scholarship on archetypes In his new study author Rodney Farnsworth identifies a pattern of filmmakers' obsessions with archetypal rituals centered on sacrifice and the family in films made between 1977 and 1983 a period of political upheaval on both sides of the Atlantic Combining a strong historical reading of the films in a sociopolitical context and utilizing Queer Theory as a framework for his arguments Farnsworth offers a close examination of key films of the period including works by Stanley Kubrick Robert Altman and Francis Ford Coppola and provides a fascinating and timely glimpse of an important political and cinematic time Marking the end of a more liberal era the late seventies and early eighties witnessed the growth of reactionary conservative movements such as the New Religious Political Right These were the years that gave birth to movies from esoteric art house pictures to blockbusters such as Star Wars that seemed in many cases to be adaptations of primordial mythology subverting liberal to moderate views into reactionary depictions of family life Although filmmakers had turned to these myths to shape their works Farnsworth observes the unstable volatile nature of the archetypes deconstructed their best social intentions into something rich strange and deadly This thought provoking work will be of interest to students of social history as well as film studies

the Storyteller in Contemporary Fiction Areti Dragas,2014-08-31 Focusing on the figure of the storyteller this study breaks new ground in the approach to reading contemporary literature by identifying a growing interest in storytelling For the last thirty years contemporary fiction has been influenced by theoretical discourses textuality and writing Only since the rise of postcolonialism have academic critics been more overtly interested in stories where high theory frameworks are less applicable However as we move through various contemporary contexts engaging with postcolonial identities and hybridity to narratives of disability and evolutionary accounts of group and individual survival a common feature of all is the centrality of story which posits both the idea of survival and the passing on of traditions The Return of the Storyteller in Contemporary Fiction closely examines this preoccupation with story and storytelling through a close reading of six contemporary international novelists that are either about actual storytellers or engage with the figure of the storyteller revealing how death of the author has given birth to the storyteller **Novels** George McDonald,1927 Encyclopedia of Pulp Fiction Writers Lee Server,2014-05-14 Provides an introduction to American pulp fiction during the twentieth century with brief author biographies and lists of their works **In Byron's Shadow** David Ernest Roessel,2002 In Bryon s Shadow draws on a wide range of sources to create a model for literary history that synthesizes literary investigation and cultural studies to develop a fuller understanding of the historical forces influencing the Anglo American conception of modern Greece Jacket In the Shadow of Empire Malcolm Spencer,2008 Spencer then considers Roth s more negative reaction showing the post imperial novel Radetzkymarsch to be a nostalgic response to the collapse of Habsburg Austria and the rise of fascism The final chapter looks again at the end of empire not in the work of writers who lived through it but through that of one who experienced it as a historical and cultural legacy Ingeborg Bachmann BOOK JACKET The Good News of the Return of the King Michael T. Jahosky,2020-09-15 Although many people today reject Christianity for intellectual reasons greater numbers of people are rejecting Christianity because it does not engage their imagination Christians must not only demonstrate that the Christian worldview is true but that it is also good beautiful and relevant The Good News of the Return of the King The Gospel in Middle earth is a book that endeavors to show the truth goodness and beauty of Jesus Christ the gospel and the biblical metanarrative by engaging the imagination through J R R Tolkien s The Lord of the Rings as well as The Hobbit and The Silmarillion In this book I propose that J R R Tolkien s The Lord of the Rings is a story about what Jesus parables are about the good news about the return of the king As a work of imaginative fiction similar to Jesus parables The Lord of the Rings can bypass both intellectual and imaginative objections to the gospel and pull back the veil of familiarity that obscures the gospel for many Migration and Return in Modern African Literature Ernest Cole,2025 Using close readings of nine novels by African or African descended novelists this book examines three phases of African migration departure disillusionment and the impulse to return The experiences of African migrants in the diaspora are deeply inflected by the condition of living as Black bodies in white spaces In this work author Ernest Cole examines closely the narratives of

migration and return presented in nine powerful novels by authors who include Chimamanda Adichie NoViolet Bulawayo Teju Cole and others The novels reveal a reversal of expectations that migrants from Africa experience upon arrival in the West a reversal prompted in part by the racial prejudice they are confronted with as Black individuals As the author notes the novels also illustrate the desire to return to the homeland as a better alternative to the precarious life in the West even though such a move is not without its complications The study is divided into three parts with seven chapters The first two chapters deal with the reasons for the departure of migrants from the continent the next two depict the experiences of migrants in the West and the last three focus on contemplations of the return journey home Collectively the chapters lay out three phases in the migration process departure from home disillusionment in the West and return to the country of origin Within this framework the book uses displacement and dislocation to examine a host of themes social alienation alterity and the precarity of Africans in the diaspora

Return Policy Michael Snyder,2009-05-26 In his second book novelist Michael Snyder introduces us to three very unusual and distinct voices all torn by tragedy Willy Finneran washed up genre novelist with an espresso maker that just won't die and a habit of avoiding conflict even if it means putting the truth on a sliding scale Ozena Webb single mother and Javatek's top customer service representative She spends every evening playing board games with her twelve year old son who is mentally crippled from an early childhood accident Shaq a small and scraggy homeless man with trauma induced blank spots on his memory trying to piece together the story of his life while assisting Father Joe at the Mercy Mission As their stories intersect the narrative vacillates between hope and a vet comic relief and postmodern ennui Startling in its authenticity this unforgettable novel reveals that no matter how far one has strayed from hope there is always a way to return

Lost in the Shadow of the Word Benjamin Paloff, 2016-12-15 2018 AATSEEL Prize for Best Book in Literary Scholarship Scholars of modernism have long addressed how literature painting and music reflected the radical reconceptualization of space and time in the early twentieth century a veritable revolution in both physics and philosophy that has been characterized as precipitating an epistemic trauma around the world In this wide-ranging study Benjamin Paloff contends that writers in Central and Eastern Europe felt this impact quite distinctly from their counterparts in Western Europe For the latter the destabilization of traditional notions of space and time inspired works that saw in it a new kind of freedom However for many Central and Eastern European authors who were writing from within public discourses about how to construct new social realities the need for escape met the realization that there was both nowhere to escape to and no stable delineation of what to escape from In reading the prose and poetry of Czech Polish and Russian writers Paloff imbues the term Kafkaesque with a complexity so far missing from our understanding of this moment in literary history
