# Revolution In Central Europe 1918 1919

**Sean Dobson**

## **Revolution In Central Europe 1918 1919:**

**Revolution in Central Europe, 1918-1919** Francis Ludwig Carsten, 1972      **Revolution in Central Europe 1918 - 1919** Francis L. Carsten, 1988      Civil War in Central Europe, 1918-1921 Jochen Böhrer, 2018-11-01 The First World War did not end in Central Europe in November 1918 The armistices marked the creation of the Second Polish Republic and the first shot of the Central European Civil War which raged from 1918 to 1921 The fallen German Russian and Austrian Empires left in their wake lands with peoples of mixed nationalities and ethnicities These lands soon became battle grounds and the ethno political violence that ensued forced those living within them to decide on their national identity Civil War in Central Europe seeks to challenge previous notions that such conflicts which occurred between the First and Second World Wars were isolated incidents and argues that they should be considered as part of a European war a war which transformed Poland into a nation      Revolution and Political Violence in Central Europe Eliza Ablovatski, 2021-07 Examines how narratives of the

1919 Central European revolutions promoted a violent counterrevolutionary culture in interwar Germany and Hungary      Everyday Violence in the Irish Civil War Gemma Mary Clark, 2014-04-21 This book provides an innovative study of the violence experienced by non combatants during the Irish Civil War of 1922 3 The author surveys the function and frequency of violent acts ranging from arson intimidation and animal maiming to assault murder and sexual abuse that transpired amongst civilians and revolutionaries throughout the period of conflict      The German Communists and the Rise of Nazism C. Fischer, 1991-04-03 In this radically revisionist work Conan Fischer investigates how the public brawling between Communists and Nazis during the Weimar Era masked a more subtle and complex relationship It examines the way in which the National Socialists growth across traditional class and regional barriers came to threaten the Communists on their home ground and forced them to adopt increasingly precarious compromising strategies to confront this challenge Encouraged by Moscow they ascribed a qualified legitimacy to grass roots Nazism which justified fraternisation with Hitler s ordinary supporters      **Ernst Toller and German Society** Robert Ellis, 2013-10-10 During the years of Weimar and the Third Reich Toller was one of the more active of the other Germany s left wing intellectuals A leader of the Bavarian Soviet of 1919 he had in addition won the Kleist prize and was recognized as one of Germany s best playwrights Indeed during the years of the Weimar Republic the popularity of his works was unquestioned His first play Die Wandlung was soon sold out and required a second edition his dramatic works and poems were translated into twenty seven languages During the 1920 s it was said that he dominated the German and Russian theatre and that he was the most spectacular personality in modern German literature It was common for contemporaries to classify him as one of the foremost German writers of the Weimar era During the 1930s as an exile he popularized to foreign audiences the idea of the other Germany and became a leading spokesman against Hitler However it is Toller the social critic rather than Toller the dramatist with which this book is concerned his ideas his visions for Germany and Europe as transmitted in his works of fiction and prose The book reflects on the responsibility an

intellectual critic has when writing about a democratic society the Weimar Republic that is unsuccessfully balancing between survival and annihilation Toller was furthermore a Jewish intellectual How did his religious traditions shape his views He was also German and this raises a whole host of specifically Germanic patterns of looking at the world He was also a left wing intellectual and Toller is set in the broader context of left wing intellectuals in Weimar and the Nazi era A related reflection is to ask so what What difference did it make How much of an influence do intellectuals have in the development of society What is the relationship between intellectuals and their readers in a troubled society *Authority and Upheaval in Leipzig, 1910-1920* Sean Dobson, 2001-04-18 In the fall of 1918 after it had become clear that the Great War was lost revolution broke out in Germany In the area around Leipzig workers supported the revolution with unusual determination in many cases seeking to socialize their companies on their own authority In the first book to devote serious scholarly attention to Leipzig s turbulent transition from authoritarian monarchy to democratic republic Sean Dobson offers a cogent history of political change in what was one of Germany s most industrialized and politically radical districts During most of the post WWII period only Leninist historians following the strict ideological guidelines dictated by the Socialist Unity Party of the German Democratic Republic were permitted access to the relevant archives With the fall of the Berlin Wall Dobson gained unprecedented access to those archives His study tells the real story of what happened in one of the revolution s storm centers and enriches the larger theoretical discussion of class and identity formation Because the turmoil in and around Leipzig is incomprehensible without an understanding of the region before 1914 Dobson details the antecedents of the revolution In the process he challenges common historiographical assumptions about prewar and wartime Germany

