Revelation And Theology The Knowledge Of God In Balthasar And Barth:

Revelation and Theology Roland Chia, 1999-01-01 This book examines the theological epistemologies of two of this century's most prominent theologians Hans Urs von Balthasar and Karl Barth Both theologians responded to modernist theologies by drawing from the best of their own traditions Both tried to reinstate theology as a true science which takes its object namely the revelation of God in Jesus Christ seriously They therefore make excellent conversation partners This book closely traces their arguments as they seek to formulate their understanding of theological knowledge and theological science from a christological and trinitarian perspective based on the concrete self disclosure of God in Jesus Christ Contents Part One The Theological Epistemology of Hans Urs von Balthasar A Theological Aesthetics The Unfolding of the Form Perceiving the Form Part Two The Knowledge of God According to Karl Barth The Knowability of God The Revelation of God The Limits and Veracity of Our Knowledge of God Part Three Dialogue Revelation and Theology Karl Barth and Catholic Analogy Balthasar and Catalogical Analogy *Karl Barth and Hans Urs Von Balthasar* Stephen Wigley, 2007-09 Two of the most important theologians of the last century Karl Barth and Hans Urs von Balthasar one a Protestant and the other a Catholic kept a lifelong friendship which also influenced their theological work This book argues that it is von Balthasar's debate with Barth over the analogy of being which is to determine the shape of von Balthasar's subsequent theology **Als in Een Spiegel** Cornelis Van Der Kooi, 2005-01-01 What is meant by knowing God By sounding the work of John Calvin and Karl Barth as mirrors of reflection and experience justice is done to the tension between the premodern and postkantian situation and a stimulus is given for a contemporary position *The Dramatizing of Theology* Matthew S. Farlow, 2017-07-14 Matthew Farlow traces the thoughts of Balthasar and Barth so as to enter into theological truth of God's Being in Act This exploration embarks on a journey into the reality of our Triune God who has engaged his creation so as to elicit fellow actors God seeking out humanity is God with us a truth that not only informs our theological endeavors but invites us into the dramatic performance of reconciliation As Farlow illumines God is an acting God who seeks fellow participants in his ongoing drama of salvation Through the dramatizing of theology the church and her theologians come to realize God's threefold movement revelation invitation and reconciliation It is a unified act that startles humanity and thus theology out of its spectator's seat so as to drag it onto the world's stage As Farlow discusses it is through the dramatizing of theology that we find ourselves best equipped to participate faithfully in the role of a lifetime **Karl Barth's Infralapsarian Theology** Shao Kai Tseng, 2016-02-17 Scholars of Karl Barth's theology have been unanimous in labeling him a supralapsarian largely because Barth identifies himself as such In this groundbreaking and thoroughly researched work Shao Kai Tseng argues that Barth was actually an infralapsarian bringing Barth into conversation with recent studies in Puritan theology *Berkouwer and Catholicism* Eduardo Echeverria, 2013-04-28 Gerrit Cornelis Berkouwer 1903 1996 was a great master of dogmatic and ecumenical theology He was a Reformed Protestant thinker with roots in Dutch neo Calvinism a holder of the Chair in

Dogmatics 1945 1974 at the Free University Amsterdam a position previously held by his two illustrious neo Calvinist predecessors Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 Echeverria provides a much needed in depth analysis and critique of his theology particularly his evolving relationship with Catholicism in light of Vatican II His contention is that Berkouwer's careful and nuanced examination of Catholic theology as well as possible responses to his critiques offers important clues for the contemporary ecumenical project

Getting Real Gary Tyra, 2018-02-08 Some reputable sociological research indicates that a surprising number of evangelical churchgoers are living out a version of the Christian life that's more informed by the values of the surrounding culture than by the discipleship teachings of Jesus and his apostles Viewing the cause of this disturbing trend in the church to be a discipleship deficit that's exacerbated by a pneumatological deficit Gary Tyra has written a book that addresses both In this work Tyra encourages evangelical Christians of all stripes to become more fully aware of the tremendous difference it makes when the Holy Spirit is experienced in ways that are real and existentially impactful rather than merely theoretical conceptual and or ritualistic Intended to be read by church leaders as well as by students in Christian colleges and seminaries the message here is that the cure for the ministry malady currently confronting us is the recovery of a robust fully Trinitarian doctrine of the Spirit A pneumatological realism says Tyra combined with an understanding of just how important a spiritual moral and missional faithfulness is to a genuine Christian discipleship can revitalize the lives of individual Christians and churches making it possible for them to reach their post Christian peers for Christ

