Second Visit To North America

Sir Charles Lyell

Second Visit To North America:

A Second Visit to the United States of North America Sir Charles Lyell, 1850 Rice Gold James Bagwell, 2002-06
Drawing from a wealth of information particularly from primary sources such as diaries letters plantation records etc the author has recreated the story of James Hamilton Couper and his times into an exciting interesting and readable account The work begins with an introductory chapter The Georgia Coast a land of sluggish rivers murkey blackwater swamps and studded with a string of islands is the home of a special breed of people The are as wild reckless exciting beautiful and contradictory as the land itself Bagwell examines the Couper heritage from kings war and intrigue in Scotland to their firm establishment on the Georgia Coast As colonial times move into antebellum the Coupers progress especially with James Hamilton Couper of Hopeton Plantation On his grand tour of Europe many on that continent commented on the abilities and potential of this young man Couper made quite a name for himself in the area of politics plantation management scientific agriculture archaeology and architectural design In the sinking of the Pulaski he was hailed the hero of the occasion The publication of this volume will be a valuable addition to the history and culture of the South especially Georgia and its coast

A Second Visit To The United States Of North America Vol I Charles Lyell, 2023-07-18 This book is an insightful and deeply engaging account of Charles Lyell s second visit to the United States It provides a fascinating view of American life and society during the mid 1800s and helps to illustrate the key cultural and political developments of the time Lyell s writing is engaging and eloquent making this book an informative and enjoyable read This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant This Southern Metropolis Mike Bunn, 2024-10-01 Based on visitor descriptions of antebellum Mobile Alabama s physical and social environment this book captures a place and time that is particular to Gulf Coast history Mobile s foundational era is a period in which the city transformed from a struggling colonial outpost into one of the nation s most significant economic powerhouses largely owing to the cotton trade and the labor of enslaved people On the eve of the Civil War the Mobile ranked as the fourth most populous community in what would soon become the Confederacy and within the Gulf Coast region it stood second only to New Orleans in population wealth and influence In addition to ranking as one of the busiest ports in the United States the city s remarkable architecture beautiful natural setting and abundance of entertainment options combined to make it one of the South s most distinctive communities Its cultural diversity only added to its uniqueness In addition to being home to the largest white population of any community in Alabama the city also claimed the state s largest

free Black foreign born and Creole communities Mobile was the slave trading center of the state until the 1850s as well and remained thoroughly intertwined with the institution of slavery throughout the antebellum period By 1860 Mobile s population stood at nearly thirty thousand people making it the twenty seventh largest city in the United States overall Although numerous histories of Mobile have been published none have focused on the dozens of evocative firsthand accounts published by antebellum era visitors These writings allowed literary minded travelers who were often consciously looking for things that struck them as singular about a place to become proxy tour guides for their contemporary readers In attempting to capture the essence of the city s reality at a specific moment in time Mobile s antebellum visitors have left us a unique record of one of the South s most historic communities

[A Second Visit to North America](#) Charles Lyell, 2025-05-22 In [A Second Visit to North America](#) Volume 1 Charles Lyell recounts his travels and observations in the United States during the mid 19th century This detailed account offers a glimpse into the geological landscape and societal developments of a rapidly changing nation Lyell s keen scientific eye captures the natural wonders and burgeoning infrastructure of America providing valuable insights into its early development This volume documents his travels and experiences presenting a vivid picture of the era Readers interested in American history travel narratives and the history of science will find this work both informative and engaging This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Geology's Significant Sites and their Contributions to Geoheritage R. M. Clary, E.J. Pyle, W.M. Andrews, 2024-07-23 The contributions in this book explore several geologically significant sites and in doing so acknowledge and explore not just the geological exposures themselves but also the people and issues that are fundamentally intertwined with the history of our science and its impact on our society Through selective examples of outcrops and locales integral to the history of geology we explore the evolution of modern geology as well as the geodiversity and geoheritage of our planet While the volume is far from comprehensive the chapters contained herein detail a range for geoheritage value scale of geoheritage sites and potential for geoheritage opportunities that will promote a broader richer understanding of the complexity of the geoheritage of Earth Importantly many chapters offer a cautionary tale of sites almost lost to posterity and submit their take away lessons

for community mobilization towards geoheritage site protection **British Comment on the United States** Ada Nisbet, 2001-06-07 This bibliography of more than three thousand entries often extensively annotated lists books and pamphlets that illuminate evolving British views on the United States during a period of great change on both sides of the Atlantic Subjects addressed in various decades include slavery and abolitionism women s rights the Civil War organized labor economic cultural and social behavior political and religious movements and the American character in general *Finding List of the Chicago Public Library* Chicago Public Library, 1880 **Ambivalent Nation** Hugh Dubrulle, 2018-06-11 In *Ambivalent Nation* Hugh Dubrulle explores how Britons envisioned the American Civil War and how these conceptions influenced their discussions about race politics society military affairs and nationalism Contributing new research that expands upon previous scholarship focused on establishing British public opinion toward the war Dubrulle offers a methodical dissection of the ideological forces that shaped that opinion many of which arose from the complex Anglo American postcolonial relationship Britain s lingering feeling of ownership over its former colony contributed heavily to its discussions of the American Civil War Because Britain continued to have a substantial material interest in the United States its writers maintained a position of superiority and authority in respect to American affairs British commentators tended to see the United States as divided by two distinct civilizations even before the onset of war a Yankee bourgeois democracy and a southern oligarchy supported by slavery They invariably articulated mixed feelings toward both sections and shortly before the Civil War the expression of these feelings was magnified by the sudden emergence of inexpensive newspapers periodicals and books The conflicted nature of British attitudes toward the United States during the antebellum years anticipates the ambivalence with which the British reacted to the American crisis in 1861 Britons used prewar stereotypes of northerners and southerners to help explain the course and significance of the conflict Seen in this fashion the war seemed particularly relevant to a number of questions that occupied British conversations during this period the characteristics and capacities of people of African descent the proper role of democracy in society and politics the future of armed conflict and the composition of a durable nation These questions helped shape Britain s stance toward the war and in turn the war informed British attitudes on these subjects Dubrulle draws from numerous primary sources to explore the rhetoric and beliefs of British public figures during these years including government papers manuscripts from press archives private correspondence and samplings from a variety of dailies weeklies monthlies and quarterlies The first book to examine closely the forces that shaped British public opinion about the Civil War *Ambivalent Nation* contextualizes and expands our understanding of British attitudes during this tumultuous period **Proceedings of the Mississippi Valley Historical Association** Mississippi Valley Historical Association, 1913 Directory of the association to February 9 1924 v 11 pt 1 p 143