*Society and Politics in Wilhelmine Germany (Routledge Revivals)* Richard J. Evans, 2015-06-03 In the search for the causes of the First World War and the origins of Hitler s Third Reich the attention of historians has turned increasingly towards the development of German society under Kaiser Wilhelm II These ten essays first published in 1978 introduced interpretations of Wilhelmine Germany to an English speaking audience and contributed towards the discussion of these interpretations that were taking place amongst German historians This book is ideal for student of history particularly German history

**Dreamland** Howard M. Sachar, 2007-12-18 By the end of World War I in November 1918 Europe s old authoritarian empires had fallen and new and seemingly democratic governments were rising from the debris As successor states found their place on the map many hoped that a more liberal Europe would emerge But this post war idealism all too quickly collapsed under the political and economic pressures of the 1920s and 30s Howard M Sachar chronicles this visionary and tempestuous era by examining the fortunes of Europe s Jewish minority a group whose precarious status made them particularly sensitive to changes in the social order Writing with characteristic lucidity and verve Sachar spotlights an array of charismatic leaders from Hungarian Communist Bela Kun to Germany s Rosa Luxemburg France s Socialist Prime Minister Leon Blum and Austria s Sigmund Freud whose collective experience foretold significant democratic failures long

before the Nazi rise to power In the richness of its human tapestry and the acuity of its social insights Dreamland masterfully expands our understanding of a watershed era in modern history **Hindenburg** Anna von der Goltz,2009-09-10

Hindenburg reveals how a previously little known general whose career to normal retirement age had provided no real foretaste of his heroic status became a national icon and living myth in Germany after the First World War capturing the imagination of millions In a period characterized by rupture and fragmentation the legend surrounding Paul von Hindenburg brought together a broad coalition of Germans and became one of the most potent forces in Weimar politics Charting the origins of the myth from Hindenburg s decisive victory at the Battle of Tannenberg in 1914 to his death in Nazi Germany and beyond Anna von der Goltz explains why the presence of Hindenburg s name on the ballot mesmerized an overwhelming number of voters in the presidential elections of 1925 His myth an ever evolving phenomenon increasingly transcended the dividing lines of interwar politics which helped him secure re election by left wing and moderate voters Indeed the only two times in German history that the people could elect their head of state directly and secretly they chose this national icon Hindenburg even managed to defeat Adolf Hitler in 1932 making him the Nazi leader s final arbiter it was he who made the final and fateful decision to appoint Hitler as Chancellor in January 1933 **Interwar East Central Europe, 1918-1941**

Sabrina Ramet,2020-05-07 This monograph focuses on the challenges that interwar regimes faced and how they coped with them in the aftermath of World War One focusing especially on the failure to establish and stabilize democratic regimes as well as on the fate of ethnic and religious minorities Topics explored include the political systems and how they changed during the two decades under review land reform Church state relations and culture Countries studied include Poland Czechoslovakia Hungary Yugoslavia Romania Bulgaria and Albania Sabrina Ramet has assembled a team of highly respectable country specialists to offer a fresh and historiographically updated reading of interwar developments in East Central Europe The volume is bookended by two excellent comparative and theoretically informed essays carefully weighing the multiplicity of factors contributing to the instability of the interwar regimes As a result this survey succeeds admirably in producing a nuanced narrative and analysis Maria Todorova University of Illinois at Urbana Champaign USA Sabrina Ramet together with a roster of other eminent scholars has produced an exciting new history of interwar East Central Europe The volume has a clear focus on the failure of democracy 1918 to 1941 and on the bedeviling issues of ethnic minorities and of peasants the latter made up an overwhelming majority of much of the region s population The book will be of great interest to political scientists and historians of East Central Europe and of Europe more generally and it is perfect for classroom use Irina Livezeanu University of Pittsburgh USA **Making Security Social** Greg Eghigian,2000-06-29 Traces the

preoccupation of the modern state with the risks and insecurities generated by industrial society *Imagining a Greater Germany* Erin R. Hochman,2016-10-04 In *Imagining a Greater Germany* Erin R Hochman offers a fresh approach to the questions of state and nation building in interwar Central Europe Ever since Hitler annexed his native Austria to Germany in

