Human Experience and the Triune God Bernhard Nausner, 2008 The overarching aim of this work is to develop a new account of the doctrine of the Trinity The author proposes that such an approach is overdue because contemporary trinitarian theology pays insufficient attention to the fact that theology as linguistic discourse is inescapably embedded in human experience Hence the critical analysis of existing trinitarian constructions Gunton LaCugna Moltmann is impressively sharp In response Nausner develops an interstitial methodology working between experience and revelation refusing both revelational and experiential positivisms In dialogue with contemporary novels the human sciences Frankl Weizsäcker philosophy Levinas and biblical narratives he offers an imaginative original and contemporary way of conceiving the doctrine of the Trinity in relation to human life

Christian Hope among Rivals Michael W. Zeigler, 2017-08-29 Hope is a widespread if not a universal human experience For centuries followers of Jesus of Nazareth have ordered their lives around a central hope How is their experience similar to or different from others who live by hope This book seeks an answer in the

idea that living by hope involves living within a peculiar story of the world an incomplete story The stories that shape these hopes are threatened by evil however it may be defined The hopeful struggle as characters caught up in plots that move toward resolution They exercise an as yet unverified hope that evil will not prevail In this regard the hope of Christians is similar to others Yet it is different because they wait for the God of Jesus to transform the world to match the promise he made to Abraham To arrive at this conclusion this book takes a detour through four model life organizing stories Christians and participants in other stories of the world may not agree on the ultimate ground for hope However taking a detour into the hopeful experience of another may help uncover a place where rivals can stand together long enough to talk **Letter and Spirit** Scott Hahn,2005-11-08 The bestselling author of The Lamb s Supper continues his thoughtful exploration of the complex relationship between the Bible and the Catholic liturgy in a revelatory work that will appeal to all readers Scott Hahn has inspired millions of readers with his perceptive and unique view of Catholic theology and worship becoming one of the most looked to contemporary authorities in these areas In Letter and Spirit Hahn extends the message he began in The Lamb s Supper offering far reaching and profound insights into what the Bible teaches us about living the spiritual life For both Christians and Jews the texts of the Bible are not simply records of historical events They are intended through public recitations in churches and synagogues to bring listeners and readers into the sweeping story of redemption as it unfolds in the Bible Focusing on the Catholic Mass Hahn describes how God s Word is meant to open our eyes to the life giving power of the sacraments and how the liturgy brings about the actualization of the saving truths of Scripture Letter and Spirit is a stunningly original contribution to the field of biblical studies and will help Hahn s many loyal and enthusiastic readers understand the relationship between the Bible and the Mass in a deeper way **God and Difference** Linn Marie Tonstad,2015-10-05 God and Difference interlaces Christian theology with queer and feminist theory for both critical and constructive ends Linn Marie Tonstad uses queer theory to show certain failures of Christian thinking about God gender and sexuality She employs queer theory to dissect trinitarian discourse and the resonances found in contemporary Christian thought between sexual difference and difference within the trinity Tonstad critiques a broad swath of prominent Christian theologians who either use queer theory in their work or affirm the validity of same sex relationships arguing that their work inadvertently promotes gendered hierarchy This volume contributes to central debates in Christianity over divine and human personhood gendered relationality and the trinity and provides original accounts of God sexual difference and Christian community that are both theologically rich and thoroughly queer **Performing Habakkuk** Jeanette Mathews,2012-06-01 Scripture like any performance aims for transformation of its audience In this new study Jeanette Mathews demonstrates how literature from the diverse field of performance studies can be applied to the prophetic book of Habakkuk in order to draw out themes and features that are common to both Mathews offers a fresh new translation of Habakkuk that emphasizes and celebrates its intrinsic dramatic features This translation provides the script for the performance of Habakkuk The

attitudes and actions of the actors in the performance become models for their audience such that the audience members are drawn into the performance and do not remain impartial spectators The context of crisis that forms the book's setting is of crucial importance ensuring that genres such as complaint and lament are taken seriously as expressions of faith in the midst of traumatic experience The open ended script makes explicit the drama of faithfulness in the midst of cultural trauma and public crises a faithfulness that is ready to be reenacted in our own settings
