 Edwin L. Woolsey,2014-04-16 To the very end of Christ's ministry there was a constant human need to know Him Having

already been warned about a plot to kill Jesus a group of Christ's friends privately asked a troubling question concerning future events What shall be the sign of thy coming and of the end of the world Matt 24:3 Circumstances were rapidly spiraling out of control and the disciples longed to understand what would happen next In the last 2000 years the same basic need for awareness has only intensified Complex global developments seem almost beyond our ability to address Akin to St Paul's analogy of labor pains at birth each new world crisis appears to occur faster and with greater severity than the one before 1 Thes 5:3 Today people are genuinely hungry for the reality of intimately discovering who Jesus actually is Like the early disciples we have the same nagging desire to know Haven't you felt this need in your own life For that reason the Revelation of Jesus Christ was divinely inspired and written by Apostle John Spanning the entire circuit of Creation the Apocalypse addresses the timeless question What shall be the sign of thy coming and of the end of the world Unlike any other book in the Bible only the Revelation promises a special blessing to those individuals who explore its amazing prophetic secrets Rev 1:3 However without the necessary key to open human understanding John's prophecies have remained closed Until now THE REVEALING is that KEY for unlocking the intricate mysteries of the Revelation of Jesus Christ in order for you to know The Sign of Christ's Coming and the End of the World *Believing in a Revealing God* Gabriel Moran, 2016-12-09 What is faith Is it a thing one has or a human activity What is revelation Is it a deposit of truths in the past or God's action in the present These questions are addressed by renowned religious educator Gabriel Moran who draws upon biblical and theological traditions set within today's interreligious dialogue A church of moral and liturgical activity in relation to a revealing God is the needed response to both a dismissal of religion and apocalyptic violence in its name The future role of Christianity in the world and in individual lives may well hang in the balance The Christian ideas of faith and revelation will either be the chief obstacle to dialogue with the contemporary world or else the main foundation to a Christian spiritual life that can give substance and direction to religious searching Gabriel Moran is a professor in the Department of Humanities and the Social Sciences at New York University He is widely credited with reshaping the field of religious education in the United States and beyond Moran is author of twenty books on religion and education including *Religious Education as a Second Language* *Both Sides* *The Story of Revelation* and most recently *Speaking of Teaching Lessons from History* *The Rapture Exposed* Barbara R. Rossing, 2005-07-06 The author a professor of theology and ordained minister argues that Revelation does not predict a seven year tribulation nor a rapture of Christians Rather it offers a vision of God's healing love for the world **The Theology of the Book of Revelation** Richard Bauckham, 1993-03-04 The Book of Revelation is a work of profound theology But its literary form makes it impenetrable to many modern readers and open to all kinds of misinterpretations Richard Bauckham explains how the book's imagery conveyed meaning in its original context and how the book's theology is inseparable from its literary structure and composition Revelation is seen to offer not an esoteric and encoded forecast of historical events but rather a theocentric vision of the coming of God's universal kingdom contextualised

in the late first century world dominated by Roman power and ideology It calls on Christians to confront the political idolatries of the time and to participate in God s purpose of gathering all the nations into his kingdom Once Revelation is properly grounded in its original context it is seen to transcend that context and speak to the contemporary church This study concludes by highlighting Revelation s continuing relevance for today War and Religion Jeffrey M. Shaw Ph.D., Timothy J. Demy, 2017-03-27 This three volume reference provides a complete guide for readers investigating the crucial interplay between war and religion from ancient times until today enabling a deeper understanding of the role of religious wars across cultures Containing some 500 entries covering the interaction between war and religion from ancient times the three volume War and Religion An Encyclopedia of Faith and Conflict provides students with an invaluable reference source for examining two of the most important phenomena impacting society today This all inclusive reference work will serve readers researching specific religious traditions historical eras wars battles or influential individuals across all time periods The A Z entries document ancient events and movements such as the First Crusade that began at the end of the 10th century as well as modern day developments like ISIS and Al Qaeda Subtopics throughout the encyclopedia include religious and military leaders or other key people ideas and weapons and comprehensive examinations of each of the major religious traditions views on war and violence are presented The work also includes dozens of primary source documents each introduced by a headnote that enable readers to go directly to the source of information and better grasp its historical significance The in depth content of this set benefits high school and college students as well as scholars and general readers The Hebrew Christian Alliance Quarterly ,1925