1938 the term Anschluss has been linked to Nazi expansionism The legacy of Nazism has cast a long shadow not only over the idea of the union of German speaking lands but also over German nationalism in general Due to the horrors unleashed by the Third Reich German nationalism has seemed virulently exclusionary and Anschluss inherently antidemocratic However as Hochman makes clear nationalism and the desire to redraw Germany's boundaries were not solely the prerogatives of the political right Focusing on the supporters of the embattled Weimar and First Austrian Republics she argues that support for an Anschluss and belief in the *gro deutsch* idea the historical notion that Germany should include Austria were central to republicans persistent attempts to legitimize democracy With appeals to a *gro deutsch* tradition republicans fiercely contested their opponents claims that democracy and Germany socialism and nationalism Jew and German were mutually exclusive categories They aimed at nothing less than creating their own form of nationalism one that stood in direct opposition to the destructive visions of the political right By challenging the oft cited distinction between good civic and bad ethnic nationalisms and drawing attention to the energetic efforts of republicans to create a cross border partnership to defend democracy Hochman emphasizes that the triumph of Nazi ideas about nationalism and politics was far from inevitable

*Iron and Blood* Peter H. Wilson, 2023-02-14 Peter Wilson looks to 500 years of history to contest rigid assumptions about German militarism Historically German speaking states have had complex that is typical politics surrounding militarization strategy and civilian control The belief in German military genius arose only in 1871 and was soon dashed by the two world wars

**Stalin** Stephen Kotkin, 2015-10-13 In his biography of Stalin Kotkin rejects the inherited wisdom about Stalin's psychological makeup showing us instead how Stalin's near paranoia was fundamentally political and closely tracks the Bolshevik revolution's structural paranoia the predicament of a Communist regime in an overwhelmingly capitalist world surrounded and penetrated by enemies At the same time Kotkin posits the impossibility of understanding Stalin's momentous decisions outside of the context of the history of imperial Russia

*The Coming of the Third Reich* Richard J. Evans, 2004 A history of Adolf Hitler's rise to power and the collapse of democracy in Nazi Germany explains why Nazism's ideology of hatred flourished in a country embittered by military defeat and economic disaster following World War I

**Friedrich Ebert** Harry Harmer, 2009-02-01 On 9 November 1918 Ebert became Imperial Chancellor as revolution broke out in Berlin He opposed the radical left declaring Without democracy there is no freedom Violence no matter who is using it is always reactionary but he compromised Weimar democracy by his dependence on the army command and his use of the paramilitary Freikorps against the left Ebert headed a joint SPD USPD government until elections were held to a National Constituent Assembly in January 1919 Ebert became president of the new Weimar Republic Germany's first democratically elected head of state and retained office in a turbulent period in German politics There were arguments among the Allies over how Germany should be treated as France Britain and the United States prioritised different objectives In May 1919 the terms of the Treaty on reparations war guilt clause loss of territories in Europe and colonies limitations on armed forces were

presented to German representatives precipitating opposition in government and the Armed Forces and heated discussion in Cabinet He continued as President until 1925 forced to confront the issues that arose from the Treaty and its political and economic consequences After his death came the unravelling of the Treaty and the book examines how much of a part it played in creating the circumstances of the Second World War     *The Weimar Republic* Eberhard Kolb, 2008-03-07 First Published in 1988 Routledge is an imprint of Taylor Francis an informa company     *The Routledge Companion to World History since 1914* Chris Cook, John Stevenson, 2006-01-27 The Routledge Companion to World History since 1914 is an outstanding compendium of facts and figures on World History Fully up to date reliable and clear this volume is the indispensable source of information on a thorough range of topics such as the Arab Israeli conflict anti semitism and the Holocaust all the world s major famines and natural disasters since 1914 whether all countries of the world have a king president prime minister or other governance GNP of the world s major states year by year biographies of key figures civil rights movements the Vietnam War the rise of terrorism globalization Thematically presented the book covers topics relevant from the First World War to the Iraq war of 2003 and from post colonial Africa to conflicts and movements in Southeast Asia With maps chronologies and full bibliography this user friendly reference work is the essential companion for students of history politics and international relations and for all those with an interest in world history