Revelation and Trinity Sang-Hwan Lee, 2011-01-31 Revelation and Trinity provides a guide for the serious study of the systematic theologies of John Calvin and Karl Barth The controversial debate between Karl Barth and Emil Brunner drew attention to John Calvin's theology Each one claims his theology is more faithful to Calvin's theology than the other In Revelation and Trinity author Sang Hwan Lee analyzes and interprets the theologies of Calvin's 1559 Institutes and Barth's Church Dogmatics and how they affect Christianity Originally a doctoral thesis Lee's analysis demonstrates their conceptual basis in the revelation of the triune God to which the Bible and the Church attest and he imparts the implications of this basis Revelation and Trinity highlights the relationship that both Calvin and Barth find

between the ontology of the living God in revelation and its noetic and conceptual possibility in faith Revitalizing the discussion on the theologies of Calvin and Barth and their relationship Lee offers a critical assessment of the tenability of the oneness and the threeness of God in their theologies Revelation and Trinity offers old and new insights into their theologies and examines their relationship with a fresh discussion

Theology of Karl Barth Hans Urs Von Balthasar, 2013-05-22

Written in 1951 with a second edition in 1961 this book takes its place within an impressive array of attempts to wrestle with Karl Barth's theology from a Catholic point of view The book adopts the twofold strategy of presenting an exposition of the whole of Barth's thought while doing so for the purpose of a confessional dialogue among theologians Not to be construed as an Introduction to the Theology of Karl Barth Balthasar's effort is to provide a Catholic response which though not official nonetheless seeks to express a common direction and movement within Catholicism The Theology of Karl Barth shows how a rethinking of basic issues in fundamental theology concerning the relation of nature and grace philosophy and theology the analogy of being and the analogy of faith might lead to a rapprochement between the two great rivers of Christianity without compromising the center of gravity of either In the process the book makes a major contribution to renewed understanding of Christianity in a secularized modern world Co published with Communio Books This reflection by one of the century's great Catholic theologians on the theology of one of the century's great Protestant theologians is an example of ecumenical dialogue at its best One finds here a sympathetic and at the same time faithfully Catholic discussion of the major issues surrounding Barth's christocentricity The appearance of an unabridged English translation of this book could hardly be more timely for the current religious situation in North America David L Schindler Gagnon Professor of Fundamental Theology John Paul II Institute No one should think he can quickly dispose of questions posed here offhandedly It was precisely because writers were in the habit during the time of the Reformation of theologizing with a hammer that the split in the Church became irreparable And to work at overcoming this split means much effort Only the patient need apply Hans Urs von Balthasar

An Introduction to the Theology of Religions Veli-Matti Kärkkäinen, 2003-10-23 How does Christianity relate to other religions Beginning with a consideration of the biblical perspective Veli Matti Kärkkäinen offers a detailed and comprehensive survey of the diverse explanations proposed by teachers of the church down through the ages This indispensable guide is for anyone seeking to grasp Christianity's relationship to world religions

Hans Urs Von Balthasar and Protestantism Rodney Howsare, 2005-09-15 This book treats Balthasar's engagement with Protestantism primarily in the persons of Martin Luther and Karl Barth a topic which has not yet been given the attention it deserves Furthermore instead of focusing on particular theological issues such as soteriology or ecclesiology the book examines the implications of this engagement for Fundamental Theology At the very root of Luther's confrontation with the Catholic Church of the Late Middle Ages lies his antipathy for Aristotle and for natural theology In other words the Protestant difference has as much to do with its suspicion of the treatment of faith and reason in Catholic thought as it does of the Catholic treatment of faith and works

This is a suspicion that is only exacerbated in Barth's identification of the analogy of being with the Antichrist. Balthasar takes these criticisms very seriously and in addressing them not only has much of relevance to say to the Catholic Protestant differences but also has much to say to the Yale Chicago differences. In short this study treats primarily Balthasar's dialogue with Luther and Barth with the hope that this dialogue will shed light on the impasse that seems to have arisen between the so-called correlation and revelocentric schools of contemporary theology. If indeed Christ is the concrete universal then we shouldn't have to decide between the two. Part of this proposal then is to emphasize the fact that Balthasar refuses to separate Fundamental and Dogmatic theology.

