Second Slump A Marxist Analysis Of Recession In The Seventies:

The Second Slump Ernest Mandel,1980 *The Great Financial Meltdown* Turan Subasat,2016-06-24 The Great Financial Meltdown reviews advocates and critiques the systemic conjunctural and policy based explanations for the 2008 crisis The book expertly examines these explanations to assess their analytical and empirical validity Comprehensive yet accessible chapters written by a collection of prominent authors cover a wide range of political economy approaches to the crisis from Marxian through to Post Keynesian and other heterodox schools *Questions of Poetics* Barrett Watten,2016-07-01 Questions of Poetics is Barrett Watten s major reassessment of the political history social formation and literary genealogy of Language writing A key participant in the emergent bicoastal poetic avant garde as poet editor and publisher Watten has developed over three decades of writing in poetics a sustained account of its theory and practice The present volume represents the core of Watten s critical writing and public lecturing since the millennium taking up the historical origins and continuity of Language writing from its beginnings to the present Each chapter is a theoretical inquiry into an aspect of poetics in an expanded sense from the relation of experimental poetry to cultural logics of liberation and political economy to questions of community and the politics of the avant garde to the cultural contexts where it is produced and intervenes Each serves as a kind of thought experiment that theorizes and assesses the consequences of Language writing in expanded fields of meaning that include history political theory art history and narrative theory While all are grounded in a series of baseline questions of poetics they also polemically address the currently turbulent debates on the politics of the avant garde especially Language writing among emerging communities of poets In manifold ways Watten masterfully demonstrates the aesthetic and political aims of Language writing its influence on emerging literary schools and its present aesthetic critical and political horizons Questions of Poetics will be a major point of reference in continuing debates on poetry and literary history a critical reexamination for already familiar readers and a clearly presented introduction for new ones Rebel Rank and File Aaron Brenner,Cal Winslow,Robert Brenner,2020-05-05 Often considered irredeemably conservative the US working class actually has a rich history of revolt Rebel Rank and File uncovers the hidden story of insurgency from below against employers and union bureaucrats in the late 1960s and 1970s From the mid 1960s to 1981 rank and file workers in the United States engaged in a level of sustained militancy not seen since the Great Depression and World War II Millions participated in one of the largest strike waves in US history There were 5 716 stoppages in 1970 alone involving more than 3 million workers Contract rejections collective insubordination sabotage organized slowdowns and wildcat strikes were the order of the day Workers targeted much of their activity at union leaders forming caucuses to fight for more democratic and combative unions that would forcefully resist the mounting offensive from employers that appeared at the end of the postwar economic boom It was a remarkable era in the history of US class struggle one rich in lessons for today s labor movement **Critical Perspectives on Aging** Meredith Minkler,Carroll Estes,2020-11-25 This

unique volume brings together 20 critical essays on aging within the context of the broad social political and economic factors that help shape and determine the realities of growing old Rather than viewing aging in isolation it explores the social creation of old age dependency and the profound influence of race gender and social class on what it means to grow old It looks too at such topics as the biomedicalization of aging the role of business and the media in changing societal images of the old the fact and fiction behind senior power the multibillion dollar nursing home industry and the role of advanced capitalist nations in creating economic dependency among elders in the Third World Distributional Conflict and Inflation R. Burdekin,P. Burkett,1996-08-28 There has been relatively little work applying the conflict inflation approach in different theoretical and historical settings This book remedies this gap by treating private sector distributional conflicts as well as government budgetary pressures on the money supply and the price level Attention is drawn to the costs of non accommodative policies in a conflict setting and to the additional difficulties of non accommodation likely associated with the use of exchange rate pegging as a disinflation device *The International Political Economy of Investment Bubbles* Paul Sheeran,2017-11-28 Providing a historical appraisal of bubble investments and blending theory with field observations this insightful work will benefit academics researchers and professionals observing the nexus of relationships between speculation states and markets The book presents an analysis of the development and decline of investment bubbles and helps develop the models that inform the risk assessment of bubble behaviour By identifying particular trends and consequences the book presents insight into the operation of speculative activity and its social economic and political repercussions Lust For Life Amy Scholder,Avital Ronell,Carla Harryman,2020-05-05 Kathy Acker was one of the most original subversive and influential writers of the late 20th century Known variously and notoriously as a consummate postmodernist feminist post punk and plagiarist her oeuvreover a dozen novels and novellashas inspired a generation of writers and artists Lust for Life is the definitive collection of essays on Acker s inimitable work including Peter Wollen s elegiac primer widely considered the best introduction to Acker and Avital Ronell s erudite meditation on friendship and mourning Together these essays by scholars and writers reveal Acker s profound and innovative project and the ways in which fiction can penetrate the heart of political and cultural life Completing Humanity Umut Özsu,2023-12-21 Examines the history of the rise and fall of the twentieth century s last major attempt to decolonize international law The European Economy Since 1914 Derek Howard Aldcroft,Steven Morewood,2013 The European Economy Since 1914 provides an invaluable guide to the major economic changes in both Western and Eastern Europe during the twentieth century