The End of Evangelicalism? Discerning a New Faithfulness for Mission
David E. Fitch, 2011-02-04 In *The End of Evangelicalism* David Fitch examines the political presence of evangelicalism as a church in North America. Amidst the negative image of evangelicalism in the national media and its purported decline as a church Fitch asks how evangelicalism's belief and practice has formed it as a political presence in North America. Why are evangelicals perceived as arrogant, exclusivist, duplicitous and dispassionate by the wider culture? Diagnosing its political cultural presence via the ideological theory of Slavoj Žižek Fitch argues that evangelicalism appears to have lost the core of its political Jesus Christ. In so doing its politics has become empty. Its witness has been rendered moot. The way back to a vibrant political presence is through the corporate participation in the triune God's ongoing work in the world as founded in the incarnation. Herein lies the way towards an evangelical missional political theology. Fitch ends his study by examining the possibilities for a new faithfulness in the current day emerging and missional church movements springing forth from evangelicalism in North America.

The Authority and Interpretation of the Bible Jack Rogers, Donald K. McKim, 1999-02-05 This book is a detailed and comprehensive study of attitudes toward biblical authority and interpretation held from the beginnings of the Christian era to the present day. In clear and readable fashion the authors examine the writings of early church fathers, the medieval exegetes and the leaders of the Protestant Reformation to locate the source of and refute the position of inerrancy.

The Art of Theology Stephan van Erp, 2004 Art and theology are two different ways of making meaning. Art is a matter of inspiration and intuition. It needs neither standards nor guidelines. It does not follow predictable patterns nor is it determined by any specific goal. Theology is similar in that it generates meaning in order to understand and communicate faith. It explores the continuities and discontinuities between divine and human creations through metaphors, images and the play of ideas. Unlike art however theology is primarily a matter of reason. It follows patterns of consistency and coherence and is shaped by the will to clarify and explain. Can art offer a way of understanding the nature of theology despite these differences? The twentieth-century Swiss theologian Hans Urs von Balthasar (1905-1988) wrote a seven-volume masterpiece on theological aesthetics. He restructured theology around basic aesthetic concepts like form and beauty. The present study offers a critical analysis of Balthasar's work against the background of contemporary debates on theological foundations. The author approaches this task through a careful rereading of two of Balthasar's key

sources Nicholas of Cusa and Friedrich Wilhelm Joseph Schelling In this way the author rediscovers hidden undercurrents in modernity from Renaissance aesthetics to German Idealism The result is a theological aesthetics rooted in tradition and capable of understanding and communicating faith in the face of present day challenges **Karl Barth's Dialogue with Catholicism in Göttingen and Münster** Amy Marga,2010 Amy Marga studies Karl Barth's early encounter with Roman Catholic theology during the 1920s especially seen in his seminal set of dogmatic lectures given in Göttingen and his second set of dogmatic lectures given in Münster and which remain unpublished Her analysis demonstrates his search for a concept of God's objectivity *Gegenständlichkeit* which would not be dependent upon philosophically laden concepts such as the *analogia entis* but which would rather be anchored in God's being alone The author shows that Roman Catholicism especially the thought of Erich Przywara became the key interlocutor that helped Barth bring this clarity to his doctrine of revelation and the triune God **Wrestling with Doubt** Frank D. Rees,2001 Rees provides a theological analysis of doubts as a constructive element within the Christian experience of faith He considers three theological frameworks each of which offers an interpretation of doubt and two life story theologies that deal with faith and doubt **The Apologetic Value of Human Holiness** Victoria S. Harrison,2012-12-06 The Apologetic Value of Human Holiness begins by providing the first comprehensive account of the model of human holiness developed by the leading theologian Hans Urs von Balthasar In so doing the book also provides the first detailed explication of his Christocentric philosophical anthropology Part 2 argues that von Balthasar anticipates some key developments in late twentieth century Anglo American analytical philosophy and that certain of these developments in particular the internal realism of Hilary Putnam provide powerful support for von Balthasar's theological philosophy The final part elucidates von Balthasar's core intuition that human holiness is of immense apologetic value for religious faith and concludes with a new internalist theory of religious pluralism The Apologetic Value of Human Holiness will be seen as an important and original contribution to both Philosophy of Religion and Theology and is likely to prove essential reading in upper level undergraduate and postgraduate courses in both subjects *The Word Has Been Abroad* Aidan Nichols,1998 The publication of Hans Urs von Balthasar's seven volume *The Glory of the Lord* established von Balthasar as one of the greatest and most influential Catholic theologians of the twentieth century
